Number and proportion of households
by poverty, food security status and food activity,
by geography, sex, age and urbanization
(Kiribati, Solomon Islands and Vanuatu)

Data description

Title Food security: Number and proportion of households by poverty, food security status and food activity, by geography, sex, age and urbanization (Kiribati, Solomon Islands and Vanuatu)

Description This dataset provides numbers and proportions of households involved in primary activities (crop, livestock, fishing, handicraft), by geography (1 sub-national level), sex, age and urbanization, poverty status (2 categories) and food security status (2 categories) for Kiribati, Solomon Islands and Vanuatu based on Household Income and Expenditure Surveys (HIES). The table has been compiled as a result of a collaborative project on food security between the Pacific Community (SPC) and the Food and Agriculture Organization of the United Nations (FAO).
