List of Tables

No. of Schools by Type, 2005 – 2008.	5
Average Number of Pupils, Average Number of Teachers at Each School Type, 2008.	5
Primary Enrolments by Class Level and Gender, 2005 – 2008.	6
Junior Secondary Enrolments by Class Level and Gender, 2005 – 2008.	6
Senior Secondary Enrolments by Class Level and Gender, 2005 – 2008.	6
Number of Teachers by School Type and Gender, 2005 – 2008.	9
Gross Enrolment Ratio – Early Childhood Development Programs by Gender, 2006 – 2008.	12
District North Percentage of New Entrants into Primary School who have attended Early Childhood Education Programs, by Gender, 2005 – 2008.	13
District Central Percentage of New Entrants into Primary School who have attended Early Childhood Education Programs, by Gender, 2005 – 2008.	13
District South Percentage of New Entrants into Primary School who have attended Early Childhood Education Programs, by Gender, 2005 – 2008.	13
Linnix District Percentage of New Entrants into Primary School who have attended Early Childhood Education Programs, by Gender, 2005 – 2008.	13
National Average Percentage of New Entrants into Primary School who have attended Early Childhood Education Programs, by Gender, 2005 – 2008.	13
National Average Percentage of New Entrants into Primary School who have attended Early Childhood Education Programs, by Gender, 2005 – 2008.	14
GIR and NIR by Gender, 2005 – 2008.	15
GER and NER for Primary Pupils by Gender, 2005 – 2008.	16
Gender Parity Index for Primary GER and NER, 2005 – 2008.	16
GER and NER for Junior Secondary Students by Gender, 2005 – 2008.	17
Chart of GER and NER for Junior Secondary Students, 2005 – 2008.	17
Gender Parity Index for Junior Secondary GER and NER, 2005 – 2008.	17
Chart of GPI Changes in Junior Secondary GER and NER, 2005 – 2008.	17
GER and NER for Senior Secondary Students by Gender, 2005 – 2008.	17
Chart of GER and NER for Senior Secondary Students, 2005 – 2008.	18
Gender Parity Index for Senior Secondary GER and NER, 2005 – 2008.	18
Expenditure on Primary, Junior Secondary and Senior Secondary Education as Percentage of Gross National Product, 2005 – 2007.	20
Expenditure on Primary, Junior Secondary and Senior Secondary Education as Percentage of Gross National Product per Capita, 2005 – 2007.	20
Expenditure by Education Sector as a Percentage of the Total MOE budget.	22
Percentage of Qualified and Certified Teachers by School Type, 2005 – 2008.	23
Percentage of Qualified Teachers by Gender (all school types) by Gender, 2007 – 2008.	23
Percentage of Certified Teachers by Gender (all school types) by Gender, 2007 – 2008.	23
Pupil Teacher Ratio by School Type, 2005 – 2008.	24
Primary School Repetition Rates by Gender, 2007–>2008.	25
Secondary School Repetition Rates by Gender, 2007–>2008.	25
Trend in Repetition Rates by Class Level, 2006–>2008.	25
Trend in Survival Rates by Gender, 2006–>2008.	26
Trend in Transition Rates to Lower Secondary by Gender, 2006–>2008.	26
Trend in Transition Rates to Upper Secondary by Gender, 2006–>2008.	26
District North Primary School Enrolments by Gender and Island, 2005 – 2008.	27
Makin, 2008 Primary School Enrolments by Level, Age and Gender.	28

Foreword by the Secretary of Education

I would like to start by expressing my gratitude for all Primary Head teachers, Junior Secondary Principals and Senior Secondary Principals for taking the time in providing us with valuable data about their schools.

Special thanks go to Ministry of Finance and Economic Development for providing teacher's payroll data and finance data for Education and to Preschool head teachers in providing data about their preschool through Primary head teachers.

Without these data this Digest would never have been completed. Accurate and timely data provide useful information about the Education system in Kiribati which assists greatly in planning. Information has also been disseminated to a wider audience interested in the development of our Education system.

The 2008 Digest was produced under the KEMIS project funded by AusAID and implemented by UNIQUEST. It includes a report on Education for All indicators within the goals of Early Childhood Education, Access, Gender and Quality. It also includes finance data about Education as well as other details in a time series in response to the demand by our partners in the development of Education in Kiribati.

All the information provided in this Digest and more are available at the Statistics and Project Unit at MOE.

If you need any further details about our Education system do not hesitate to contact MOE on phone number 28091.

Once again I thank everybody for making the publication of data possible and I look forward to your combined cooperation in providing responses to future Annual School Surveys.

Thank you,

Teekoa Ietaake
Secretary of Education
Ministry of Education

Executive Summary

Section One: National Summary Statistics

Section One provides an overview of the education system in Kiribati. It presents statistics for each school type at the national level, as well as national summary statistics about Kiribati students and teachers.

Section Two: Report on the UNESCO Education For All (EFA) Indicators

Kiribati is committed to the UNESCO Education For All (EFA) Framework. Section two provides reports for the current year against EFA indicators within the goals of Early Childhood Education, Access, Gender, and Quality.

Section Three: Primary Schools Report

Section three provides further detail about the Primary Schools of Kiribati and their students, teachers and infrastructure. The information in this section is displayed by District, Island and individual school.

Section Four: Junior Secondary Schools Report

Section four provides further detail about the Junior Secondary Schools of Kiribati and their students, teachers and infrastructure. The information in this section is displayed by District and Island.

Section Five: Senior Secondary Schools Report

Section five provides further detail about the Senior Secondary Schools of Kiribati and their students, teachers and infrastructure. The information in this section is displayed by District and Island.

The MOE Annual School Survey

Each year the Ministry of Education surveys the schools of Kiribati to gather data about the pupils, teachers, facilities, grounds and resources at each school. Additional data is also collected from the National Statistics Office (population data and projections) and the Ministry of Finance (financial and budget figures).

The Ministry of Education is grateful to School Head Teachers for providing school data through survey forms completed each year. These data are used by the Ministry of Education for the purposes of planning and monitoring the effectiveness of education sector development programmes, as well as day-to-day operational management of the education sector.

School survey data once received at MOE is collated and analysed using the Kiribati Education Management Information System (KEMIS). KEMIS is a rich database of information about the schools, students and teachers of the Kiribati education system. If you would like more information about the Kiribati education system, or more detailed information about an aspect of the system, please contact the Secretary of Education's office at the Ministry of Education.

Section One: National Summary Statistics

Our Schools

There are four types of schools operating in the formal education system of Kiribati: Primary Schools (PS), Junior Secondary Schools (JSS), Combined Junior and Senior Secondary Schools (CS), and Senior Secondary Schools (SSS).

Currently formal education commences in Primary schools at Class One, for children aged six years. Primary schooling continues for six years, to Class Six.

Secondary education follows after Primary schooling and continues for three (to Form 3), six (to Form 6), or, for a small number, seven years (to Form 7). The purpose of secondary education is to expand knowledge of subjects already studied at primary school including literature, science, mathematics, social studies, commerce and other subjects essential for physical and intellectual development and to prepare students for specialised skills training. In the Secondary school system, there are 3 categories of schools:

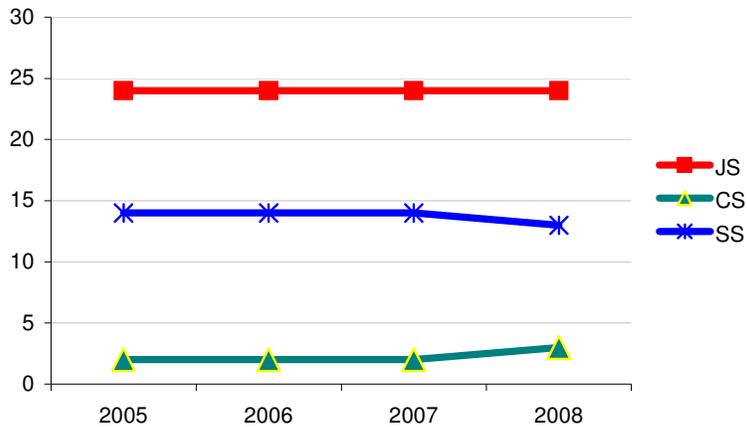

Junior Secondary Schools: This is a continuation of free education from Primary schools and students are promoted automatically into these schools. Each island has its own JSS which is run by the Government. The Universal Junior Secondary Schooling program initially started in 1998 with four schools established on different islands. By 2002 all islands had one JSS and Primary students on each island are absorbed into that school system. JSS starts from Form One and completes at Form Three. At the end of Form Three, students have to sit for exams in order to get places at much higher forms. Since 2002 to date, there are 24 well established JSS in Kiribati.

Senior Secondary Schools: With the increase in number of JSS established, Senior Secondary Schools emerged. As students from Primary were slowly being absorbed into JSS, Secondary Schools which used to have Form One to Six or even Seven slowly started phasing out Form One to Three. This year there are 16 registered Senior Secondary Schools in Kiribati, starting from Form Four to either Form Six or Seven. Three of these are run by Government and twelve are operated by Churches.

Combined Junior/Senior Secondary Schools: These are schools which still have students at lower levels of Secondary as well as higher forms. There are only two schools of such type and both are run by Churches. Despite the fact that they are church owned, their Junior Secondary subjects particularly at Form Three are still controlled by Government as are all the other Junior Secondary School subjects. However, these are still registered as Senior Secondary Schools even though they have aspects of a Junior Secondary School.

Junior Secondary Education

Entry into junior secondary school is automatic, with students admitted to Form 1 after completing their class six of Primary. The official entry age for Form 1 is 12 years. All students enrolled in Form 1 study the same curriculum for the first 3 years of secondary school in preparation to sit the Form 3 Examination.

Our Teachers

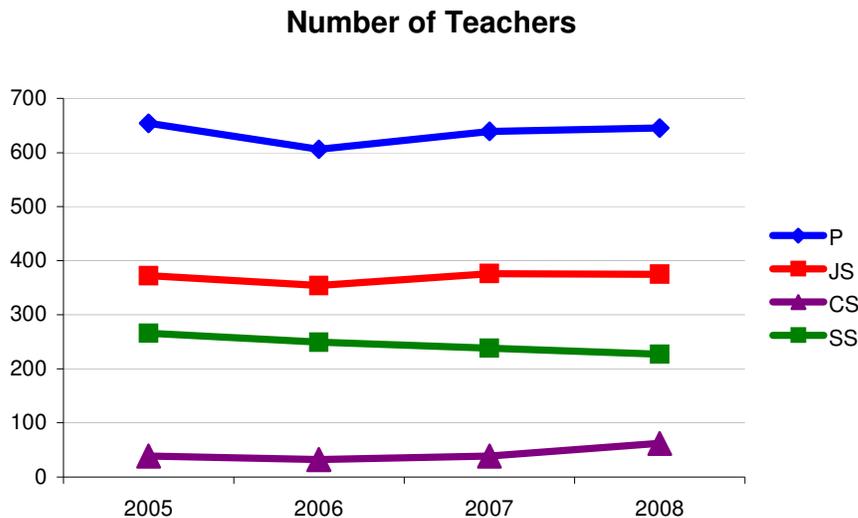

Qualified teachers are those who have attained at least the minimum academic qualifications required by the national authorities for giving classes at schools. In Kiribati this is Form 5 for Primary Teachers and Form 7 for Junior and Senior Secondary Teachers.

Certified teachers are those who have completed at least the minimum required teacher training. In Kiribati this is a two year teaching certificate.

Section 2: Education For All Indicators

EFA 1: Gross Enrolment Ratio – Early Childhood Education.

GPI: Gender Parity Index. The GPI shown in each column is the ratio of the value for females over the value for males. A GPI of 1 indicates equal values for females and males. GPI less than 1 indicates the value for females is less than the value for males.

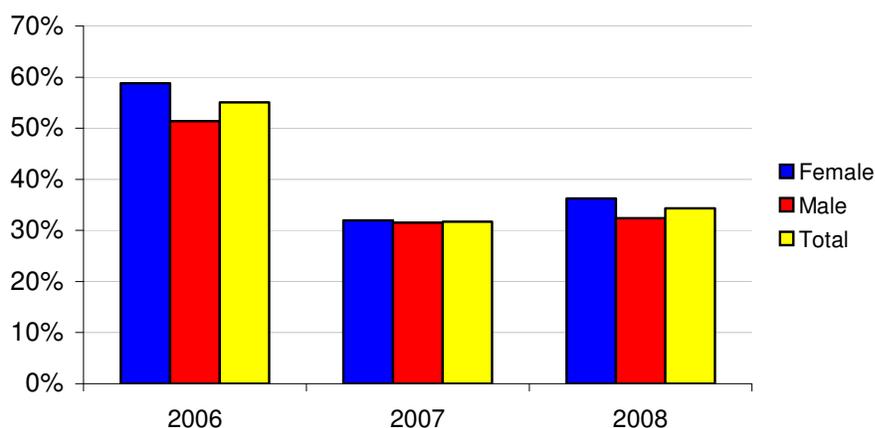

Population data used in this report has been supplied by the National Statistics Office. These are projections derived from the 2005 Census data.

The enrolments in Early Childhood Education are reported by primary schools.

EFA 3: Gross Intake Rate

The Gross Intake Rate (GIR) gives the number of new entrants into class one of Primary school, regardless of age, expressed as a percentage of the total population of official primary school entry-aged children (six year olds). This indicator measures the extent to which I-Kiribati children are accessing Primary school at Class One.

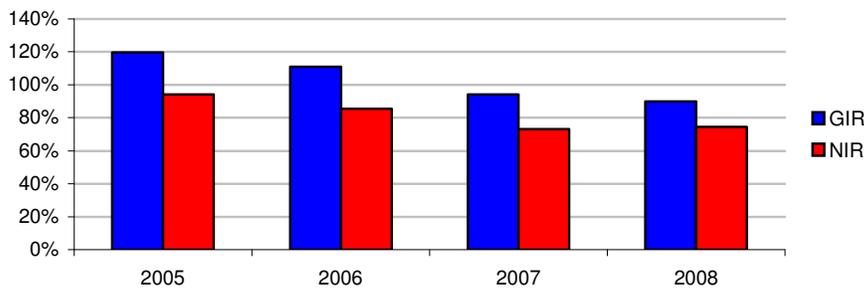

EFA 4: Net Intake Rate

The Net Intake Rate (NIR) shows the number of new entrants into class one primary who are of the official primary school entry age, expressed as a percentage of the total population of official primary school entry-aged children. This indicator measures the percentage of children who start school at the official primary school start age (six years old).

EFA 5: Gross Enrolment Ratio (GER)

Number of pupils enrolled in a given level of education, regardless of age, expressed as a percentage of the population in the relevant official age group (primary: 6–11 year olds; JSS: 12–14 year olds; Senior Secondary: 15 – 18 year olds). This indicator measures the extent to which children are able to access education at various levels of the school system.

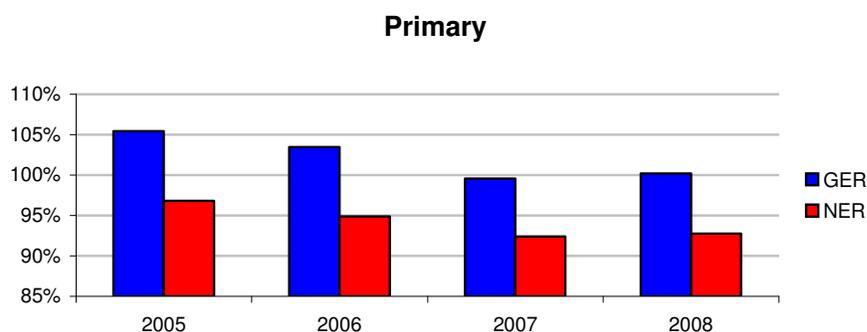

EFA 6: Net Enrolment Ratio (NER)

Number of pupils in the official age group for a given level of education expressed as a percentage of the total population in that age group. This indicator measures the extent to which children are accessing education at the right age at various levels of the school system.

Section 3: Primary Schools

Enrolments

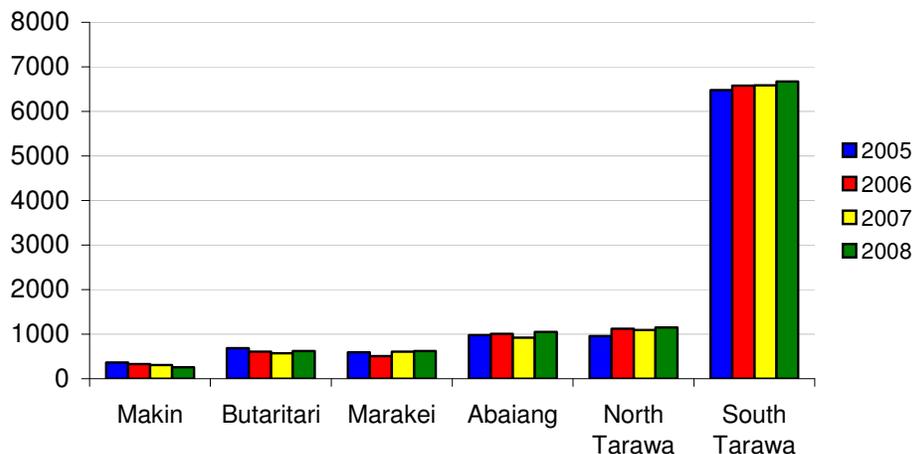

The enrolment data presented in this section was reported to MOE by Primary School Head Teachers through the Annual School Surveys. For schools that did not return a survey in 2008, enrolment data for 2007, or the most recent survey received, is used.

Infrastructure

National Infrastructure Standards (NIS) for Primary Schools were revised and extended in 2006. It should be noted these standards are subject to change and amendment.

Classifying Schools

The Infrastructure Standards distinguish between *Urban* and *Rural* schools, where urban schools are defined as:

Schools with access to piped water, town power and waste disposal services (town sewer, septic pump-out and garbage collection).

For purposes of this analysis, South Tarawa schools are treated as Urban, all others as Rural. The Standards also distinguish between schools based on enrolment; in 2008, these divisions are:

<i>Small</i>	Schools with up to 90 students
<i>Medium</i>	Schools with 91 and up to 180 students
<i>Large</i>	Schools with more than 180 students

Primary School Numbers By Location, 2008.

District	NIS Class		Total
	Urban	Rural	
District Central	~	19	19
District North	11	30	41
District South	~	23	23
Linnix District	~	8	8

	Small	Medium	Large
District Central	8	10	0
District North	11	13	16
District South	10	9	3
Linnix District	2	2	4
Total	31	34	23

NIS 1: School Grounds

1(a) **School Site** – *The space provided for all purposes other than school buildings that is as a play area or school farm and garden, shall equal 2.5 times the total of the space occupied by the school buildings of all kinds.*

1(b) Condition of School Grounds

Waste Disposal – *All schools are to be kept clean and tidy. Rubbish is to be regularly collected and disposed of in an acceptable manner, such as removal from the school site, burning or burial. Data on waste disposal collected in 2007 was minimal and cannot be meaningfully reported upon at this time.*

School Gardens – *All primary schools are encouraged to keep school gardens to support the primary school curriculum and to improve the visual attractiveness of the school grounds.*

Security – *School Sites will be made secure in accordance with the following minimum guidelines: Urban Schools: provide appropriate security fencing to surround the school grounds.*

School Site Size, Garden and Fence Compliance by District, 2008¹

District	Avg Site Size	Site NIS Compliant %	With Farm or garden %	Secure Fence %
District Central	14803	77%	35%	0%
District North	13946	85%	30%	4%
District South	16093	97%	22%	0%
Linnix District	15787	91%	55%	0%
Total	14858	87%	31%	2%

School Site Size, Garden and Fence Compliance by Infrastructure Class, 2008.

NIS Class	Avg Site Size	Site NIS Compliant %	With Farm or garden %	Secure Fence %
Urban	9725	71%	24%	12%
Rural	14766	89%	31%	0%

NIS 2: Classrooms

2(a) Primary School Classroom Entitlement – *The whole school enrolment shall be multiplied by 1.6m² to establish their entitlement. The whole school enrolment shall be divided by 30 (the maximum class size) to establish the classroom numbers required.*

School Classroom Numbers Compliance, 2008.

District	Num Schools	Adequate Classrooms	
		Number	%
District Central	19	18	94.7%
District North	39	29	74.4%
District South	23	23	100.0%
Linnix District	8	4	50.0%
Total	89	74	83.1%

2(b) Classroom Size Limitations – *The maximum size of any primary school classroom shall be 64m². Classrooms may be smaller than 64m² providing that approximately 1.6 m² is provided for the enrolment of any class.*

Primary Schools Average Number of Pupils Per Classroom, Average Space per Pupil in the Classroom and Average Size of Classrooms by District, 2008.

Primary Schools	Average No. of Pupils per Classroom	Average Space Per Pupil in the Classroom (m ²)	Average Size of Classrooms (m ²)
District North	32	2	52
District Central	21	2	47
District South	20	2	48
Linnix District	30	2	47
Total	27.8	1.8	50.1

¹ Site Size compliance has been calculated from the site size reported on the school survey, and the total size of each room reported on the school survey. To the extent that room sizes have not been reported, the total room size may be understated and therefore the number of schools complying with this standard may be overstated.

2(c) Classroom Condition – *All existing primary school classrooms are to be maintained in good condition to provide an optimal and safe learning environment for students and teachers.*

School Classroom Condition, 2008.

District	Num Classrooms	Condition			
		Good	Fair	Poor	(not recorded)
District Central	90	30	23	36	1
District North	312	49	132	102	29
District South	116	13	49	47	7
Linnix District	52	11	29	10	2
Total	570	103	233	195	39

2(d) Security – *Classrooms will be made secure in accordance with the following minimum guidelines: Urban and Rural – All classrooms constructed in permanent materials will have solid lockable doors and security mesh to windows.*

NIS 3: Maneaba

3(a) Medium and Large Schools – *are encouraged to provide a Maneaba in accordance with 3(b) and 3(c). Note that because Small schools are not required to have a Maneaba, they are automatically considered Compliant with the standard whether or not they have a maneaba.*

Schools with Maneaba by District, 2008.

District			Compliant	
	Num Schools	Has Maneaba	Number	%
District Central	19	12	12	63%
District North	41	26	26	63%
District South	23	18	18	78%
Linnix District	8	4	4	50%
Total	91	60	60	66%

Schools with Maneaba by Size, 2008.

NIS Size Group			Compliant	
	Num Schools	Has Maneaba	Number	%
Small	31	19	19	61%
Medium	35	25	25	71%
Large	23	15	15	65%
All Schools	91	60	60	66%

3(b) Maneaba Entitlement – *The whole school enrolment shall be multiplied by 0.75m² to establish their entitlement.*

3(c) Maneaba Size Limitations – *The maximum size of any primary school Maneaba shall be 100m².*

Total	91	-	38	23	4	4.4%	2.6%

NIS 11: Sanitation

11(a) Legal Requirement – *under the NBC it is a legal requirement that all schools are provided with safe and appropriate toilet facilities. The following toilet / person ratios have been deemed appropriate for Kiribati conditions:*

- *1:40 for girls;*
- *1:60 for boys; and*
- *1:25 for teachers in urban schools only (it is assumed that teachers in all other schools will have access to toilets at their quarters).*

² % pupils and % teachers indicates the percentage of total pupil enrolments at schools with adequate pupil furniture, and the percentage of all teachers at schools reporting adequate teacher furniture. In KEMIS furniture is reported classroom by classroom. Schools that have failed to report on the total number of classrooms will therefore under-report the available furniture.

11(b) Appropriate Toilet Facilities – *The installation of toilet facilities is encouraged at all schools in accordance with the following minimum guidelines:*

- *Rural Schools and Urban Schools without access to piped water– are encouraged to provide ventilated pit or composting latrines in the ratios given in 11(a). Appropriate hand washing facilities should be located in close proximity to these toilets.*
- *Urban Schools with access to piped water– should be encouraged to provide flushing or water seal toilets in the ratios given in 11(a). Hand washing facilities should be incorporated with these toilets.*

Teachers

Qualified teachers are those who have attained at least the minimum academic qualifications required by the national authorities for giving classes at schools. In Kiribati this is Form 5 for Primary Teachers and Form 7 for Junior and Senior Secondary Teachers.

Certified teachers are those who are certified to have completed at least the minimum required teacher training. In Kiribati this is a two year teaching certificate.

Annex One: School Survey Performance

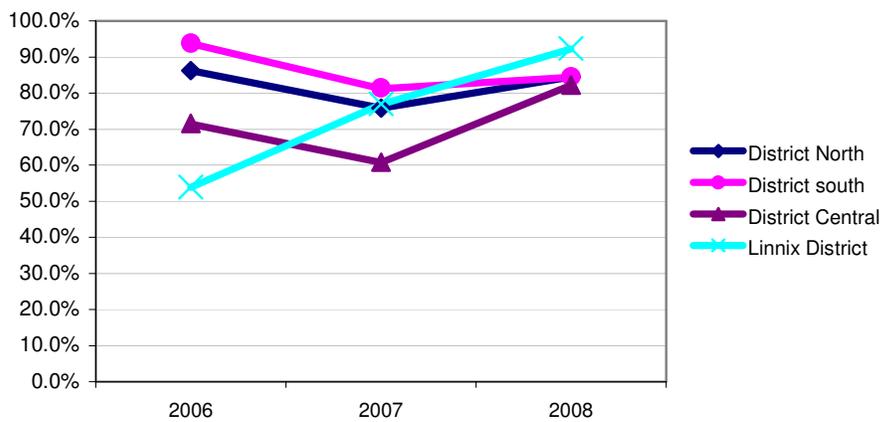

In large part, the data presented in this Digest has been collated from the school survey forms distributed to each school in Kiribati since 2002.

In 2007, the percentage of schools returning surveys declined slightly overall.

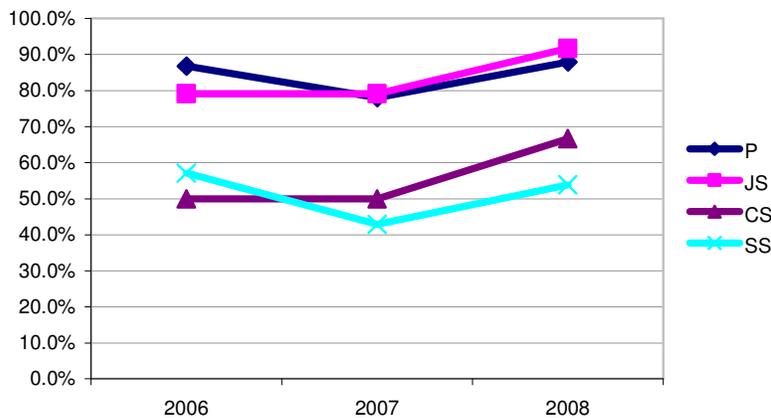

For those schools that did not return their forms in the current survey, data is “estimated” by substituting that supplied on the most recent survey returned.

The levels of survey returns by district, and the subsequent degree to which data has been estimated, are analysed in this annex.

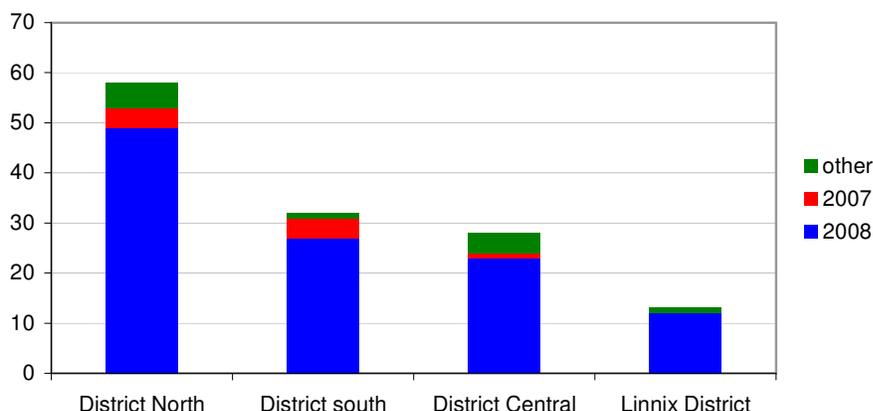

Schools Returning Survey By District, 2006 – 2008

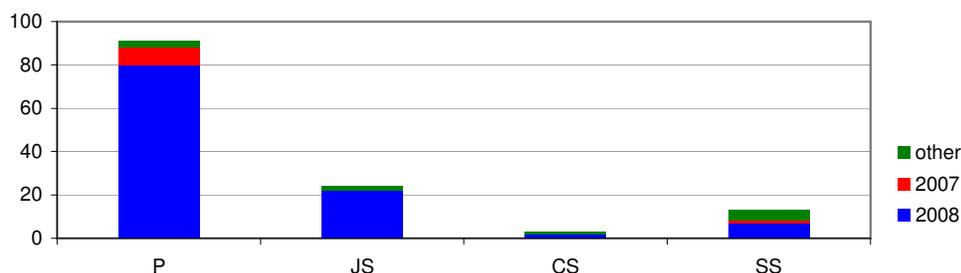

Schools Returning Survey By School Type, 2006 – 2008
