SECRETARY'S MESSAGE

Welcome to Papua New Guinea 2013 annual Education Statistical bulletin once again.

The National Department of Education (NDoE) strives to provide accurate and timely provision of statistics to measure progress in our education system in the country.

The sources of these statistics are the bases for education planning and good decision making for our government. Since 2005, the National Department of Education had introduced a comprehensive National Education Plan (2005-2014). The Plan has been implemented and will end in 2014.

In order to track the progress of this plan, DoE will need credible and reliable data to measure its performance against the major NEP outcomes. Therefore, this book has been produced to detail the progress we have made in 2013. The data we collect will establish the baseline on our current performance and set realistic targets within the resources we have. Therefore, this information should influence the next annual cycle of divisional and provincial planning.

I urge you all to use this book to guide you to develop DOE policies, plans, programs and projects.

Dr Michael Tapo, *EdD*
Secretary for Education

Preface

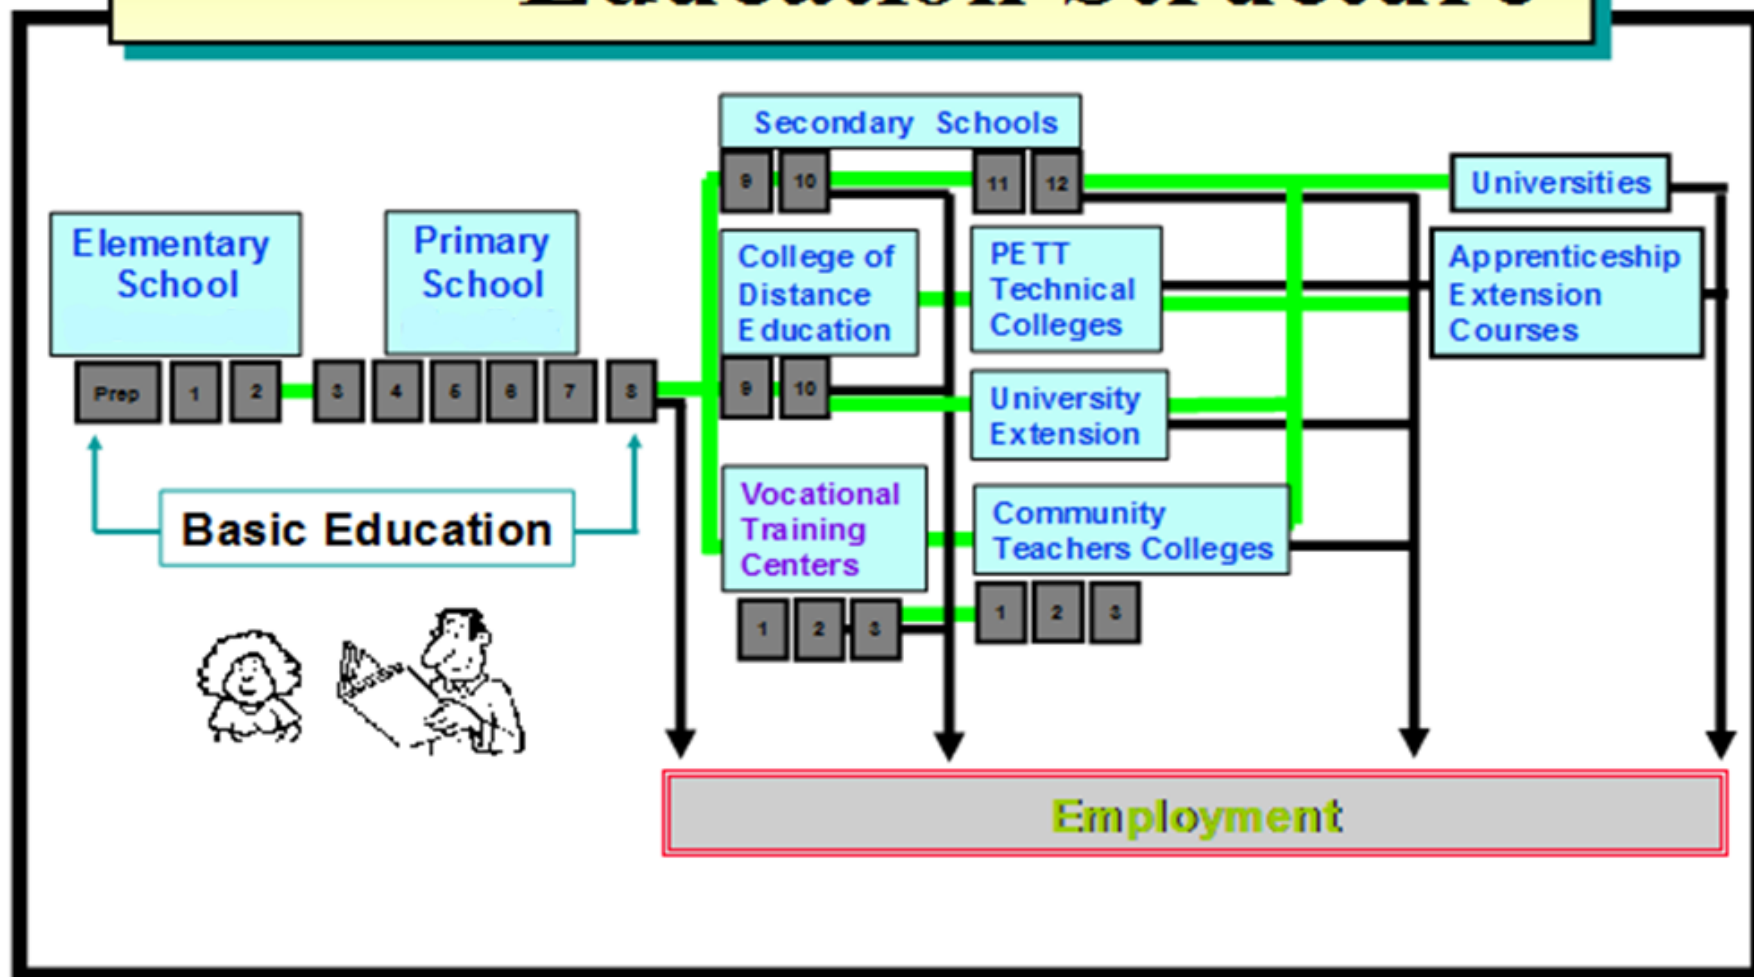

This book is a series of books produced by the Department of Education annually to assist Education Executives, Managers, Planners and Policy Makers in their activities. This book provides the progress DOE has made on the implementation of National Education Plan (NEP).

The aim of this book is to inform the education executives, managers as well as policy makers on the progress DOE is making in the implementation of its programs. The information provided will help DOE decision makers make informed decisions on funding and allocation of resources. The intent is to monitor the progress DOE is making against the set outcomes. The data provided will help DOE learn lessons and take corrective action to improve on the past performance.

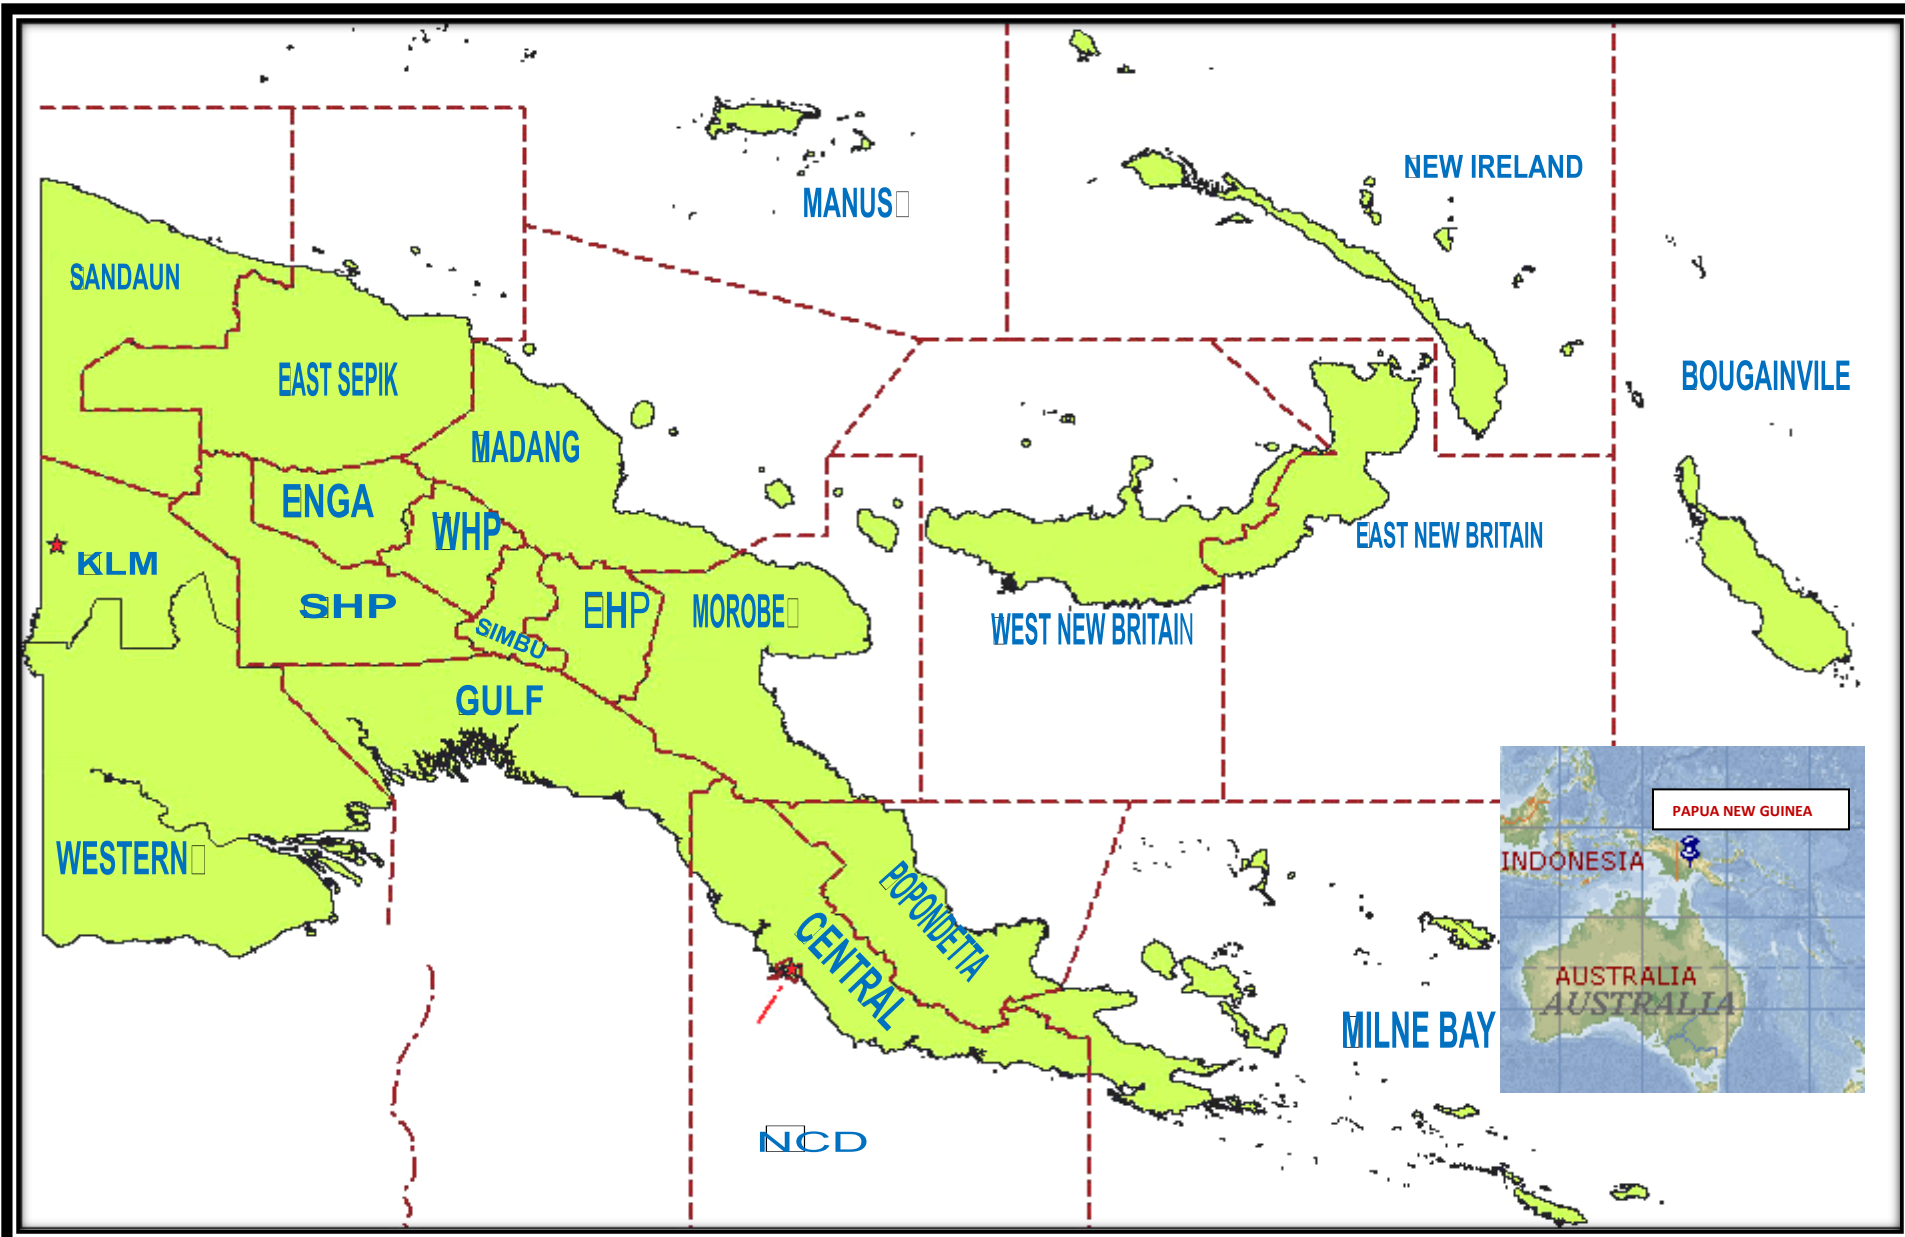

DOE has the responsibility to provide relevant data that measures its performance on the key NEP outcomes. The data provided can help stakeholders and the public to be informed of the progress DOE is making using the allocated funding and resources.

Introductory Notes

1. The information in this volume relates to the data of the National Education System (NES) and the Permitted schools system, which the majority is run by the International Education Agency (IEA).
2. The National Education System cover the State run schools and schools managed by Church agency namely; the Anglican, Catholic, Lutheran, United and Evangelical Alliance. Other agency refers to schools run by smaller church groups like the Lutheran Gut, AOG, Nius and the Kwato church of the United Church etc.
3. The EMIS & Statistics unit collates the enrolment data based on school census forms endorsed by the Provincial Division of Education, schools and colleges through respective Divisions at the National Department of Education. Figures on all IEA schools are obtained directly from their head offices.
4. Often officers of the EMIS & Statistics unit must get in direct contact with schools to collect figures or to verify them.
5. Figure 1 (page 2) shows the structure of the Papua New Guinea System is included to indicate the levels and terminal points.
6. The tables in this bulletin have been rearranged compared to previous years and new tables included to give the user more specific information.
7. The tables are divided into sections dealing with specific education levels.
 - Tables 1 – 4 indicate the enrolment and staffing summary in all Institutions and Agencies. (Pg 13 – 16)
 - Tables 5 – 15 provide the Elementary enrolment and staffing statistics. (Pg 17 – 27)
 - Tables 16 – 29 shows enrolment and staffing summary for the Primary Education. (Pg 28 – 41)
 - Tables 30 – 40 relates to enrolment and staffing in the Secondary Education. (Pg 42 – 51)
 - Tables 41 – 48 show the enrolment and staffing in the Technical Colleges. (Pg 52 – 58)
 - Tables 49 – 54 relates to enrolment and staffing in the Vocational Centers. (Pg 59 – 64)

- Tables 55 – 57 indicate the enrolment and staffing in the Teachers Colleges. (Pg 65 – 67)
- Table 58 – 63 indicate enrolment in FODE centres in the provinces. (Pg 68 – 73)
- Due to non-response from the University Of Goroka (UOG) in time for this publication, data table is blank.

8. All NES and IEA institutions covered here are related to the General Education Sector. The University of Goroka, which is included, because of Department of Education's interest, in the number of secondary teachers trained by the University.
9. The tables here do not include enrolments under the National Training Council institutions, which if included would increase the enrolment.
10. District Statues figures for Kiunga Lake Murray should be part of Western Province in any Provincial data analysis.
11. Collating and compiling accurate educational statistics in Papua New Guinea is yet to be systematized. The major impediments to this exercise are:
 - The timeliness of data collection through the National School Census Forms is now the standardized instruments used by individual institutions for submit information.
 - Figures supplied by schools are the number of students whose names appear in the register which is not necessarily the same as the number attending classes. These figures may be deliberately inflated for reasons beyond the bounds of this booklet. In other cases students may have dropped out, but names could still be in the school register.
 - Institutions failing to submit data to their respective Provincial Division of Education and the National Department of Education has been a significant problem yearly.
 - Data sent in by schools and colleges are sorted out at two or more levels before collation in the current format. In this sorting and shifting process, there are chances of making errors.
12. All figures for institutions of Hela and Jiwaka provinces are included in their former provinces, Southern Highlands and Western Highlands respectively.
13. Analyzed data on this edition can be obtained from

**EMIS & Statistics Unit,
Department of Education,
P.O Box 446, Waigani, National Capital District
