Lieutenant Governor

A MESSAGE FROM THE GOVERNOR OF GUAM

Buenas yan Hafa Adai! I am pleased to present to you the “2005 Guam Statistical Yearbook” which highlights Guam’s economic development and progress through a comprehensive collection of social, economic, and demographic information on Guam.

There are many challenges facing our island today. The wake of the 9-11 terrorist attacks, the Asian Economic Crisis, natural disasters and world events have challenged us to implement innovative measures and programs to revitalize Guam’s economic base. Through effective partnerships with leaders in the public and private sector, we have moved forward in building a strong foundation for a better Guam, a stronger economy.

Today, Guam is recognized as a world-class resort destination enjoyed by over a million visitors annually. Record-breaking visitor arrivals coupled with private sector job gains, growing business establishments, and new construction projects are indicators that our island is on the road to economic recovery and stabilization. In addition, the anticipated expansion and relocation of the Marines and their families to Guam will further stimulate Guam’s economic growth and activity.

As our island continues to prosper and the quality of life of our people improves, it is important that we provide our government, business leaders and investors with essential information about our community, who we are, where we have come from, and the course we are taking.

I commend the management and staff of the Bureau of Statistics and Plans, the Government of Guam agencies and numerous others for their contributions and efforts in making this publication possible. A heartfelt “*Dangkulo Na Si Yu’os Ma’ase*” to the hard-working men and women for their time and dedication in providing our community with a wealth of current and historical information about our island and the environment we live in. The statistics presented herein serves as a valuable resource tool for which we and future generations can benefit.

May God Bless Guam and our wonderful island paradise.

Sinseru yan Magåhet,

FELIX P. CAMACHO

I Maga’Låhen Guahan
Governor of Guam

THE HONORABLE
FELIX P. CAMACHO
GOVERNOR OF GUAM

THE HONORABLE
KALEO S. MOYLAN
LIEUTENANT GOVERNOR

Bureau of Statistics and Plans

Bureau of Planning
Government of Guam

ALBERTO A. LAMORENA V
ACTING DIRECTOR

A MESSAGE FROM THE DIRECTOR

Hafa Adai! In our continued commitment to provide the public and our stakeholders with a comprehensive picture of our community and the economy, the Bureau of Statistics and Plans is pleased to present to you the “2005 Guam Statistical Yearbook.” This sourcebook presents a collection of current and historical socio-economic information that portrays Guam’s economic trend and performance over time.

As our economy continues to improve from the benefits of increased tourism arrivals and revenues, improved job opportunities, Guam’s growing military presence, and the anticipated construction growth and infrastructure development, the Guam Statistical Yearbook serves as a useful resource tool in providing valuable information needed to promote economic diversification and prosperity for our people. We trust this report will provide our government, business and civic leaders with the tools needed to effectively develop immediate and long term strategies to address our island’s needs and generate investment opportunities to local and prospective businesses alike.

I would like to take this opportunity to thank the staff and management of the Bureau of Statistics and Plans for their dedication and hard work in making this publication possible and for the many Government of Guam agencies, businesses, and countless others who have contributed to this effort. As we move toward the upcoming year, the Bureau will continue its work in strengthening and delivering up-to-date information to the public in order to promote effective planning and policymaking measures.

Dangkulo Na Si Yu’os Ma’ase’,

ALBERTO “TONY” A. LAMORENA V
Acting Director
Bureau of Statistics and Plans

Guam Village Profile

AGANA HEIGHTS

Mayor Paul McDonald

Agana Heights is located in the central part of the island. It is part of the Kattan (Eastern) District. The village derives its name from two words “Tutuhon luhan”. “Tutuhon lujan” means someone who becomes scared because of impending doom or is terrified about something. Agaña Heights was a ranchland long ago and those who ranched in this area were villagers from Hagåtña. It was said that there were no trails on Agana Heights and the only access was for ranchers to climb the steep cliffs along the perimeter of the village. The only way to get to and from Agaña Heights was through the steep cliffs and often ranchers stood at the top of the cliff and surveyed the long climb down and as they did, they would experience a feeling of fear as they contemplated the precariousness of the situation.

Population

-  In 2000, Guam had a total population of 154,805. Approximately 3 percent (or 3,940 persons) of Guam's total population resided in the village of **Agana Heights** in 2000. Agana Heights' population increased 8.1% from 3,646 persons in 1990 to 3,940 persons in 2000. The median age of Agana Heights residents grew slightly from 26.5 years in 1990 to 28.1 years in 2000.
-  In 2000, there were 2,638 persons aged 18 years and over, comprised of 1,288 males and 1,350 females. The Census results showed an 8.4% increase of persons 18 years and over between 1990 and 2000.
-  Of the total number of people residing in Agana Heights, approximately 394 are children under 5 years old; 389 are children between the ages of 5 - 9 years; 330 children are between the ages of 10 - 14 years; and 293 are between the ages of 15 - 19 years.
-  The 2000 Guam Census results showed Agana Heights cultural mix of Chamorro's (60%); Freely Associated States (6%); Filipino's (10%); Other Asian (2%); White (6%); Black (.61%); Other (1.5%); Chamorro and others (8%); and Asian and others (6%).
-  In 2000, about 80.6 percent of Agana Heights residents 25 years of age and over were high school graduates with 22.8 percent holding a Bachelor's degree or higher.
-  The Civilian Labor Force population for persons 16 years of age and over rose 10.7 percent from 1,578 persons in 1990 to 1,747 persons in 2000. Persons in the armed forces made up 5.5 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 2.5 percent and 9.8 percent, respectively.
-  The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Agana Heights is projected to have a population of 4,353 persons in 2006. By 2010, the population is expected to increase to 4,599 persons.
-  Of the projected population for Agana Heights in 2006, approximately 2,150 are males and 2,203 are females. By 2010, the male population will be 2,271 and 2,328 for females.

Households and Income

-  In 2000, there were 1,058 total households in Agana Heights of which there were 858 family households. Average household size dropped slightly from 3.73 persons in 1990 to 3.65 persons in 2000. The median household income dropped 3 percent between 1990 and 2000. In 2000, the per capita income was reported at \$15,803, up 1 percent from 1990.
-  Of the 1,058 households surveyed, 934 reported a mean earning of \$52,507; 139 with Social Security Income (mean earnings \$8,099); 10 with Supplemental Security Income (mean earnings \$9,617); 98 with Public Assistance Income (mean earnings \$6,438); and 279 with Retirement Income (mean earnings \$23,563).
-  Approximately 113 families, or 13.2% of total families, in Agana Heights were living below poverty level in 1999. Of this total, 59 families had a female as the head of household with no husband present. Of the 59 families, 48 had related children under 18 years; and 29 had related children under 5 years of age.

AGAT (Hågat)

Mayor Carol S. Tayama

Vice Mayor Jesus Chaco

Agat (Hagat) village is located on the south western side of the island. This area is part of the Haya (Southern) District. Old Agat was built between 1680 and 1684 and was designed by the ruthless Spanish Governor Don Jose Quiroga as a settlement for rebellious islanders whose homes had been destroyed. Many of its first citizens were brought from the interior village of Fena, which had also been wiped out. In July of 1944, the village of Old Agat was totally destroyed by the American invasion. After the war, new Agat sprang up in a location further south and is one of the villages in the south that is now experiencing development and commerce.

Population

-  In 2000, Guam had a total population of 154,805. About 3.7 percent (or 5,656 persons) of Guam's total population resided in the village of **Agat** in 2000. Agat's population increased 14 percent from 4,960 persons in 1990 to 5,656 persons in 2000. The median age of Agat residents grew from 23.6 years in 1990 to 25.3 years in 2000.
-  In 2000, there were 3,445 persons aged 18 years and over, comprised of 1,719 males and 1,726 females. The Census results showed a 14.5 percent increase of persons 18 years and over between 1990 and 2000.
-  Of the total number of people residing in Agat, approximately 670 are children under 5 years old; 650 are children between the ages of 5 - 9 years; 596 children are between the ages of 10 - 14 years; and 476 are between the ages of 15 - 19 years.
-  The 2000 Guam Census results showed Agat's cultural mix of Chamorro's (58%); Freely Associated States (2%); Filipino's (23%); Other Asian (.70%); White (3%); Black (.20%); Other (.90%); Chamorro and others (9%); and Asian and others (7%).
-  In 2000, 71.3 percent of Agat residents 25 years of age and over were high school graduates with 15.2 percent holding a Bachelor's degree or higher.
-  The Civilian Labor Force population for persons 16 years of age and over rose 11.9 percent from 1,861 persons in 1990 to 2,082 persons in 2000. Persons in the armed forces made up 1.2 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 4.8 percent to 17.0 percent, respectively.
-  The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Agat is projected to have a population of 6,248 persons in 2006. By 2010, the population is expected to increase to 6,602 persons.
-  Of the projected population for Agat in 2006, approximately 3,215 are males and 3,033 are females. By 2010, the male population will be 3,397 and 3,205 for females.

Households and Income

-  In 2000, there were 1,298 total households in Agat of which there were 1,119 family households. Average household size dropped slightly from 4.37 persons in 1990 to 4.34 persons in 2000. The median household income dropped 2.4 percent between 1990 and 2000. In 2000, the per capita income was reported at \$10,471, down 2 percent from 1990.
-  Of the 1,298 households surveyed, 1,045 reported a mean earning of \$42,679; 204 with Social Security Income (mean earnings \$7,033); 20 with Supplemental Security Income (mean earnings \$5,160); 281 with Public Assistance Income (mean earnings \$7,010); and 409 with Retirement Income (mean earnings \$19,587).
-  Approximately 254 families, or 22.7 percent of total families, in Agat were living below poverty level in 1999. Of this total, 133 families had a female as the head of household with no husband present. Of the 133 families, 123 had related children under 18 years; and 81 had related children under 5 years of age.

ASAN - MAINA (Assan/Ma'Ina)

Asan (Hassan) and Maina are located in the southern-central side of the island. This area is part of the Luchan (Western) District. This village derives its name from the word "hassan". "Hassan" means scarce or rare. The word "ma'ina" refers to the other village that makes up this district together with Asan. Hunters hunted by the light of a torch and also saw what they caught by the light of the same torch. Another meaning of the word "ma'ina" deals with an infant who between the time of his birth to his baptism, is taken by his mother to a church mass before sunrise; this ritual considered the presentation of the child to the temple or church.

Population

- ➡ In 2000, Guam had a total population of 154,805. About 1.4 percent (or 2,090 persons) of Guam's total population resided in the village of **Asan-Maina** in 2000. Asan-Maina's population increased 1 percent from 2,070 persons in 1990 to 2,090 persons in 2000. The median age of Asan-Maina residents rose from 26.2 years in 1990 to 28.9 years in 2000.
- ➡ In 2000, there were 1,338 persons aged 18 years and over, comprised of 687 males and 651 females. The Census results showed a 1.8 percent decrease of persons 18 years and over between 1990 and 2000.
- ➡ Of the total number of people residing in Asan-Maina, approximately 206 are children under 5 years old; 230 are children between the ages of 5 - 9 years; 213 children are between the ages of 10 - 14 years; and 155 are between the ages of 15 - 19 years.
- ➡ The 2000 Guam Census results showed Asan-Maina's cultural mix of Chamorro's (64%); Freely Associated States (3.1%); Filipino's (8%); Other Asian (2.1%); White (8.4%); Black (.24%); Other (2.3%); Chamorro and others (8%); and Asian and others (6%).
- ➡ In 2000, 79.4 percent of Asan-Maina residents 25 years of age and over were high school graduates with 20 percent holding a Bachelor's degree or higher.
- ➡ The Civilian Labor Force population for persons 16 years of age and over rose 1 percent from 857 persons in 1990 to 864 persons in 2000. Persons in the armed forces made up 2.9 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 4.9 percent to 9.6 percent, respectively.
- ➡ The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Asan-Maina is projected to have a population of 2,309 persons in 2006. By 2010, the population is expected to increase to 2,440 persons.
- ➡ Of the projected population for Asan-Maina in 2006, approximately 1,191 are males and 1,118 are females. By 2010, the male population will be 1,259 and 1,181 for females.

Households and Income

- ➡ In 2000, there were 552 total households in Asan-Maina of which there were 464 family households. Average household size increased from 3.60 persons in 1990 to 3.78 in 2000. The median household income rose 3.9 percent between 1990 and 2000. In 2000, the per capita income was reported at \$16,507, up 1 percent from 1990.
- ➡ Of the 552 households surveyed, 457 reported a mean earning of \$61,256; 72 with Social Security Income (mean earnings \$7,510); 6 with Supplemental Security Income (mean earnings \$3,646); 63 with Public Assistance Income (mean earnings \$5,120); and 139 with Retirement Income (mean earnings \$24,243).
- ➡ Approximately 79 families, or 17.0 percent of total families, in Asan-Maina were living below poverty level in 1999. Of this total, 27 families had a female as the head of household with no husband present. Of the 27 families, 25 had related children under 18 years; and 12 had related children under 5 years of age.

BARRIGADA

Mayor Jessie B. Palican

Vice Mayor June Blas

The village of Barrigada is located in the north-eastern part of the island. It is part of the Kattan (Eastern) District. Barrigada owes its name to a Chamorro legend. When the god Puntan was about to die, he instructed his sister Funa how to dispose of his body. He said that his eyes were to become the sun and the moon; his eyebrows, the rainbow; his breast, the sky and his back, the earth. Barrigada means “flank.” Looking down from atop Mt. Santa Rosa, the island resembles a man lying on his back with his flank being the most noticeable.

-  The Civilian Labor Force population for persons 16 years of age and over rose 5.9 percent from 3,488 persons in 1990 to 3,692 persons in 2000. Persons in the armed forces made up 0.7 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 4.3 percent to 10.8 percent, respectively.
-  The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Barrigada is projected to have a population of 9,558 persons in 2006. By 2010, the population is expected to increase to 10,099 persons.
-  Of the projected population for Barrigada in 2006, approximately 4,772 are males and 4,786 are females. By 2010, the male population will be 5,042 and 5,057 for females.

Households and Income

-  In 2000, there were 2,097 total households in Barrigada of which there were 1,820 family households. Average household size decreased from 4.06 persons in 1990 to 4.04 persons in 2000. The median household income rose 14.8 percent between 1990 and 2000. In 2000, the per capita income was reported at \$15,210, up 7 percent from 1990.
-  Of the 2,097 households surveyed, 1,845 reported a mean earning of \$50,062; 255 with Social Security Income (mean earnings \$7,201); 17 with Supplemental Security Income (mean earnings \$4,956); 218 with Public Assistance Income (mean earnings \$4,420); and 511 with Retirement Income (mean earnings \$23,800).
-  Approximately 260 families, or .14.3% of total families, in Barrigada were living below poverty level. Of this total, 96 families had a female as the head of household with no husband present. Of the 96 families, 87 had related children under 18 years; and 53 had related children under 5 years of age.

CHALAN PAGO - ORDOT (Chalan Pagu/Otdot)

Mayor Pedro I. Borja

Chalan Pago-Ordot village is located in the eastern-central part of the island. It is part of the Kattan (Eastern) District. The word “chalan” makes up the first part of this village name. “Chalan” means road or street and in olden days, paths or trails. The word “pago” makes up the second part of this village name. “Pago” is the wild hibiscus tree that grows in abundance in this area. “Ordot” means ants. Both ants and hibiscus trees can be found in abundance throughout this beautiful village.

Population

-  In 2000, Guam had a total population of 154,805. About 3.8 percent (or 5,923 persons) of Guam's total population resided in the village of **Chalan Pago/Ordot** in 2000. Chalan Pago/Ordot's population increased 33.1 percent from 4,451 persons in 1990 to 5,923 persons in 2000. The median age of Chalan Pago/Ordot residents rose from 23.9 years in 1990 to 27.3 years in 2000.
-  In 2000, there were 3,818 persons aged 18 years and over, comprised of 1,919 males and 1,899 females. The Census results showed a 41.1 percent increase of persons 18 years and over between 1990 and 2000.
-  Of the total number of people residing in Chalan Pago/Ordot, approximately 613 are children under 5 years old; 612 are children between the ages of 5 - 9 years; 580 children are between the ages of 10 - 14 years; and 496 are between the ages of 15 - 19 years.
-  The 2000 Guam Census results showed Chalan Pago/Ordot's cultural mix of Chamorro's (47%); Freely Associated States (5.4%); Filipino's (11%); Other Asian (3.2%); White (5%); Black (.24%); Other (.70%); Chamorro and others (5.2%); and Asian and others (12%).
-  In 2000, 77.2 percent of Chalan Pago/Ordot residents 25 years of age and over were high school graduates with 17.7 percent holding a Bachelor's degree or higher.
-  The Civilian Labor Force population for persons 16 years of age and over rose 27.5 percent from 2,001 in 1990 to 2,551 in 2000. Persons in the armed forces made up 2 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 3.8 percent to 10.9 percent, respectively.
-  The U.S. Census Bureau projected Guam's population to be 171,024 in 2006. Of the projected population total, Chalan Pago/Ordot is projected to have a population of 6,543 persons in 2006. By 2010, the population is expected to increase to 6,913 persons.
-  Of the projected population for Chalan Pago/Ordot in 2006, approximately 3,326 are males and 3,217 are females. By 2010, the male population will be 3,514 and 3,399 for females.

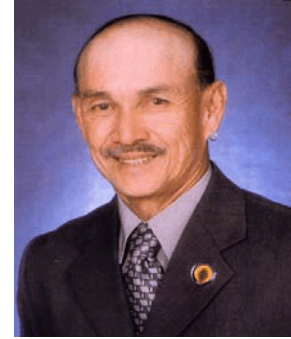

Households and Income

-  In 2000, there were 1,573 total households in Chalan Pago/Ordot of which there were 1,248 family households. Average household size decreased from 4.57 persons in 1990 to 3.72 persons in 2000. The median household income dropped 19.2 percent between 1990 and 2000. In 2000, the per capita income was reported at \$13,052, up 7 percent from 1990.
-  Of the 1,573 households surveyed, 1,108 reported a mean earning of \$54,371; 107 with Social Security Income (mean earnings \$6,866); 9 with Supplemental Security Income (mean earnings \$8,679); 165 with Public Assistance Income (mean earnings \$5,093); and 361 with Retirement Income (mean earnings \$24,149).
-  Approximately 320 families, or 25.6% of total families, in Chalan Pago/Ordot were living below poverty level in 1999. Of this total, 134 families had a female as the head of household with no husband present. Of the 134 families, 115 had related children under 18 years; and 61 had related children under 5 years of age.

DEDEDO (Dededu)

Mayor Melissa B. Savares

Vice Mayor Andrew Benavente

Dededo is located at the north central part of the island where most of the population on Guam presently centers. It encompasses an area of about 30 square miles of Guam's 212 miles. The word Dededo comes from a system of measurement using the fingers in which each finger signifying an inch. So as one measures "one inch, two inches, three inches" the name Dededo was derived the measurement of two fingers indicating two inches. There is another word that could possibly give this village its name. The word "dedeggo" means a person who walks on tiptoes so as not to wake up those who are sleeping. It is not clear whether Dededo got its name because someone long ago measured the place with his/her fingers or the people habitually walked on tiptoes.

Population

- ➡ In 2000, Guam had a total population of 154,805. About 27.8 percent (or 42,980 persons) of Guam's total population resided in the village of **Dededo** in 2000. Dededo's population increased 35.5 percent from 31,728 persons in 1990 to 42,980 persons in 2000. The median age of Dededo residents rose from 24.2 years in 1990 to 27.0 years in 2000.
- ➡ In 2000, there were 27,345 persons aged 18 years and over, comprised of 13,580 males and 13,765 females. The Census results showed a 38.6 percent increase of persons 18 years and over between 1990 and 2000.
- ➡ Of the total number of people residing in Dededo, approximately 4,828 are children under 5 years old; 4,566 are children between the ages of 5 - 9 years; 4,041 children are between the ages of 10-14 years; and 3,554 are between the ages of 15-19 years.
- ➡ The 2000 Guam Census showed Dededo's cultural mix of Chamorro's (26%); Freely Associated States (7.1%); Filipino's (45%); Other Asian (3.4%); White (3.2%); Black (.60%); Other (1.0%); Chamorro and others (5%); and Asian and others (7.2%).
- ➡ In 2000, 72.8 percent of Dededo residents 25 years of age and over were high school graduates with 18.9 percent holding a Bachelor's degree or higher.
- ➡ The Civilian Labor Force population for persons 16 years of age and over rose 38.9 percent from 13,310 persons in 1990 to 18,494 persons in 2000. Persons in the armed forces made up 3.5 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 3.3 percent to 12.0 percent, respectively.
- ➡ The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Dededo is projected to have a population of 47,482 persons in 2006. By 2010, the population is expected to increase to 50,167 persons.
- ➡ Of the projected population for Dededo in 2006, approximately 23,912 are males and 23,570 are females. By 2010, the male population will be 25,264 and 24,903 for females.

Households and Income

- ➡ In 2000, there were 10,016 total households in Dededo of which there were 8,874 family households. Average household size decreased from 4.44 persons in 1990 to 4.26 persons in 2000. The median household income dropped 9.4 percent between 1990 and 2000. In 2000, the per capita income was reported at \$10,791, down 4.8 percent from 1990.
- ➡ Of the 10,016 households surveyed, 8,676 reported a mean earning of \$45,768; 1,327 with Social Security Income (mean earnings \$7,680); 63 with Supplemental Security Income (mean earnings \$5,198); 1,208 with Public Assistance Income (mean earnings \$5,513); and 1,465 with Retirement Income (mean earnings \$18,930).
- ➡ Approximately 1,802 families, or 20.3% of total families, in Dededo were living below poverty level in 1999. Of this total, 640 families had a female as the head of household with no husband present. Of the 640 families, 584 had related children under 18 years; and 349 had related children under 5 years of age.

HAGATNA

Mayor John A. Cruz

Hagåtña is the capital of Guam. It is located in the center of the island and part of the Kattan (Eastern) District. The village derives its name from the word “haga”. “Haga” means blood and that this village came about due to the bloodlines of families and relatives that helped establish this village. Hagåtña became a village when the Spaniards decided that the area be the capital of the island. Hagåtña is where you find places named after the saints as the city is also the seat of the island’s religion – Catholicism. The three branches of government: Judicial, Legislative, and Executive are located here. Also, it is the center of all commercial activities with legal offices, banks, department/variety stores, insurance, technical and professional services and recreation facilities.

Population

- ➡ In 2000, Guam had a total population of 154,805. Approximately 0.71 percent (or 1,100 persons) of Guam's total population resided in the village of **Hagåtña** in 2000. Hagatna's population decreased 3.4 percent from 1,139 persons in 1990 to 1,100 persons in 2000. The median age of Hagatna residents rose from 29.7 years in 1990 to 31.8 years in 2000.
- ➡ In 2000, there were 861 persons aged 18 years and over, comprised of 548 males and 313 females. The Census results showed a 6.3 percent increase of persons 18 years and over between 1990 and 2000.
- ➡ Of the total number of people residing in Hagåtña, approximately 77 are children under 5 years old; 66 are children between the ages of 5 - 9 years; 58 children are between the ages of 10 - 14 years; and 76 are between the ages of 15 - 19 years.
- ➡ The 2000 Guam Census showed Hagåtña's cultural mix of Chamorro's (41.3%); Freely Associated States (16.2%); Filipino's (16%); Other Asian (9.5%); White (4%); Black (.50%); Other (1.2%); Chamorro and others (8%); and Asian and others (4.4%).
- ➡ In 2000, 71.5 percent of Hagatna residents 25 years of age and over were high school graduates with 17.7 percent holding a Bachelor's degree or higher.
- ➡ The Civilian Labor Force population for persons 16 years of age and over dropped 20 percent from 561 persons in 1990 to 449 persons in 2000. Persons in the armed forces made up 0.4 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 2.0 percent to 15.8 percent, respectively.
- ➡ The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Hagåtña is projected to have a population of 1,215 persons in 2006. By 2010, the population is expected to increase to 1,284 persons.
- ➡ Of the projected population for Hagåtña in 2006, approximately 742 are males and 473 are females. By 2010, the male population will be 784 and 500 for females.

Households and Income

- ➡ In 2000, there were 268 total households in Hagåtña of which there were 184 family households. Average household size decreased from 3.10 persons in 1990 to 3.07 persons in 2000. The median household income dropped 13.5 percent between 1990 and 2000. In 2000, the per capita income was reported at \$11,514, down 29.8 percent from 1990.
- ➡ Of the 268 households surveyed, 212 reported a mean earning of \$40,365; 32 with Social Security Income (mean earnings \$6,669); 0 with Supplemental Security Income (mean earnings \$0); 29 with Public Assistance Income (mean earnings \$4,219); and 48 with Retirement Income (mean earnings \$28,988).
- ➡ Approximately 44 families, or 23.9% of total families, in Hagåtña were living below poverty level in 1999. Of this total, 15 families had a female as the head of household with no husband present. Of the 15 families, 12 had related children under 18 years; and 4 had related children under 5 years of age.

INARAJAN (Inalåhan)

Mayor Franklin Taitague

The village of Inarajan is located on the south eastern side of the island and is part of the Haya (Southern) District. This village derives its name from the word “Halla”. “Halla” means to pull something or move something with a rope tied to it. Another word that may give meaning to the village name is the word “ala”. This word refers to a kind of large woven coconut basket used for storage of fish or vegetables.

Population

-  In 2000, Guam had a total population of 154,805. Approximately 2 percent (or 3,052 persons) of Guam's total population resided in the village of **Inarajan** in 2000. Inarajan's population increased 23.6 percent from 2,469 persons in 1990 to 3,052 persons in 2000. The median age of Inarajan residents rose from 21.0 years in 1990 to 23.5 years in 2000.
-  In 2000, there were 1,803 persons aged 18 years and over, comprised of 886 males and 917 females. The Census results showed a 30.6 percent increase of persons 18 years and over between 1990 and 2000.
-  Of the total number of people residing in Inarajan, approximately 343 are children under 5 years old; 355 are children between the ages of 5 - 9 years; 377 children are between the ages of 10 - 14 years; and 278 are between the ages of 15 - 19 years.
-  The 2000 Guam Census showed Inarajan's cultural mix of Chamorro's (82%); Freely Associated States (2%); Filipino's (2.3%); Other Asian (1%); White (2%); Black (.03%); Other (.50%); Chamorro and others (4%); and Asian and others (5%).
-  In 2000, 67.9 percent of Inarajan residents 25 years of age and over were high school graduates with 8.5 percent holding a Bachelor's degree or higher.
-  The Civilian Labor Force population of persons 16 years of age and over rose 11.2 percent from 971 persons in 1990 to 1,080 persons in 2000. Persons in the armed forces made up 1 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 5.1 percent to 16.5 percent, respectively.
-  The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Inarajan is projected to have a population of 3,372 persons in 2006. By 2010, the population is expected to increase to 3,562 persons.
-  Of the projected population for Inarajan in 2006, approximately 1,708 are males and 1,664 are females. By 2010, the male population will be 1,804 and 1,758 for females.

Households and Income

-  In 2000, there were 644 total households in Inarajan of which there were 587 family households. Average household size decreased from 5.01 persons in 1990 to 4.71 persons in 2000. The median household income increased 2.7 percent between 1990 and 2000. In 2000, the per capita income was reported at \$10,959, up 9 percent from 1990.
-  Of the 644 households surveyed, 534 reported a mean earning of \$49,087; 76 with Social Security Income (mean earnings \$5,874); 4 with Supplemental Security Income (mean earnings \$3,684); 119 with Public Assistance Income (mean earnings \$4,230); and 222 with Retirement Income (mean earnings \$23,413).
-  Approximately 134 families, or 22.8% of total families, in Inarajan were living below poverty level in 1999. Of this total, 48 families had a female as the head of household with no husband present. Of the 48 families, 42 had related children under 18 years; and 26 had related children under 5 years of age.

MANGILAO

Mayor Nonito C. Blas

The village of Mangilao is located in the eastern part of the island and is part of the Kattan (Eastern) District. This village derives its name from the word “ilao”. “Ilao” means to look for something or to search for something. Hunters or fishermen went to this area to fish or to search for crabs, deer or wild pigs. Mangilao is the center of higher education on Guam with both the University of Guam and the Guam Community College. Rapid development in this village has made it quite populated, as it is now the home of many Micronesian islanders who have chosen to migrate to Guam. The island prison facilities for juvenile offenders and convicted criminals are located here as well as the Government of Guam’s Agricultural station and the experimental station for seafood harvesting.

Population

- ➡ In 2000, Guam had a total population of 154,805. Approximately 8.6 percent (or 13,313 persons) of Guam's total population resided in the village of **Mangilao** in 2000. Mangilao's population increased 27 percent from 10,483 persons in 1990 to 13,313 persons in 2000. The median age of Mangilao residents rose from 24.6 years in 1990 to 27.4 years in 2000.
- ➡ In 2000, there were 8,745 persons aged 18 years and over, comprised of 4,630 males and 4,115 females. The Census results showed a 30.3 percent increase of persons 18 years and over between 1990 and 2000.
- ➡ Of the total number of people residing in Mangilao, approximately 1,355 are children under 5 years old; 1,270 are children between the ages of 5-9 years; 1,216 children are between the ages of 10-14 years; and 1,135 are between the ages of 15-19 years.
- ➡ The 2000 Guam Census showed Mangilao's cultural mix of Chamorro's (42%); Freely Associated States (7.3%); Filipino's (22%); Other Asian (8%); White (4%); Black (.35%); Other (1.3%); Chamorro and others (6%); and Asian and others (7%).
- ➡ In 2000, 72.7 percent of Mangilao residents 25 years of age and over were high school graduates with 19.0 percent holding a Bachelor's degree or higher.
- ➡ The Civilian Labor Force population of persons 16 years of age and over rose 21.2 percent from 4,511 persons in 1990 to 5,466 persons in 2000. Persons in the armed forces made up 1.5 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 3.8 percent to 11.3 percent, respectively.
- ➡ The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Mangilao is projected to have a population of 14,707 persons in 2006. By 2010, the population is expected to increase to 15,539 persons.
- ➡ Of the projected population for Mangilao in 2006, approximately 7,687 are males and 7,020 are females. By 2010, the male population will be 8,121 and 7,418 for females.

Households and Income

- ➡ In 2000, there were 3,190 total households in Mangilao of which there were 2,653 family households. Average household size decreased from 4.05 persons in 1990 to 3.91 persons in 2000. The median household income decreased 7.5 percent between 1990 and 2000. In 2000, the per capita income was reported at \$11,768, down 6.3 percent from 1990.
- ➡ Of the 3,190 households surveyed, 2,651 reported a mean earning of \$49,002; 291 with Social Security Income (mean earnings \$8,017); 11 with Supplemental Security Income (mean earnings \$8,729); 351 with Public Assistance Income (mean earnings \$5,303); and 582 with Retirement Income (mean earnings \$22,297).
- ➡ Approximately 637 families, or 24.0% of total families, in Mangilao were living below poverty level in 1999. Of this total, 260 families had a female as the head of household with no husband present. Of the 260 families, 238 had related children under 18 years; and 148 had related children under 5 years of age.

MERIZO (Malesso')

Mayor Rita Tainatongo

The village of Merizo is located on the southern tip of the island and is part of the Haya (Southern) District. The village derives its name from the word “lesso”. “Lesso” is the next growth size of the juvenile rabbit fish locally known as “manahak” and these were caught at the mouth of the bay of that village. Merizo is the southernmost village where one can ride a boat to a smaller island known today for its recreational and resort facilities – Cocos Island. This small historic village was home of the ancient Chamorros who lived along the shores of the bay and fished for a living in the abundant sea, especially full of “lesso”, which gave the village its name.

Population

- ➡ In 2000, Guam had a total population of 154,805. Approximately 1.4 percent (or 2,163 persons) of Guam's total population resided in the village of **Merizo** in 2000. Merizo's population increased 24.2 percent from 1,742 persons in 1990 to 2,163 persons in 2000. The median age of Merizo residents remained constant between 1990 and 2000 at 23.3 years.
- ➡ In 2000, there were 1,239 persons aged 18 years and over, comprised of 607 males and 632 females. The Census results showed a 19.1 percent increase of persons 18 years and over between 1990 and 2000.
- ➡ Of the total number of people residing in Merizo, approximately 273 are children under 5 years old; 278 are children between the ages of 5 - 9 years; 237 children are between the ages of 10 - 14 years; and 199 are between the ages of 15 - 19 years.
- ➡ The 2000 Guam Census showed Merizo's cultural mix of Chamorro's (83%); Freely Associated States (2%); Filipino's (1%); Other Asian (.83%); White (3%); Black (.09%); Other (.8%); Chamorro and others (5%); and Asian and others (4%).
- ➡ In 2000, 73.1 percent of Merizo residents 25 years of age and over were high school graduates with 8.8 percent holding a Bachelor's degree or higher.
- ➡ The Civilian Labor Force population for persons 16 years of age and over rose 6.4 percent from 677 persons in 1990 to 720 persons in 2000. Persons in the armed forces made up 1.2 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 5.5 percent to 15.7 percent, respectively.
- ➡ The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Merizo is projected to have a population of 2,390 persons in 2006. By 2010, the population is expected to increase to 2,525 persons.
- ➡ Of the projected population for Merizo in 2006, approximately 1,204 are males and 1,186 are females. By 2010, the male population will be 1,272 and 1,253 for females.

Households and Income

- ➡ In 2000, there were 471 total households in Merizo, of which there were 417 family households. Average household size increased from 4.47 persons in 1990 to 4.59 persons in 2000. The median household income was decreased 6.9 percent between 1990 and 2000. In 2000, the per capita income was reported at \$10,528, down 5.2 percent from 1990.
- ➡ Of the 471 households surveyed, 379 reported a mean earning of \$44,524; 59 with Social Security Income (mean earnings \$6,572); 3 with Supplemental Security Income (mean earnings \$7,676); 86 with Public Assistance Income (mean earnings \$8,271); and 151 with Retirement Income (mean earnings \$22,222).
- ➡ Approximately 90 families, or 21.6% of total families, in Merizo were living below poverty level in 1999. Of this total, 37 families had a female as the head of household with no husband present. Of the 37 families, 35 had related children under 18 years; and 20 had related children under 5 years of age.

MONGMONG-TOTO-MAITE

Mayor Andrew C. Villagomez

Land Area: 1.85 square miles

The first of three villages combined into one derives its name from the word “momongmong”. “Momongmong” comes from the sound of a heartbeat but through word evolution came out to “mongmong”. The second village derives its name from the word “to to”. “To to” means to lie or recline on one’s back. The third village derives its name from the word “ma ette”. “Ma ette” means to nudge or touch another person usually accidentally with your hands or with some part of your body.

Population

- ➡ In 2000, Guam had a total population of 154,805. About 3.8 percent (or 5,845 persons) of Guam's total population resided in the village of **Mongmong/Toto/Maite** in 2000. Mongmong/Toto/Maite's population remained the same between 1990 and 2000. The median age of residents in Mongmong/Toto/Maite rose from 25.6 years in 1990 to 27.1 years in 2000.
- ➡ In 2000, there were 3,648 persons aged 18 years and over, comprised of 1,777 males and 1,871 females. The Census results showed a 2.1 percent decrease of persons 18 years and over between 1990 and 2000.
- ➡ Of the total number of people residing in Momgmong/Toto/Maite, approximately 660 are children under 5 years old; 658 are children between the ages of 5-9 years; 554 children are between the ages of 10-14 years; and 490 are between the ages of 15-19 years.
- ➡ The 2000 Guam Census showed Mongmong/Toto/Maite's cultural mix of Chamorro's (47%); Freely Associated States (12%); Filipino's (16%); Other Asian (7%); White (4%); Black (.43%); Other (2.1%); Chamorro and others (6%); and Asian and others (6%).
- ➡ In 2000, 75.5 percent of Mongmong/Toto/Maite residents 25 years of age and over were high school graduates with 17.5 percent holding a Bachelor's degree or higher.
- ➡ The Civilian Labor Force population for persons 16 years of age and over rose 0.5 percent from 2,427 persons in 1990 to 2,438 persons in 2000. Persons in the armed forces made up 1.5 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 3.5 percent to 12.4 percent, respectively.
- ➡ The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Momgmong/Toto/Maite is projected to have a population of 6,457 persons in 2006. By 2010, the population is expected to increase to 6,822 persons.
- ➡ Of the projected population for Momgmong/Toto/Maite in 2006, approximately 3,198 are males and 3,259 are females. By 2010, the male population will be 3,379 and 3,443 for females.

Households and Income

- ➡ In 2000, there were 1,633 total households in Mongmong/Toto/Maite of which there were 1,248 family households. Average household size decreased from 3.70 persons in 1990 to 3.57 persons in 2000. The median household income decreased 19.1 percent between 1990 and 2000. In 2000, the per capita income was reported at \$13,124, down 7.0 percent from 1990 .
- ➡ Of the 1,633 households surveyed, 1,233 reported a mean earning of \$49,648; 174 with Social Security Income (mean earnings \$8,941); 9 with Supplemental Security Income (mean earnings \$4,950); 219 with Pubic Assistance Income (mean earnings \$4,152); and 272 with Retirement Income (mean earnings \$24,619).
- ➡ Approximately 357 families, or 28.6% of total families, in Mongmong/Toto/Maite were living below poverty level in 1999. Of this total, 162 families had a female as the head of household with no husband present. Of the 162 families, 145 had related children under 18 years; and 76 had related children under 5 years of age.

PITI

The village of Piti is also known as “The Port City”. This village derives its name from the word “puti”. “Puti” means pain either through a sore, disease, illness or through physical or emotional pain. Piti is approximately two miles in length and width. A number of historical sites are situated within the village.

Population

- ➡ In 2000, Guam had a total population of 154,805. About 1.1 percent (or 1,666 persons) of Guam's total population resided in the village of **Piti** in 2000. Piti's population decreased 8.8 percent from 1,827 persons in 1990 to 1,666 persons in 2000. The median age of residents in Piti rose from 26.1 years in 1990 to 30.3 years in 2000.
- ➡ In 2000, there were 1,161 persons aged 18 years and over, comprised of 634 males and 527 females. The Census results showed a 6.5 percent decrease of persons 18 years and over between 1990 and 2000.
- ➡ Of the total number of people residing in Piti, approximately 130 are children under 5 years old; 148 are children between the ages of 5 - 9 years; 148 children are between the ages of 10 - 14 years; and 116 are between the ages of 15 - 19 years.
- ➡ The 2000 Guam Census showed Piti's cultural mix of Chamorro's (50.5%); Freely Associated States (3%); Filipino's (7%); Other Asian (5.3%); White (16%); Black (.72%); Other (1.4%); Chamorro and others (10%); and Asian and others (8%).
- ➡ In 2000, 80.9 percent of Piti residents 25 years of age and over were high school graduates with 27.4 percent holding a Bachelor's degree or higher.
- ➡ The Civilian Labor Force population for persons 16 years and over rose 5.8 percent from 759 persons in 1990 to 803 persons in 2000. Persons in the armed forces made up 5.8 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 4.1 to 7.1 percent, respectively.
- ➡ The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Piti is projected to have a population of 1,840 persons in 2006. By 2010, the population is expected to increase to 1,945 persons.
- ➡ Of the projected population for Piti in 2006, approximately 974 are males and 866 are females. By 2010, the male population will be 1,030 and 915 for females.

Households and Income

- ➡ In 2000, there were 474 total households in Piti of which there were 366 family households. Average household size decreased from 3.48 persons in 1990 to 3.40 persons in 2000. The median household income decreased 4.8 percent between 1990 and 2000. In 2000, the per capita income was reported at 20,359, up 4.3 percent from 1990.
- ➡ Of the 474 households surveyed, 428 reported a mean earning of \$67,143; 60 with Social Security Income (mean earnings \$6,407); 2 with Supplemental Security Income (mean earnings \$6,636); 32 with Public Assistance Income (mean earnings \$5,251); and 107 with Retirement Income (mean earnings \$23,045).
- ➡ Approximately 48 families, or 13.1% of total families, in Piti were living below poverty level in 1999. Of this total, 16 families had a female as the head of household with no husband present. Of the 16 families, 14 had related children under 18 years; and 6 had related children under 5 years of age.

SANTA RITA

Santa Rita is located on the south western side of Guam and is part of the Haya (Southern) District. This village does not have an original name because it was established in 1945 when residents were moved from the destroyed Sumay village. "Santa Rita" is the patron saint of abused wives. It is not clear how the name was decided upon, nor for what reason the name was chosen when the village was established.

Population

- ➡ In 2000, Guam had a total population of 154,805. About 4.8 percent (or 7,500 persons) of Guam's total population resided in the village of **Santa Rita** in 2000. Santa Rita's population decreased 36.7 percent from 11,857 persons in 1990 to 7,500 persons in 2000. The median age of residents in Santa Rita rose from 23.4 years in 1990 to 26.3 years in 2000.
- ➡ In 2000, there were 5,160 persons aged 18 years and over, comprised of 2,841 males and 2,319 females. The Census results showed a 37.9 percent decrease of persons 18 years and over between 1990 and 2000.
- ➡ Of the total number of people residing in Santa Rita, approximately 776 are children under 5 years old; 687 are children between the ages of 5 - 9 years; 606 children are between the ages of 10 - 14 years; and 582 are between the ages of 15 - 19 years.
- ➡ The 2000 Guam Census showed Santa Rita's cultural mix of Chamorro's (27.3%); Freely Associated States (.80%); Filipino's (20%); Other Asian (1.3%); White (24%); Black (5%); Other (4%); Chamorro and others (4%); and Asian and others (8.2%).
- ➡ In 2000, 87.2 percent of Santa Rita residents 25 years of age and over were high school graduates with 23.0 percent holding a Bachelor's degree or higher.
- ➡ The Civilian Labor Force population for persons 16 years and over dropped 0.8 percent from 2,548 persons in 1990 to 2,527 persons in 2000. Persons in the armed forces made up 34.2 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 5.9 percent to 9.3 percent, respectively.
- ➡ The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Santa Rita is projected to have a population of 8,285 persons in 2006. By 2010, the population is expected to increase to 8,754 persons.
- ➡ Of the projected population for Santa Rita in 2006, approximately 4,450 are males and 3,835 are females. By 2010, the male population will be 4,701 and 4,053 for females.

Households and Income

- ➡ In 2000, there were 1,780 total households in Santa Rita of which there were 1,557 family households. Average household size decreased from 3.86 persons in 1990 to 3.66 persons in 2000. The median household income increased 12.3 percent between 1990 and 2000. In 2000, the per capita income was reported at \$14,474, up 10.5 percent from 1990.
- ➡ Of the 1,780 households surveyed, 1,637 reported a mean earning of \$47,563; 138 with Social Security Income (mean earnings \$7,884); 7 with Supplemental Security Income (mean earnings \$4,617); 90 with Public Assistance Income (mean earnings \$5,693); and 375 with Retirement Income (mean earnings \$22,332).
- ➡ Approximately 124 families, or 8% of the total families, in Santa Rita were living below poverty level. Of this total, 48 families had a female as the head of household with no husband present. Of the 48 families, 43 had related children under 18 years; and 26 had related children under 5 years of age.

SINAJANA (Sinahåñña)

Mayor Roke B. Blas

Vice Mayor Robert R.C. Hoffman

The village of Sinajana is located in the central part of the island and is part of the Kattan (Eastern) District. Sinajana overlooks the central parks of Guam and sits atop the capital of Hagåtña. The village derives its name from the word “chinahan”. “Chinahan” means the method of baking wild yams in the dirt. The “na” at the end of the village name “Sinajana” refers to the people who helped in the baking process.

Population

- ➡ In 2000, Guam had a total population of 154,805. About 1.8 percent (or 2,853 persons) of Guam's total population resided in the village of **Sinajana** in 2000. Sinajana's population increased 7.3 percent from 2,658 persons in 1990 to 2,853 persons in 2000. The median age of residents in Sinajana rose from 24.8 years in 1990 to 28.7 years in 2000.
- ➡ In 2000, there were 1,875 persons aged 18 years and over, comprised of 934 males and 941 females. The Census results showed a 13.6 percent increase of persons 18 years and over between 1990 and 2000.
- ➡ Of the total number of people residing in Sinajana, approximately 281 are children under 5 years old; 293 are children between the ages of 5 - 9 years; 262 children are between the ages of 10 - 14 years; and 221 are between the ages of 15 - 19 years.
- ➡ The 2000 Guam Census showed Sinajana's cultural mix of Chamorro's (65%); Freely Associated States (6%); Filipino's (7%); Other Asian (4%); White (4%); Black (.32%); Other (2%); Chamorro and others (8.5%); and Asian and others (6%).
- ➡ In 2000, 77.2 percent of Sinajana residents 25 years of age and over were high school graduates with 19.0 percent holding a Bachelor's degree or higher.
- ➡ The Civilian Labor Force population for person 16 years of age and over rose 6.3 percent from 1,135 persons in 1990 to 1,206 persons in 2000. Persons in the armed forces made up 2.3 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 4.5 percent to 11.0 percent, respectively.
- ➡ The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Sinajana is projected to have a population of 3,152 in 2006. By 2010, the population is expected to increase to 3,330.
- ➡ Of the projected population for Sinajana in 2006, approximately 1,583 are males and 1,569 are females. By 2010, the male population will be 1,673 and 1,657 for females.

Households and Income

- ➡ In 2000, there were 742 total households in Sinajana of which there were 612 family households. Average household size decreased from 4.15 persons in 1990 to 3.84 persons in 2000. The median household income increased 8.5 percent between 1990 and 2000. In 2000, the per capita income was reported at \$15,374, up 13.4 percent from 1990.
- ➡ Of the 742 households surveyed, 620 reported a mean earning of \$56,045; 92 with Social Security Income (mean earnings \$8,745); 7 with Supplemental Security Income (mean earnings \$5,725); 91 with Public Assistance Income (mean earnings \$4,074); and 212 with Retirement Income (mean earnings \$23,025).
- ➡ Approximately 116 families, or 18.9% of the total families, in Sinajana were living below poverty level in 1999. Of this total, 57 families had a female as the head of household with no husband present. Of the 57 families, 50 had related children under 18 years; and 32 had related children under 5 years of age.

TALOFOFO (Talo'fo'fo)

Mayor Pedro D. Paulino

The village of Talofofa is located in the south eastern side of the island and is part of the Haya (Southern) District. This village derives its name from the saying “entalo’ I fe’fo”. “Entalo’ I fe’fo” means between the cliffs where this place is situated and surrounded by cliffs. It is possible that another word gave this village its ending name. The word “fo’fo” means a bubbling spring. Because the Talo’fo’fo River and the Talo’fo’fo Falls are located in this village, the name could possibly mean between the bubbling springs.

Population

-  In 2000, Guam had a total population of 154,805. About 2.1 percent (or 3,215 persons) of Guam's total population resided in the village of **Talofofo** in 2000. Talofofo's population increased 39.2 percent from 2,310 persons in 1990 to 3,215 persons in 2000. The median age of residents in Talofofo rose from 22.0 years in 1990 to 24.8 years in 2000.
-  In 2000, there were 1,930 persons aged 18 years and over, comprised of 975 males and 955 females. The Census results showed a 43.4 percent increase of persons 18 years and over between 1990 and 2000.
-  Of the total number of people residing in Talofofo, approximately 377 are children under 5 years old; 384 are children between the ages of 5 - 9 years; 323 children are between the ages of 10 - 14 years; and 290 are between the ages of 15 - 19 years.
-  The 2000 Guam Census showed Talofofo's cultural mix of Chamorro's (75%); Freely Associated States (4.4%); Filipino's (3.1%); Other Asian (1.3%); White (7%); Black (.22%); Other (2%); Chamorro and others (4%); and Asian and others (3%).
-  In 2000, 76.6 percent of Talofofo's residents 25 years of age and over were high school graduates with 18.3 percent holding a Bachelor's degree or higher.
-  The Civilian Labor Force population for persons 16 years of age and over rose 32.5 percent from 948 persons in 1990 to 1,256 persons in 2000. Persons in the armed forces made up 1.1 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 4.5 percent to 14.6 percent, respectively.
-  The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Talofofo is projected to have a population of 3,552 persons in 2006. By 2010, the population is expected to increase to 3,753 persons.
-  Of the projected population for Talofofo in 2006, approximately 1,813 are males and 1,739 are females. By 2010, the male population will be 1,916 and 1,837 for females.

Households and Income

-  In 2000, there were 738 total households in Talofofo of which there were 653 family households. Average household size decreased from 4.41 persons in 1990 to 4.33 persons in 2000. The median household income decreased 1 percent between 1990 and 2000. In 2000, the per capita income was reported at \$12,977, down slightly at 0.1 percent from 1990.
-  Of the 738 households surveyed, 613 reported a mean earning of \$55,604; 57 with Social Security Income (mean earnings \$7,776); 7 with Supplemental Security Income (mean earnings \$5,662); 107 with Public Assistance Income (mean earnings \$6,225); and 192 with Retirement Income (mean earnings \$23,555).
-  Approximately 144 families, or 22.5% of total families, in Talofofo were living below poverty level in 1999. Of this total, 64 families had a female as the head of household with no husband present. Of the 64 families, 61 had related children under 18 years; and 38 had related children under 5 years of age.

TAMUNING

Mayor Francisco C. Blas

Vice Mayor Louise C. Rivera

There are two Carolinian stories that relate to how this village derives its name. First, there was a Carolinian Chief named Tamuning who was brought over from Ulul Atoll in the Caroline Islands. The second came from a Carolinian word “Tamuning” which is the movement of people from Apotuan on to the area where a cotton plantation was run by an individual named George Johnston. Mr. Johnston was an American businessman who married a Spaniard woman and was permitted to grow cotton in what is now Tamuning. The second village derives its name from the saying “ti apmam homhom” which means it is getting dark and refers to hunters and fishermen who walk from southern Guahan to fish or hunt in this place and by the time they get there it is nearing darkness.

Population

- ➡ In 2000, Guam had a total population of 154,805. About 11.6 percent (or 18,012 persons) of Guam's total population resided in the village of **Tamuning** in 2000. Tamuning's population increased 8.0 percent from 16,673 persons in 1990 to 18,012 persons in 2000. The median age of residents in Tamuning rose from 30.6 years in 1990 to 32.0 years in 2000.
- ➡ In 2000, there were 12,941 persons aged 18 years and over, comprised of 6,797 males and 6,144 females. The Census results showed a 5.1 percent increase of persons 18 years and over between 1990 and 2000.
- ➡ Of the total number of people residing in Tamuning, approximately 1,711 are children under 5 years old; 1,490 are children between the ages of 5 - 9 years; 1,217 children are between the ages of 10 - 14 years; and 1,070 are between the ages of 15 - 19 years.
- ➡ The 2000 Guam Census showed Tamuning's cultural mix of Chamorro's (14.2%); Freely Associated States (10%); Filipino's (26%); Other Asian (26%); White (8%); Black (.63%); Other (2.4%); Chamorro and others (4%); and Asian and others (7%).
- ➡ In 2000, 79.8 percent of Tamuning residents 25 years of age and over were high school graduates with 26.4 percent holding a Bachelor's degree or higher.
- ➡ The Civilian Labor Force population for persons 16 years of age and over decreased 0.8 percent from 9,311 persons in 1990 to 9,233 persons in 2000. Persons in the armed forces made up 2.9 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 2.7 percent to 8.0 percent, respectively.
- ➡ The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Tamuning is projected to have a population of 19,899 persons in 2006. By 2010, the population is expected to increase to 21,024 persons.
- ➡ Of the projected population for Tamuning in 2006, approximately 10,407 are males and 9,492 are females. By 2010, the male population will be 10,995 and 10,029 for females.

Households and Income

- ➡ In 2000, there were 5,953 total households in Tamuning of which there were 4,031 family households. Average household size decreased from 3.03 persons in 1990 to 2.96 persons in 2000. The median household income decreased 14.3 percent between 1990 and 2000. In 2000, the per capita income was reported at \$16,328, down 11.8 percent from 1990.
- ➡ Of the 5,953 households surveyed, 5,006 reported a mean earning of \$50,610; 498 with Social Security Income (mean earnings \$8,759); 32 with Supplemental Security Income (mean earnings \$7,049); 381 with Public Assistance Income (mean earnings \$3,950); and 470 with Retirement Income (mean earnings \$21,056).
- ➡ Approximately 872 families, or 21.6% of total families, in Tamuning were living below poverty level in 1999. Of this total, 285 families had a female as the head of household with no husband present. Of the 285 families, 240 had related children under 18 years; and 134 had related children under 5 years of age.

UMATAC (Humåtak)

Mayor Daniel Sanchez

The village of Umatac is located in the south western side of the island and is part of the Haya (Southern) District. This village derives its name from the word “uma”. “Uma” means to carry something on the back or a heavy load on the shoulders. Umatac is the smallest and second oldest of Guam’s villages after Inarajan. This is the village that Ferdinand Magellan is alleged to have visited and it was through his escapades with the villagers that led him to rename Guam, the “Island of Thieves.”

Population

- ➡ In 2000, Guam had a total population of 154,805. Approximately 0.6 percent (or 887 persons) of Guam's total population resided in the village of **Umatac** in 2000. Umatac's population decreased 1.1 percent from 897 persons in 1990 to 887 persons in 2000. The median age of residents in Umatac rose from 19.4 years in 1990 to 21.9 years in 2000.
- ➡ In 2000, there were 508 persons aged 18 years and over, comprised of 263 males and 245 females. The Census results showed a 6.7 percent increase of persons 18 years and over between 1990 and 2000.
- ➡ Of the total number of people residing in Umatac, approximately 120 are children under 5 years old; 104 are children between the ages of 5 - 9 years; 93 children are between the ages of 10 - 14 years; and 89 are between the ages of 15 - 19 years.
- ➡ The 2000 Guam Census showed Umatac's cultural mix of Chamorro's (90.3%); Freely Associated States (.70%); Filipino's (.80%); Other Asian (.50%); White (1.1%); Black (.23%); Other (.60%); Chamorro and others (5%); and Asian and others (2.5%).
- ➡ In 2000, 71.7 percent of Umatac residents 25 years of age and over were high school graduates with 4.4 percent holding a Bachelor's degree or higher.
- ➡ The Civilian Labor Force population for persons 16 years of age and over increased 10.8 percent from 323 persons in 1990 to 358 persons in 2000. Persons in the armed forces made up 0.6 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 16.7 percent to 27.7 percent, respectively.
- ➡ The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Umatac is projected to have a population of 980 persons in 2006. By 2010, the population is expected to increase to 1,035 persons.
- ➡ Of the projected population for Umatac in 2006, approximately 514 are males and 466 are females. By 2010, the male population will be 543 and 492 for females.

Households and Income

- ➡ In 2000, there were 162 total households in Umatac of which there were 150 family households. Average household size decreased from 5.54 persons in 1990 to 5.48 persons in 2000. The median household income decreased 23.4 percent between 1990 and 2000. In 2000, the per capita income was reported at \$9,451, up 4.7 percent from 1990.
- ➡ Of the 162 households surveyed, 128 reported a mean earning of \$52,720; 15 with Social Security Income (mean earnings \$6,210); 3 with Supplemental Security Income (mean earnings \$2,215); 51 with Public Assistance Income (mean earnings \$5,718); and 60 with Retirement Income (mean earnings \$17,406).
- ➡ Approximately 49 families, or 32.7% of total families, in Umatac were living below poverty level in 1999. Of this total, 20 families had a female as the head of household with no husband present. Of the 20 families, 19 had related children under 18 years; and 13 had related children under 5 years of age.

YIGO (Yigu)

This village derives its name from the word “yugu”. “Yugu” means the frame placed over the neck of a carabao and harnessed to a cart. Yigo is the island’s northernmost village. The soil is rich for coffee, cocoa, pineapples, oranges and tangerines which grew in abundance before the war. This village also produced chocolates which were then transported to Hagåtña where they were served to visitors in the Chocolate House of the Governor’s palace. Yigo also has many ifil wood trees, the hard wood used to make the yoke of the carabao and oftentimes the construction of the carabao cart.

Population

- ➡ In 2000, Guam had a total population of 154,805. About 12.6 percent (or 19,474 persons) of Guam's total population resided in the village of **Yigo** in 2000. Yigo's population increased 37.0 percent from 14,213 persons in 1990 to 19,474 persons in 2000. The median age of residents in Yigo rose from 24.3 years in 1990 to 25.0 years in 2000.
- ➡ In 2000, there were 12,044 persons aged 18 years and over, comprised of 6,171 males and 5,873 females. The Census results showed a 32 percent increase of persons 18 years and over between 1990 and 2000.
- ➡ Of the total number of people residing in Yigo, approximately 2,381 are children under 5 years old; 2,234 are children between the ages of 5 - 9 years; 1,905 children are between the ages of 10 - 14 years; and 1,502 are between the ages of 15 - 19 years.
- ➡ The 2000 Guam Census showed Yigo's cultural mix of Chamorro's (22%); Freely Associated States (8%); Filipino's (31.4%); Other Asian (2.3%); White (15%); Black (3.2%); Other (3%); Chamorro and others (5%); and Asian and others (8%).
- ➡ In 2000, 79.2 percent of Yigo residents 25 years of age and over were high school graduates with 19.3 percent holding a Bachelor's degree or higher.
- ➡ The Civilian Labor Force population for persons 16 years of age and over increased 47.9 percent from 4,731 persons in 1990 to 6,996 persons in 2000. Persons in the armed forces made up 19.3 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 4.0 percent to 11.6 percent, respectively.
- ➡ The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Yigo is projected to have a population of 21,514 persons in 2006. By 2010, the population is expected to increase to 22,731 persons.
- ➡ Of the projected population for Yigo in 2006, approximately 11,046 are males and 10,468 are females. By 2010, the male population will be 11,617 and 11,060 for females.

Households and Income

- ➡ In 2000, there were 4,634 total households in Yigo of which there were 4,202 family households. Average household size increased from 3.88 persons in 1990 to 4.09 persons in 2000. The median household income rose 2.5 percent between 1990 and 2000. In 2000, the per capita income was reported at \$11,018, down 11.8 percent from 1990.
- ➡ Of the 4,634 households surveyed, 4,049 reported a mean earning of \$44,498; 418 with Social Security Income (mean earnings \$7,488); 25 with Supplemental Security Income (mean earnings \$7,240); 411 with Public Assistance Income (mean earnings \$5,199); and 605 with Retirement Income (mean earnings \$19,605).
- ➡ Approximately 762 families, or 18.1% of total families, in Yigo were living below poverty level in 1999. Of this total, 221 families had a female as the head of household with no husband present. Of the 221 families, 201 had related children under 18 years; and 122 had related children under 5 years of age.

YONA (Yo'ña)

The village derives its name from the word “iyo-ña”. “Iyo-ña” means the possession of something be it material things, personal items, or spiritual ownership. Yona is located on the south eastern side of the island and is situated on a plateau overlooking the Pacific Ocean and is part of the Haya (Southern) District. Yona is well known to islanders because of Menenggon, the infamous concentration camp where the Japanese imprisoned the Chamorros before the American invasion. This village follows the village of Sinajana where development in the form of “Urban Renewal” created what is Yona today.

Population

-  In 2000, Guam had a total population of 154,805. About 4.2 percent (or 6,484 persons) of Guam's total population resided in the village of **Yona** in 2000. Yona's population increased 21.5 percent from 5,338 persons in 1990 to 6,484 persons in 2000. The median age of residents in Yona rose from 21.3 years in 1990 to 24.3 years in 2000.
-  In 2000, there were 3,852 persons aged 18 years and over, comprised of 1,908 males and 1,944 females. The Census results showed a 27.7 percent increase of persons 18 years and over between 1990 and 2000.
-  Of the total number of people residing in Yona, approximately 720 are children under 5 years old; 785 are children between the ages of 5 - 9 years; 701 children are between the ages of 10 - 14 years; and 641 are between the ages of 15 - 19 years.
-  The 2000 Guam Census showed Yona's cultural mix of Chamorro's (64%); Freely Associated States (3.2%); Filipino's (5.2%); Other Asian (2%); White (6%); Black (.40%); Other (1.3%); Chamorro and others (6%); and Asian and others (8%).
-  In 2000, 77.3 percent of Yona residents 25 years of age and over were high school graduates with 20.7 percent holding a Bachelor's degree or higher.
-  The Civilian Labor Force population for persons 16 years and over increased 13.8 percent from 2,189 persons in 1990 to 2,490 persons in 2000. Persons in the armed forces made up 1.3 percent of total persons in the labor force. Unemployment increased between 1990 and 2000, 4.2 percent to 14.2 percent, respectively.
-  The U.S. Census Bureau projected Guam's population to be 171,020 in 2006. Of the projected population total, Yona is projected to have a population of 7,164 in 2006. By 2010, the population is expected to increase to 7,568.
-  Of the projected population for Yona in 2006, approximately 3,582 are males and 3,582 are females. By 2010, the male population will be 3,784 and 3,784 for females.

Households and Income

-  In 2000, there were 1,486 total households in Yona of which there were 1,324 family households. Average household size decreased from 4.58 persons in 1990 to 4.33 persons in 2000. The median household income dropped 1.3 percent between 1990 and 2000. In 2000, the per capita income was reported at \$14,389, up 9.1 percent from 1990.
-  Of the 1,486 households surveyed, 1,266 reported a mean earning of \$59,030; 133 with Social Security Income (mean earnings \$8,022); 13 with Supplemental Security Income (mean earnings \$5,907); 211 with Public Assistance Income (mean earnings \$5,387); and 429 with Retirement Income (mean earnings \$24,715).
-  Approximately 261 families, or 19.7% of total families, in Yona were living below poverty level in 1999. Of this total, 112 families had a female as the head of household with no husband present. Of the 112 families, 107 had related children under 18 years; and 57 had related children under 5 years of age.

Guam Economic Outlook

GUAM ECONOMIC OUTLOOK

Summary

Guam is expected, absent major adverse disturbances, to continue its recovery and expansion of economic activities in FY 2006 and FY 2007 as it has in each fiscal year following the depressed level of FY 2002. Given the number of private, federal defense and government of Guam construction projects already planned, permitted and contracted it is possible, if not likely, that the pace of the economic expansion will soon accelerate.

Economic activities and tax revenues are anticipated to continue to recover so that by FY 2007 these levels will more closely approach those achieved in FY 2001 prior to being severely impacted by the repercussions of the terrorist events of September 11, 2001 and subsequent typhoons of Chata'an and Pongsona.

The recovery from the depressed level of FY 2002 was initially fueled by a combination of a gradual but significant rebound in the tourist arrival numbers and by substantial federal typhoon assistance as well as private insurance payments. Now that the tourist arrival numbers are at a more normal level and the typhoon recovery efforts are largely completed; further economic growth depends on other sources of financial stimulus. Fortunately, substantial capital investment commitments are in place for private businesses, Government of Guam and Federal Government projects. The simultaneous combination of increasing public and private capital investment and construction, expanding defense personnel numbers in addition to modestly increasing tourist arrivals, increasing civilian employment, consumer and investor confidence and spending provides the stimulus for continuing expansion. A number of large defense activities and infrastructure improvements are under consideration or planned for Guam. The

realization and timing of the implementation of these projects is cause for substantial uncertainty and variability in the estimates of growth levels in specific time periods. As decisions on these activities are made and projects scheduled, there will be a better ability in the future to produce more precise forecasts.

Outlook

Various economic indicators show how the economy has recovered and expanded in recent years, these include gross receipts, visitor arrivals and employment; these indicators however document past activities. While they are useful in providing a starting point for forecasts, they do not, for the most part, directly provide insights on how the direction or magnitude of activities might change in the future. Building Permits provide an important leading economic indicator of the type and level of construction activities planned and

likely to occur as well as the type of activities and employment which may occur in the buildings once completed. The dollar value of building permits in CY 2005 at \$167,599,164 is a 36 percent increase over the \$123,594,000 permitted in CY 2004 and the highest level since CY 2000. The value of total permits increased by more than seventy-five percent from CY 2002 to CY 2005. Both residential construction permits and Government of Guam projects have nearly doubled from FY 2004 to FY 2005.

Government of Guam projects planned or scheduled by the Department of Public Works for 2006 and 2007 total over \$86 million in addition to \$20 million for Ordot Landfill closure and \$80 million for a new Dandan landfill. A municipal lease to build two elementary schools, one middle school and one high school is scheduled for groundbreaking in 2006. GHURA Ironwood Estates Guam LLC plans to construct a 108 unit low-income housing project in Machanao. Guam Waterworks Authority has scheduled \$70 million in capital improvement projects during fiscal years 2006 and 2007 funded by the 2005 revenue bonds.

Federal Government construction projects on military bases are not included in the building permit data. In lieu of this, construction budgets and projects contracted provide important indicators of future construction. About \$100 million in construction projects are planned by the Air Force over the next two years. A contract has been awarded for \$29 million for the construction of a new high school and McCool Elementary and Middle school. A contract for Kilo Warf improvements exceeding \$10 million dollars has also been awarded.

The planned relocation of up to 7,000 Marine from Okinawa to Guam will have a major impact. The costs and timing of this relocation and related activities has not yet been fully outlined as plan details are under discussion between the U.S. and

Japanese governments. The Navy is considering home porting a carrier strike force on Guam. Headquarters Pacific Air Forces is proposing to base a Global Strike Task Force (GSTF) on Andersen AFB. It is estimated that approximately three thousand additional military, civilian and contractor personnel would be based at Andersen AFB as a result. The action would begin in 2007 with facility construction projects and be completed around 2016, at a cost of over \$2 billion. While the war on terrorism and the increased need for pacific force capabilities will support increased defense activities on Guam, the costs of the war will compete for and many constrain and delay funding for planned Guam defense construction projects.

Guam Hotel & Restaurant Association's November 2005 figures show year to date room rates are up three percent and occupancy rates up six percent. The number of tourist facility upgrades planned in the near future expresses business confidence. Starting the new fiscal year, Fiesta Resort Guam opened its 318-room hotel December 22, 2005. Guam Hilton Resort & Spa plans to reopen the former Magahaga wing in a \$50 million upgrade. The Guam Reef Hotel plans major renovations. Marriott plans \$20 million in renovations. Guam Plaza Hotel plans a \$6 million renovation. Guam Hotel Okura plans a \$20

million upgrade. Renovations are also planned at the Holiday Resort. The Louis Vuitton site in the Tumon Sands Plaza is being renovated. DFS plans \$20 million in renovations. Watabe Wedding plans to open a new wedding chapel behind the former Fujita Hotel in Tumon. There have been recent changes in the airline industry, which have the potential to affect the visitor industry post positively and negatively. High fuel costs remain a concern and potential risk for the airline industry. One of the island's major carriers, Northwest Airlines, filed voluntary Chapter 11 Bankruptcy petitions for reorganization. Continental Micronesia suspended its Guam – Taipei service October 31, 2005. Northwest added daily service between Guam and Nagoya effective November 1 and between Guam and Osaka – began October 1, 2005. The possibility of avian flu outbreaks will continue to be a concern for industry.

Guam residents account for about 39 percent of total business revenue on Guam according to the 2002 Economic Census. Improved consumer confidence is supported by full restoration of increments for Government of Guam employees, which will increase earnings modestly for FY 2006 and forward. Rising Real Estate values provide recovering asset value and wealth to support increased consumer expenditures. Increased housing construction is a result of this confidence as well as moderate interest rates. Auto dealers are an example of this confidence in the consumer sector. Prestige Automobiles will break ground in 2006 on a \$6 million facility on Marine Corps Drive. Cars Plus plans construction of a new Maite showroom, it will be one of the largest in the region. Construction of the Triple J Motors Guam dealership in Marine Corps Drive is completed.

The outcome of court cases concerning the debt recovery bond, the municipal school leasing program, the earned income credit and Government of Guam retirees' cost of living issues could significantly affect resident incomes and economic activities as well as Government of Guam finances during

the forecast period. The attorney general's bond issue appeal remains pending before the Ninth Circuit. The court's jurisdiction may be terminated if the court follows the rational it followed in its January 3, 2006 opinion dismissing the Santos case.

Section 30 funds are expected to increase along with increased defense personnel being stationed on Guam. Federal Medicaid funding for Guam, in the Deficit Reduction Act of 2005 passed December 19, 2005 increased by \$2.5 million for 2005 and will increase by \$5 million for 2006. Incremental increases in federal funding for items such as retirement benefits and employee salaries are expected to continue with an upward trend.

Table 3-02 . Period of Military Service for Civilian Veterans, Chamorros in the United States: 2000

Veterans	United States	Guamanian or Chamorro alone or in any combination	Guamanian or Chamorro alone
Total Civilian vetrans 18 years and over	26,403,703	7,973	5,836
August 1990 or later	3,024,503	2,297	1,517
Served in Vietnam era	328,430	310	237
No Vietnam service:	2,696,073	1,987	1,280
Served September 1980 or later only:	2,479,553	1,608	942
Served under 2 years	486,585	293	131
Served 2 or more years	1,992,968	1,315	811
Served prior to September 1980	216,520	379	338
May 1975 t July 1990 only:	3,448,136	1,804	1,378
September 1980 to July 1990 only:	1,963,382	1,067	815
Served under 2 years	367,207	165	114
Served 2 or more years	1,596,175	902	701
Other May 1975 to July 1990 service	1,484,754	737	563
Vietnam era, no Korean War, no World War II, no August 1990 or later	7,616,627	2,380	1,865
Vietnam era and Korean War, no World War II, no August 1990 or later	274,445	271	211
Vietname era, Korean War, and World War II, no August 1990 or later	160,854	38	32
February 1955 to July 1964 only	2,866,219	314	260

Compact Impact

Table 4-01 . Compact Impact Capital Improvement Projects (P.L. 104-134)

Grant Year	Agency	Project	Total Grant
FY 2005	DPR	Revitalization of Hagatna	1,398,000
	CFD	Fire Pumper Trucks	159,127
		Subtotal	\$1,557,127
FY 2004	----	(No Project Approved)	0
		Subtotal	\$0
FY 2003	DOE	School Repair and Equipment	700,000
	DOE	Match for FEMA Category E Projects	300,000
	DPW	School Buses	1,500,000
	GFD	Fire Trucks (project combined with 2002 funds)	638,000
	GMHA	Facility Repair and Equipment	1,355,000
	GPD	Police Vehicles	1,080,000
		Subtotal	\$5,573,000
FY 2002	DPW	Elevator and Air Conditioners at DMHSA	200,000
	DPW	School Buses	1,300,000
	DPW	Agana Heights Gym Resurfacing	28,750
	DPW	Road Projects	2,749,000
	DPW	DOE Water Tanks	1,000,000
	DPW	Tumon Police Precinct Supplement	90,000
	GFD	Ambulances	781,000
	GFD	Fire Trucks	112,000
		Unallocated FY 2002 Balance	119,250
		Subtotal	\$6,380,000
FY 2001	DPW	Road Improvement	6,800,000
	DPW	Library Renovation and Repair	100,000
	GFD	Emergency Vehicle Repair	75,000
	GFD	Ambulances	219,000
	GMH	Equipment Radiology/Orthopedic	1,125,000
	GWA	Water Meters	750,000
	GWA	Waterline Replacement	500,000
		Subtotal	\$9,569,000
FY 2000	DPW	Road Projects Phase 1	1,950,000
	GMH	Equipment	2,000,000
	GMH	Equipment Radiology/Orthopedic	575,000
	GWA	Vehicle and Equipment Project	1,455,000
	GWA	Water Project Tract 10432 and 10433	850,000
	GWA	Waterline Extension Capital Equipment	500,000
	GWA	Pipes and Valves	250,000
		Subtotal	\$7,580,000
FY 1999	DOA	Financial Management System Phase II	2,150,000
	DOA/BOP	Y2K Compliance Project	350,000
	DPW	Windward Hills Waterline	700,000
	DPW	Road Projects	510,000
	GFD	Ambulances	750,000
	GWA	Vehicle and Equipment Project	45,000
	KGTF	Tower Project	75,000
		Subtotal	\$4,580,000
FY 1998	DOA	Financial Management System	1,800,000
	DPW	Agat Multi-purpose Gymnasium	100,000
	DPW	Yigo Secondary Road Project	300,000
	DPW	Yigo Multi-purpose Gymnasium	1,300,000
	DPW	Tumon Police Precinct Supplement	230,000
	DPW	Piti Asbestos Removal	150,000
	GWA	Chalan LaChance Water Distribution	700,000
		Subtotal	\$4,580,000
FY 1997	DPW	Tumon Police Precinct	650,000
	DPW	Agat Multi-purpose Gymnasium	100,000
	GWA	Mataguac Water Distribution	890,000
	GWA	Lupog Water Project	340,000
	GWA	Chalan Pago Sewer Project	2,600,000
		Subtotal	\$4,580,000
FY 1996	DPW	Adelup/RJB Complex and Government House	300,000
	DPW	Talofofo Multi-purpose Gymnasium	900,000
	DPW	Yona Multi-purpose Gymnasium	900,000
	DPW	Yigo Secondary Road Project	700,000
	DPW	Agat Multi-purpose Gymnasium	750,000
	GMH	Equipment	420,000
	GWA	Anoa Point Subdivision	600,000
	GWA	Mataguac Water Distribution	10,000
		Subtotal	\$4,580,000
GRAND TOTAL CIP FUNDS			\$48,979,127

Source: Catholic Education Office; Department of Defense Education Activity (DoDEA); Other Private Schools: Asmuyao Community School, Evangelical Christian Academy, Guam Adventist Academy, Guam International Christian Academy, Harvest Christian Academy, Saint Paul Christian School, Southern Christian Academy, St. John's School, Tamuning Christian Academy, Temple Baptist Christian School, and Trinity Christian School Christian School; Guam Public School System.

Note: DoDEA = Department of Defense Education Activity

Other Private Schools includes Asmuyao Community School, Evangelical Christian Academy, Guam Adventist Academy, Guam International Christian Academy, Harvest Christian Academy, Saint Paul Christian School, Southern Christian Academy, St. John's School, Tamuning Christian Academy, Temple Baptist Christian School, and Trinity Christian School.

Per pupil cost is calculated by dividing the total amount of expenditures per year by the average daily membership. The figures does not include cost for transportation from Department of Public Works.

Private School Graduates includes Catholic Schools, DoDEA, and Other Private Schools Graduates.

Cohort Graduation Rate: Based on the capability of tracking the high school experience of each member of the ninth grade cohort.

After four years of high school, each member of the ninth grade cohort is identified as either 1) a graduate; 2) still in school; 3) a transfer; 4) a dropout; or 5) a withdrawal due to illness or death. A four year cohort graduation rate may then be calculated by dividing the number of cohort graduates after four years of high school by the total 9th grade cohort less the number of transfers and the number of students that withdrew during the four years due to illness or death.

Note: Income quintiles are developed directly from households or personal income totals and then divided into five equal parts on the basis of the ranked total incomes. Hence, the lowest quintile is the bottom 20 percent of the population or households on the basis of income; the highest quintile is the highest 20 percent on the same basis.

The Uniform Crime Report Program counts one offense for each female victim of a forcible rape, attempted forcible rape, or assault with intent to rape, regardless of age.

Forible Rape: The carnal knowledge of a female forcibly and against her will. Assaults and attempts to commit rape by force or threat of force are also included. However statutory rape (without force) are excluded.

Program classifies as Part II offenses all other crimes of sexual nature and, as such, collects only arrest statistics concerning them.

Source: Occupational Employment Statistics, Bureau of Labor Statistics, Guam Department of Labor, Government of Guam

1/ Estimates for detailed occupations do not sum to the totals because the totals include occupations not shown separately.

Estimates do not include self-employed workers.

2/ Annual wages have been calculated by multiplying the hourly mean wage by a "year-round, full-time" hours figure of 2,080 hours; for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported survey data

3/ The relative standard error (RSE) is a measure of the reliability of a survey statistic. The smaller the relative standard error, the more precise the estimate.

4/ Hourly wage rates for occupations where workers typically work fewer than 2,080 hours per year are not available.

5/ This wage is equal to or greater than \$70.00 per hour or \$145,600 per year.

7/ Estimates not released.

Source: Occupational Employment Statistics, Bureau of Labor Statistics, Guam Department of Labor, Government of Guam

1/ Estimates for detailed occupations do not sum to the totals because the totals include occupations not shown separately.

Estimates do not include self-employed workers.

2/ Annual wages have been calculated by multiplying the hourly mean wage by a "year-round, full-time" hours figure of 2,080 hours; for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported survey data

3/ The relative standard error (RSE) is a measure of the reliability of a survey statistic. The smaller the relative standard error, the more precise the estimate.

4/ Hourly wage rates for occupations where workers typically work fewer than 2,080 hours per year are not available.

5/ This wage is equal to or greater than \$70.00 per hour or \$145,600 per year.

7/ Estimates not released.

Source: Energy Information Administration, Form EIA-860, "Annual Electric Generator Report"

1/ Anthracite, bituminous coal, subbituminous coal, lignite, waste coal, and synthetic coal.

2/ Distillate fuel oils (all diesel and No. 1, No. 2, and No. 4 fuel oils), residual fuel oils No. 5 and No. 6 fuel oil), jet fuel, kerosene, petroleum coke (converted to liquid petroleum, see technical notes for conversion methodology) and waste oil.

3/ Blast furnace gas, propane gas, and other manufactured and waste gases derived from fossil fuels.

4/ The net summer capacity and /or the net winter capacity may exceed nameplate capacity due to upgrades and overload capability of hydroelectric generators.

5/ Wood, black liquor, other wood waste, municipal solid waste, landfill gas, sludge waste, tires, agriculture byproducts, other biomass, geothermal, solar thermal, photovoltaic energy and wind

6/ Batteries, chemicals, hydrogen, pitch, purchased steam, sulfur, and miscellaneous technologies.

Note: Where there is more than one energy source associated with a generator, the predominant energy source is reported here
Totals may not equal sum of components because of independent rounding.

Glossary

A

Age_Sex Structure	The age-sex structure is the composition of a population as determined by the number or proportion of males and females in each age category. The age_sex structure of a population is the cumulative result of past trends in fertility, mortality, and migration. Information on age_sex composition is essential for the description and analysis of many other types of demographic data. See also <i>Population Pyramid</i> .
Average	The average is the amount obtained by dividing the aggregate or total of a particular variable in the statistical universe by the number of units in that universe.

B

Bankruptcy	A legal procedure for dealing with debt problems of individuals and businesses. These procedures are covered under Title 11 of the United States Code (Bankruptcy Code). Bankruptcy laws help people who can no longer pay their creditors get a fresh start by liquidating their assets to pay their debts, or be creating a repayment plan. Bankruptcy laws also protect troubled businesses and provide for orderly distributions to business creditors through reorganization or liquidation.
Birth	A birth (live birth) is the complete expulsion or extraction from is mother of a product of human conception, irrespective of the duration of the pregnancy, which, after such expulsion or extraction, breathes or shows any other evidence of life such as beating of the heart, pulsation of the umbilical cord or definite movement of the voluntary muscles, whether or not the umbilical cord has been cut or the placenta is attached.
Birth Rate	The birth rate is the number of live births per 1,000 population in a given year. It should not be confused with the growth rate. See also <i>Growth Rate</i> .

C

Census	A census is the canvassing of a given area, resulting in an enumeration of the entire population and often the compilation of other demographic, social, and economic information pertaining to that population at a specific time. See also <i>Survey</i> .
Census Designated Place	Census designated places (CDP) are delineated for each decennial census to provide census data for concentrations of population, housing, and commercial structures that are identifiable by name but are not within an incorporated place. CDP boundaries usually are defined in cooperation with state, local, and tribal officials. CDP boundaries may change from one decennial census to the next with changes in the settlement pattern; a CDP with the same name as in an earlier census does not necessarily have the same boundary. All places in Guam are CDPs.
Childbearing Years	Childbearing years is the reproductive age span of women, assumed for statistical purposes to be 15_44 or 15_49 years of age.

Civilian	A civilian is a person who is not in the armed forces, including dependent members of the armed forces.
Civilian Labor Force	The civilian labor force is all persons 16 years and older employed for pay or profit plus those who are unemployed but seeking work. See also <i>Employed</i> , <i>Unemployed</i> , and <i>Not in Labor Force</i> .
Cohort	A group of people sharing a common temporal demographic experience who are observed through time. For example, the birth cohort of 1900 is the people born in that year.
Consumer Price Index	The Consumer Price Index (CPI) measures the rate at which the prices of consumer goods and services are changing over time. In practice, most CPIs are calculated as weighted averages of the percentage price changes for a specified set, or “basket”, of consumer products, the weights reflecting their relative importance in household consumption in some period. A monthly or quarterly price index compiled and published by an official statistical agency that measures changes in the prices of consumption goods and services acquired or used by households.
Crude Birth Rate	See <i>Birth Rate</i> .
Crude Death Rate	See <i>Death Rate</i> .
Crude Divorce Rate	See <i>Divorce Rate</i> .

_ D _

Death	Death is the permanent loss of all evidence of life after a live birth has occurred.
Death Rate	The death rate is the number of deaths per 1,000 population in a given year.
Defined Benefit Plan	The Defined Benefit Plan provides for retirement, disability, and survivor benefits to members of the plan prior to October 1, 1995 (all government employees are required to participate in the Defined Contribution Plan after October 1, 1995). Under the Defined Benefit Plan, retirement benefits are based on age and/or years of credited service and an average of the three (3) highest annual salaries received by a member during the years of credited service, or six thousand (\$6,000), whichever is greater.
Defined Contribution Plan	Created by Public Law 23-42:3, this plan provides an individual account retirement system for any person who is employed by the Government of Guam. This plan is a single-employer pension and is the only plan for all new employees whose employment commences on or after October 1, 1995.

Density	Population density and housing unit density are computed by dividing the total population or number of housing units within a geographic entity by the land area of that entity measured in square kilometers or square miles. Density is expressed as both “people (or housing units) per square kilometer” and “people (or housing units) per square mile” of land area.
Dependency Ratio	The ratio of the economically dependent part of the population to the productive part; arbitrarily defined as the ratio of the elderly (ages 65 and older) plus the young (under age 15) to the population in the working ages (ages 15_64).
Disability Status	<p>Disability status was derived from answers to two Census questionnaire items. The first asked about the existence of the following long_lasting conditions: (a) blindness, deafness, or a severe vision or hearing impairment (sensory disability) and (b) a condition that substantially limits one or more basic physical activities, such as walking, climbing stairs, reaching, lifting, or carrying (physical disability) for the population 5 years old and over.</p> <p>Disability status was also determined by asking if the individual had a physical, mental, or emotional condition lasting 6 months or more that made it difficult to perform activities in four categories: (a) learning, remembering, or concentrating (mental disability); (b) dressing, bathing, or getting around inside the home (self_care disability); (c) going outside the home alone to shop or visit a doctor’s office (going outside the home disability); and (d) working at a job or business (employment disability). Individuals were classified as having a disability if any of the following three conditions were true: (1) they were 5 years old and over and had a response of “yes” to a sensory, physical, mental or self_care disability; (2) they were 16 years old and over and had a response of “yes” to going outside the home disability; or (3) they were 16 to 64 years old and had a response of “yes” to employment disability.</p>
Divorce	A divorce is the legal termination of a marriage.
Divorce Rate	The divorce rate is the number of divorces per 1,000 population in a given year.
_ E _	
Educational Attainment	The classification of people according to the level of education attained (the highest level of school completed or the highest degree received).
Election District	An election district is the official term for what is commonly called a “village”; there are the nineteen (19) election districts or villages on Guam.
Employed	All civilians 16 years old and over were classified as employed if they were “at work” or “with a job but not at work” during the reference week, including temporarily absent. See also <i>Unemployed</i> and <i>Not in Labor Force</i> .

Ethnic Origin Ethnic origin refers to an individual's origin or descent, "roots," heritage, or place where the individual or his/her parents or ancestors were born. Respondents reported their ethnic group regardless of the number of generations removed from their place or origin. Responses to the ethnic origin or race question reflected the groups with which respondents identified and not necessarily the degree of attachment or association the individual had with the particular group(s). See also *Race*.

Ethnicity The cultural practices, language, cuisine, and traditions — not biological or physical differences — used to distinguish groups of people.

_ F _

Family A family includes a householder and one or more other people living in the same household who are related to the householder by birth, marriage, or adoption. All people in a household who are related to the householder are regarded as members of his or her family. A family household may contain people not related to the householder, but those people are not included as part of the householder's family in census tabulations. Thus, the number of family households is equal to the number of families, but family households may include more members than do families. A household can contain only one family for purposes of census tabulations. Not all households contain families since a household may be comprised of a group of unrelated people or of one person living alone.

Family Income In compiling statistics on family income, the incomes of all members 15 years old and over related to the householder are summed and treated as a single amount.

Fertility The data on fertility (also referred to as "children ever born") were derived from the answers to the Census question which asked women 15 years old and over—regardless of their marital status—how many babies they have ever had. Stillbirths, stepchildren, and adopted children were excluded from the number of children ever born. Data are most frequently presented in terms of the aggregate number of children ever born to women in specified population groups and in terms of the rate per 1,000 women.

Fetal Death A fetal death is a death prior to the complete expulsion or extraction from its mother of a product of human conception, irrespective of the duration of the pregnancy; the death is indicated the fact that after such expulsion or extraction the fetus does not breathe or show any other evidence of life such as beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles.

Freely Associated States The Freely Associated States (FAS) consists of the Federated States of Micronesia (FSM), Republic of the Marshall Islands (RMI), and the Republic of Palau. Formerly a part of the Trust Territory of the Pacific Islands (TTPI), they became independent nations in free association with the United States.

_ G _

General Fertility Rate	The general fertility rate (GFR) is the number of live births per 1,000 women ages 15_44 or 15_49 years in a given year.
Gross Domestic Product	The gross domestic product (GDP) is the total market value of all the goods and services produced within a country in a given period of time.
Gross Reproduction Rate	The gross reproductive rate (GRR) is the average number of daughters that would be born alive to a woman (or group of women) during her lifetime if she passed through her childbearing years conforming to the age_specific fertility rates of a given year. See also <i>Net Reproduction Rate</i> and <i>Total Fertility Rate</i> .
Group Quarters	<p>Group quarters is used to describe places in which people reside that are not considered “housing units,” such as prisons, long-term care hospitals, military barracks, and dormitories. The group quarters population includes all people not living in households. Two general categories of people in group quarters are recognized:</p> <ol style="list-style-type: none">(1) the institutionalized population which includes people under formally authorized, supervised care or custody in institutions at the time of enumeration. Such people are classified as “patients or inmates” of an institution regardless of the availability of nursing or medical care, the length of stay, or the number of people in the institution. Generally, the institutionalized population is restricted to the institutional buildings and grounds (or must have passes or escorts to leave) and thus have limited interaction with the surrounding community. Also, they are generally under the care of trained staff who have responsibility for their safekeeping and supervision, and(2) the noninstitutionalized population which includes people who live in group quarters other than institutions. It also includes staff residing in military and nonmilitary group quarters on institutional grounds who provide formally authorized, supervised care or custody for the institutionalized population.
Growth Rate	The growth rate is a general expression of the number of people added to (or subtracted from) a population in a year due to natural increase and net migration expressed as a percentage of the population at the beginning of the time period.

_ H _

Homeless	According to the Stewart B. McKinney Act, 42 U.S.C. § 11301, et seq. (1994), a person is considered homeless who "lacks a fixed, regular, and adequate night_time residence and; and... has a primary night time residency that is: (A) a supervised publicly or privately operated shelter designed to provide temporary living accommodations... (B) an institution that provides a temporary residence for individuals intended to be institutionalized, or (C) a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings." 42 U.S.C. § 11302(a) The term "'homeless individual' does not include any individual imprisoned or otherwise detained pursuant to an Act of Congress or a state law." 42 U.S.C. § 11302(c).
Household	A household includes all of the people who occupy a housing unit. (People not living in households are classified as living in group quarters.) Separate living quarters are those in which the occupants live separately from any other people in the building and that have direct access from the outside of the building or through a common hall. The occupants may be a single family, one person living alone, two or more families living together, or any other group of related or unrelated people who share living quarters.
Household Income	Household income is the sum of all incomes of all members 15 years old and over of a household which are treated as a single amount.
Housing Unit	A housing unit is a house, an apartment, a mobile home, a group of rooms, or a single room occupied (or if vacant, intended for occupancy) as separate living quarters. See also <i>Tenure</i> .
HTSUSA	Acronym for <i>Harmonized Tariff Schedule for the United States Annotated</i> . The HTSUSA provides the applicable tariff rates and statistical categories for all merchandise imported into the United States. It is based on the international Harmonized System, the global system of nomenclature that is used to describe most world trade in goods.

_ I _

Income	Income is the wages or revenue accruing from labor, business enterprise, or investments. See also <i>Household Income</i> , <i>Family Income</i> , <i>Individual Income</i> , <i>Mean Income</i> , <i>Median Income</i> , and <i>Per Capital Income</i> .
Individual Income	Income for individuals is obtained by summing the total income for each person.
Immigration	Immigration is the process of entering one country from another to take up permanent or semi-permanent residence.
Industry	Industry relates to the kind of business conducted by a person's employing organization described by its economic product or activity.

Infant Death	An infant death is a death occurring to an individual of less than one year of age
Infant Mortality Rate	The infant mortality rate is the number of deaths of infants under one year of age per 1,000 live births in a given year.
_ L _	
Labor Force	The labor force is all persons employed for pay or profit plus those who are unemployed but seeking work. See also <i>Employed</i> , <i>Unemployed</i> , and <i>Not in Labor Force</i> .
Life Expectancy	Life expectancy is the average number of additional years a person could expect to live if current mortality trends were to continue for the rest of that person's life. It is most commonly cited as life expectancy at birth.
_ M _	
Marriage	A marriage is a social institution involving legal or religious sanction whereby a man and a woman are joined together for the purpose of founding a family unit (traditional).
Maternal Death	A maternal death is a death wherein the physician has designated a maternal condition as the underlying cause of death.
Mean	This measure represents an arithmetic average of a set of values. It is derived by dividing the sum (or aggregate) of a group of numerical items by the total number of items in that group.
Mean Age	The mathematical average age of all the members of a population.
Mean Income	Mean income is the amount obtained by dividing the aggregate income of a particular statistical universe by the number of units in that universe. Thus, mean household income is obtained by dividing total household income by the total number of households.
Median	The median divides a distribution into two equal parts: one_half of the cases falling below the median income and one_half above the median. This measure represents the middle value (if n is odd) or the average of the two middle values (if n is even) in an ordered list of n data values. The median divides the total frequency distribution into two equal parts: one_half of the cases falling below the median and one_half above the median.
Median Age	The age that divides a population into two numerically equal groups; that is, half the people are younger than this age and half are older.

Median Income	The median divides the income distribution into two equal parts: one_half of the cases falling below the median income and one_half above the median. For households and families, the median income is based on the distribution of the total number of households and families including those with no income.
Migration	The movement of people across a specified boundary for the purpose of establishing a new or semi-permanent residence. Divided into international migration (migration between countries) and internal migration (migration within a country).
Minor Civil Division	Minor Civil Divisions (MCD) are the primary governmental or administrative divisions of a first_order subdivision. On Guam, they are Guam's election districts (villages). The MCDs in Guam are geographic subdivisions of the first_order subdivision(s) and are not governmental units.
Mortality	Mortality is a general term for deaths as a component of population change.
_ N _	
Natality	Natality is a general term for births as a component of population change.
Natural Increase (Decrease)	The surplus (or deficit) of births over deaths in a population in a given time period.
Neonatal Death	A neonatal death is death occurring to an individual of less than 28 days of age.
Neonatal Mortality Rate	The neonatal mortality rate is the number of deaths of infants under 28 days of age in a given year per 1,000 live births in that year.
Net Migration	The net effect of immigration and emigration on an area's population in a given time period, expressed as an increase or decrease.
Net Migration Rate	The net effect of immigration and emigration on an area's population, expressed as an increase or decrease per 1,000 population of the area in a given year.
Net Reproduction Rate	The net reproduction rate (NRR) is the average number of daughters that would be born to a woman (or a group of women) if she passed through her lifetime conforming to the age_specific fertility and mortality rates of a given year. This rate is similar to the gross reproduction rate but takes into account that some women will die before completing their childbearing years. An NRR of one means that each generation of mothers is having exactly enough daughters to replace itself in the population. See also <i>Total Fertility Rate</i> .

Not in Labor Force All people 16 years old and over who are not classified as members of the labor force. This category consists mainly of students, individuals taking care of home or family, retired workers, seasonal workers enumerated in an off_season who were not looking for work, institutionalized people (all institutionalized people are placed in this category regardless of any work activities they may have done in the reference week), and people doing only incidental unpaid family work (fewer than 15 hours during the reference week). See also *Employed* and *Unemployed*.

Nuptiality Nuptiality is the general term for the frequency, characteristics, and dissolution of marriages in a population.

_ O _

Occupation Occupation describes the kind of work a person does on the job or a position in the labor force..

_ P _

Part I Offense Part I Offenses is the first of two main groupings of Uniform Crime Reporting Program (UCR) crime classifications consisting of eight offenses reported whether or not they involve arrests:

1. Criminal Homicide,
2. Forcible Rape
3. Robbery
4. Aggravated Assault
5. Burglary
6. Larceny_theft (except motor vehicle theft)
7. Motor Vehicle Theft
8. Arson

See also *Part II Offences* and *Uniform Crime Report*.

Part II Offense Part II Offenses is the second of the two main Uniform Crime Reporting Program (UCR) groupings of crime classifications not already designated in Part I. Agencies are limited to reporting arrest information only for Part I offenses with the exception of simple assault.

Law enforcement agencies report to the FBI only arrest data involving the Part II crimes:

9. Other Assaults
10. Forgery and Counterfeiting
11. Fraud
12. Embezzlement
13. Stolen Property: Buying, Receiving, Possessing
14. Vandalism
15. Weapons: Carrying, Possessing, etc.
16. Prostitution and Commercialized Vice
17. Sex Offenses
18. Drug Abuse Violations

19. Gambling
20. Offenses Against the Family and Children
21. Driving Under the Influence
22. Liquor Laws
23. Drunkenness
24. Disorderly Conduct
25. Vagrancy
26. All Other Offenses
27. Suspicion
28. Curfew and Loitering Laws—(Persons under 18)
29. Runaways—(Persons under 18)

See also *Part II Offences and Uniform Crime Report*.

Per Capita Income	The per capita income is the amount obtained by dividing the aggregate income of all individuals, including those without incomes, by the total number of individuals.
Percentage	This measure is calculated by taking the number of items in a group possessing a characteristic of interest and dividing by the total number of items in that group, and then multiplying by 100.
Permanent Resident	A permanent resident is any person not a citizen of the United States who is residing in the U.S. under legally recognized and lawfully recorded permanent residence as an immigrant (also known as "Permanent Resident Alien", "Lawful Permanent Resident," "Resident Alien Permit Holder," and "Green Card Holder"). See also <i>Temporary Resident</i> .
Place	Places, for the reporting of decennial census data for the Pacific Island Areas, include census designated places (CDP) and incorporated places.
Population	The total population of a country may comprise either all usual residents of the country (de jure population) or all persons present in the country (de facto population) at the time of the census. For purposes of international comparisons, the de facto definition is recommended.
Population Estimate	Population estimates are approximations of current or past population of an area at a given time, or its distribution or composition in absence of complete enumeration.
Population Density	The population density is the population per unit of land area; for example, people per square mile or people per square kilometer of arable land.
Population Projection	Population projections are the computations of future changes in population numbers, given certain assumptions about future trends in the rates of fertility, mortality, and migration. Demographers often issue low, medium, and high projections of the same population, based on different assumptions of how these rates will change in the future.

Population Pyramid	A bar chart, arranged vertically, that shows the distribution of a population by age and sex. By convention, the younger ages are at the bottom, with males on the left and females on the right.
Poverty	<p>Poverty is an economic and social condition for an individual, family, or household whose level of living in terms of food, housing, clothing, medical needs, and so on are determined to be below the community standard.</p> <p>Following the Office of Management and Budget's (OMB) Statistical Policy Directive 14 (1978), the Census Bureau uses a set of money income thresholds designed in the 1960s that vary by family size and composition to determine who is poor. If a family's total income is less than that family's threshold, then that family, and every individual in it, is considered poor. The poverty thresholds do not vary geographically, but they are updated annually for inflation using the Consumer Price Index (CPI_U). The official poverty definition counts money income before taxes and does not include capital gains and noncash benefits (such as public housing, medicaid, and food stamps). Poverty is not defined for people in military barracks or institutional group quarters or for unrelated individuals under age 15 (such as foster children). They are excluded from the poverty universe — that is, they are considered neither as “poor” nor as “nonpoor.”</p>
Poverty Status	<p>For the 2000 Census, the poverty status of families and unrelated individuals in 1999 was determined using 48 thresholds (income cutoffs) arranged in a two dimensional matrix. The matrix consists of family size (from 1 person to 9 or more people) cross_classified by presence and number of family members under 18 years old (from no children present to 8 or more children present). Unrelated individuals and 2_person families were further differentiated by the age of the reference person (RP) (under 65 years old and 65 years old and over).</p> <p>To determine a person's poverty status, one compares the person's total family income with the poverty threshold appropriate for that person's family size and composition. If the total income of that person's family is less than the threshold appropriate for that family, then the person is considered poor, together with every member of his or her family. If a person is not living with anyone related by birth, marriage, or adoption, then the person's own income is compared with his or her poverty threshold.</p>

– Q –

Quartile Quartile is a measure that divides a distribution into four equal parts. The first quartile (or lower quartile) is the value that defines the upper limit of the lowest one-quarter of the cases. The second quartile is the median. The third quartile (or upper quartile) is defined as the upper limit of the lowest three quarters of cases in the distribution. Quartiles are presented for certain financial characteristics, such as housing value and contract rent. The distribution used to compute quartiles is the same as that used to compute medians for that variable.

Quintile Quintile is a measure that divides a distribution into five equal parts on the basis of the ranked total incomes. Hence, the lowest quintile is the bottom 20 percent of the population or households; the highest quintile is the highest 20 percent on the same basis.

– R –

Race The racial classification used by the Census Bureau adheres to the October 30, 1997, Federal Register Notice entitled “Revisions to the Standards for the Classification of Federal Data on Race and Ethnicity” issued by the Office of Management and Budget (OMB). These standards govern the categorization of race in census data products. The OMB identified five minimum race categories (White, Black or African American, American Indian or Alaska Native, Asian, and Native Hawaiian or Other Pacific Islander). In addition to the five race groups, the OMB also states that respondents should be offered the option of selecting one or more races. See also *Ethnic Origin*.

Rate A rate is a measure of occurrences in a given period of time divided by the possible number of occurrences during that period. Rates are sometimes presented as percentages.

**Rate of Natural Increase
(or Decrease)** The rate of natural increase (or decrease) measures the population increase (or decrease) in a given year due to a surplus (or deficit) of births over deaths, expressed as a percentage of the base population.

Ratio A ratio is a measure of the relative size of one number to a second number expressed as the quotient of the first number divided by the second. For example, the sex ratio is calculated by dividing the total number of males by the total number of females, and then multiplying by 100.

Rural See *Urban and Rural*.

_ S _

Sex Ratio	The sex ratio is a measure derived by dividing the total number of males by the total number of females, and then multiplying by 100.
Survey	A survey is a canvass of selected persons or households in a population usually used to infer demographic characteristics or trends for a larger segment or all of the population. See also <i>Census</i> .

_ T _

Temporary Resident	A temporary resident is a nonimmigrant alien who seeks temporary entry to the United States for a specific purpose. The alien must have a permanent residence abroad (for most classes of admission) and qualify for the nonimmigrant classification sought. The nonimmigrant classifications include: foreign government officials, visitors for business and for pleasure, aliens in transit through the United States, treaty traders and investors, students, international representatives, temporary workers and trainees, representatives of foreign information media, exchange visitors, fiancé(e)s of U.S. citizens, intracompany transferees, NATO officials, religious workers, and some others. Most nonimmigrants can be accompanied or joined by spouses and unmarried minor (or dependent) children. See also <i>Permanent Resident</i> .
Tenure	Tenure represents the condition or nature by which occupancy of a housing unit is held. All occupied housing units are classified as either owner occupied or renter occupied. A housing unit is owner occupied if the owner or co_owner lives in the unit even if it is mortgaged or not fully paid for. All occupied housing units that are not owner occupied, whether they are rented for cash rent or occupied without payment of cash rent, are classified as renter occupied.
Total Fertility Rate (TFR)	The total fertility rate is the average number of children that would be born alive to a woman (or group of women) during her lifetime if she were to pass through her childbearing years conforming to the age_specific fertility rates of a given year. This rate is sometimes stated as the number of children women are having today. See also <i>Gross Reproduction Rate</i> and <i>Net Reproduction Rate</i> .

_ U _

Unemployed	All civilians 16 years old and over were classified as unemployed if they were neither “at work” nor “with a job but not at work” during the reference week, were looking for work during the last 4 weeks, and were available to start a job. Also included as unemployed were civilians 16 years old and over who: did not work at all during the reference week, were on temporary layoff from a job, had been informed that they would be recalled to work within the next 6 months or had been given a date to return to work, and were available to return to work during the reference week, except for temporary illness. See also <i>Employed</i> and <i>Not in Labor Force</i> .
------------	--

Uniform Crime Report (UCR) Uniform crime reporting is a collective effort on the part of city, county, state, tribal, and federal law enforcement agencies to present a nationwide view of crime. Agencies throughout the country participating in the Uniform Crime Reporting (UCR) Program provide summarized reports on eight Part I offenses known to law enforcement and reports on persons arrested. They also provide information about law enforcement officers killed and assaulted and on hate crime.

The UCR Program divides offenses into two groups—Part I and Part II. The Program collects data on all Part I offenses that become known to law enforcement whether or not they involve arrests. These crime totals are essential to measuring the level and scope of crimes occurring across the country. Part II offenses are all crime classifications other than those defined as Part I. The UCR Program collects arrest data for both Part I and Part II offenses. See also *Part I Offenses* and *Part II Offenses*.

Urban and Rural

The U.S. Census Bureau classifies as urban all territory, population, and housing units located within urbanized areas (UAs) and urban clusters (UCs). It delineates UA and UC boundaries to encompass densely settled territory, which generally consists of:

- A cluster of one or more block groups or census blocks each of which has a population density of at least 1,000 people per square mile at the time, and
- Surrounding block groups and census blocks each of which has a population density of at least 500 people per square mile at the time, and
- Less densely settled blocks that form enclaves or indentations, or are used to connect discontinuous areas with qualifying densities.

Rural consists of all territory, population, and housing units located outside of UAs and UCs. Geographic entities such as first_order subdivisions, minor civil divisions, and places often contain both urban and rural territory, population, and housing units.

The urban and rural classification applies to the 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, the Northern Mariana Islands, and the Virgin Islands of the United States.

There are UCs in all the Pacific Island Areas, but only the Northern Mariana Islands has a UA (Saipan).

Urban Cluster (UC)

An urban cluster (UC) consists of densely settled territory that has at least 2,500 people but fewer than 50,000 people, except in Guam. By agreement with the Government of Guam, the U.S. Census Bureau recognizes Hagåtña as a UC rather than an urbanized area.

Urbanized Area (UA)

An urbanized area (UA) consists of densely settled territory that contains 50,000 or more people, except in Guam (see below). The U.S. Census Bureau delineates UAs to provide a better separation of urban and rural territory, population, and housing in the vicinity of large places.

Veterans Status	For Census data products, a civilian veteran is a person 18 years old and over who, at the time of the enumeration, had served on active duty in the U.S. Army, Navy, Air Force, Marine Corps, or Coast Guard in the past (even for a short time), but was not then on active duty, or who had served in the Merchant Marine during World War II. People who had served in the National Guard or Military Reserves were classified as veterans only if they had ever been called or ordered to active duty, not counting the 4 to 6 months for initial training or yearly summer camps. All other civilians 18 years old and over were classified as nonveterans.
Vital Statistics	Vital statistics is the collection of Demographic data on births, deaths, fetal deaths, marriages, divorces, and related events usually compiled through a registration system or other administrative record system.

Governor Felix P. Camacho

2006 State of the Island Address

February 22, 2006

Governor Felix P. Camacho
State of the Island Address

February 22, 2006

"Guam Growing Stronger Every Day!"

Hafa Adai my dear people of Guam.

The state of our island is growing stronger every day! People are optimistic and our quality of life has improved. We are better off now than we were three short years ago.

Good morning Lt. Governor Moylan, Speaker Forbes, Chief Justice Carbullido; Delegate Bordallo; former governors; members of the Consular Corps; Senators; Archbishop Anthony Apuron and members of the clergy; Justice and Judges; Mayors; members of the Military, my wife First Lady Joann Camacho, my mother Former First Lady Lourdes Camacho, distinguished guests, my fellow citizens of Guam.

I want to take a moment to thank our sons and daughters from Guam serving in the Armed forces. As we gather here today - under the flag of our island and our nation - our brave men and women are in foreign lands protecting the very freedom that allows us to be here today. But the price our people have paid is overwhelming. Seven young men from Guam have lost their lives in the war. I ask that we take a moment of silence to honor their memories.

In the year 2003, we were brought together at a time when our people, our island and our government needed healing from natural destruction, an ailing economy and years of mistrust and abuse in government.

We had a clear mission, to set things right, recover from the devastating storms, stabilize and strengthen our economy, restore trust in our government, and reunite our people.

Over these past three years, enormous energies have been and continue to be expended by many men and women to get us out of the trouble our island was in, to clean up the mess we were left. The skill, perseverance, intelligence and devotion of the people of Guam are impressive and amazing.

Together, we rebuilt schools, we cleaned our island, we restored jobs and brought this government back from the verge of collapse.

We did this together because we all had a stake in recovering our great island and bringing about the real change needed for all of us to believe again. While we still have more work to do - our mission is well on its way to being accomplished. Three years later you only need to look around to see the real progress that has been made in our economy.

Together, we added three thousand-seven-hundred private sector jobs for our people. We dropped unemployment by more than a third over the last three years and our people are back to work!

Today, more tourists are visiting our island - 1.2 million last year alone - a number we haven't seen since the year 2000. And we expect that number to grow, creating even more jobs and circulating more money into our economy.

The airport is investing more than \$120 million to meet these greater demands and provide increased services to you. Our tourism partners recognize our great potential and are already investing hundreds of millions of dollars to renovate hotels and expand stores to better serve our residents and visitors alike.

But the promise of a bright economic future won't just rest on tourism. We've seen it before, and we're bringing it back.

We are seeing the return to the days when tourism and the military - together - brought prosperity to our island. A military that was downsizing a few short years ago is now set to bring about the greatest economic boom our island has yet seen.

Three submarines have already been home-ported in Apra Harbor. Pacific Air Forces has committed to basing a Global Strike Task Force at Andersen Air Force Base. Efforts are already underway to relocate up to seven thousand Marines on Guam. And this is just the beginning.

Over the next several years, we will see billions of dollars in investments by our military partners to prepare for an influx of more than 15,000 military personnel and their families who will be stationed here on Guam. This activity will bring increased investment, more businesses and better jobs for our people.

But the military expansion will not come at the cost of our people. We are working to ensure that this major growth is matched by improvements to promote and enhance the quality of life for our people.

We are upgrading our water and wastewater systems, infusing \$108 million to properly dispose of wastewater and to deliver clean water to your homes, our schools, and our businesses.

As we are working to provide reliable water service, we are improving our power system to meet the future demands of a busy, growing island. Millions have already been spent to place parts of the power system underground, and we will continue this effort to bring you better services.

You'll have to pardon our progress as the Department of Public Works begins \$86 million in road repairs and expansions. In total, we will make much needed upgrades to more than 280 village roads and more than 20 major roadways.

We are not just improving our roads - we are cleaning them. Together with you, your mayors and vice mayors we have launched a program to remove more than 6,000 abandoned vehicles and appliances from your neighborhoods.

We've built new Senior Citizen centers in Agat, Santa Rita and Malesso and refurbished others in Sinajana and Agana Heights because respect for our Man'Amko is reflected in the things we do and not just in the things we say.

Soon veterans from wars past - and soldiers who are now returning - will find help at a new Veteran's Affairs office in Asan.

And for those of you who don't own a home, we're finding ways to help you build your dreams. For the first time ever, we've opened up opportunities to build or improve your home on Chamorro Land Trust land and Land for the Landless property through partnerships between USDA and Guam Housing.

From individual homes to large scale military projects, hundreds of millions of dollars will be poured into our economy, bringing great improvements to our island.

And the opportunities don't stop there. We continue to return lands to original land owners and their descendants, bringing closure to a long-standing issue and a promising new future for their children and grandchildren.

Tiyan land is significant both economically and culturally. Embroiled in turmoil, it can be a bridge between our people and the federal government or a chasm that will only cause division and strife.

Taken by force by the invading Imperial Japanese army, liberated and utilized by the U.S. military, returned to the government of Guam and given back to the original land owners - it has now become the focal point - where one federal agency has challenged this government to use it, by saying, "Give us what we want, when we want it, on our terms, or lose the land forever because we'll take it back." How can they take back what was never truly theirs?

This generation of federal authorities fails to recognize the many sacrifices and suffering that occurred on this land by our people and their families. Tomorrow, I leave for Washington D.C. to remind them of these sacrifices and to defend the rights of our landowners and the actions of this government.

As we look to the future, nothing is more important than the education of our children. You joined us in our mission to place your children and our schools first, not by words, but through brush, broom and paint. We called on Guam's people to help repair each and every school, and you responded by volunteering with "Adopt-A-School" and "Project ABC" to open our classrooms on time and to give your children schools they could be proud of.

We made emergency repairs, fixed hundreds of classrooms and air-conditioners, cleared land and debris and painted schools. People from all walks of life joined this effort, And this summer?, We're going to do it again!

Together, we have laid the strong foundation for education to remain the first priority of our community. Already, we've changed the conversation in our schools, from broken air-cons to curriculum, from a lack of textbooks to higher test scores. Teachers are talking about teaching and leaders are working to support them.

We've invested fourteen million dollars to buy new textbooks, which are now in your children's classrooms on time at the start of every school year. We added 69 new school buses and now one hundred and seventy buses stand ready to take your children to school safely and on time.

School cafeterias and restrooms are inspected regularly to ensure that they meet Public Health standards. And this month, the Department of Public Health inspected all 37 school cafeterias. The results? One "B" and the rest "A's".

Pre-apprenticeship programs in our high schools are giving your children the training to enter the workforce prepared with the skills they need to be competitive.

We've increased funding to the Guam Public School System, which receives the largest portion of government revenues. And while GPSS is governed by an independent elected school board, my Administration remains committed to doing all that we can and providing every resource possible to ensure your children get the highest quality of education available.

That's why I worked with the U.S. Department of the Interior to dedicate \$6.1 million of Compact-Impact funds every year to build four new schools and convert another into a much needed middle school. Yesterday, we moved one step closer as the Supreme Court of Guam heard our case to ensure we have the authority to hold future governors to our commitment to the schools that we all know are needed for our children.

Starting this summer, students will begin learning in UOG's brand new Jesus and Eugenia Leon Guerrero School of Business and Public Administration and GCC's new Multi-Purpose Auditorium and Technology Center.

These schools are more than just a \$170 million investment into our economy, they are an investment in the future of your children.

But our vision for education goes beyond buildings and textbooks. It defines a new course for schools that begins in the classroom and works its way out to the schools and the entire GPSS system.

We must explore a teacher pay structure that gives teachers a higher starting salary and opportunities for advancement based on outcomes and performance. We must also consider a school to life curriculum that fully prepares our high school graduates to excel in whatever they choose, whether college or work.

I want to commend Juan Flores for his leadership of the Guam Public School System - the proof is in the outcomes, and Mr. Flores' outcomes certainly speak to a school system that is well on its way to excellence!

More importantly, I want to congratulate our school children. For the second consecutive year, they raised their national test scores. They are clearly on their way to achieving excellence.

We have come a long way from the restoration of schools to increased student achievement. It took focus, commitment and the efforts of many people. And it is beginning to pay off. We are addressing the same challenges with a healthcare system that struggles to meet the growing demands of our island's health needs.

We've taken health care from tents in the hospital's parking lot after the typhoon to reopened wards at GMH. By increasing funding to our Hospital, we've been able to provide more medicines and pharmaceutical supplies and equipment.

Our hospital will soon have a new CT scan, newborn respiratory machines, fetal monitors and critical operating room equipment. We are hiring more nurses and exploring ways to address discrepancies in the pay structure for health professionals. This will help increase our ability to recruit and retain them.

And our education and labor agencies have teamed up through the Passport to Careers Program, giving high school students an early start on work-based learning for allied health and nursing, moving them immediately from high school, to college and then into the work place. GCC's new LPN nursing program allows nursing students to gain practical experience at our public health centers and the hospital while still in school.

We are renovating the Northern Public Health Center to provide greater access to care for our un-insured and under-insured residents.

We've also increased Temporary Assistance to Needy Families by 50% - lessening their burden at a time when they are struggling the most.

We see a healthier future for our children, That's why we are increasing our prevention efforts at public health, to reduce the cases of heart disease, diabetes and other chronic conditions that affect so many of our loved ones. Soon we will be testing their body mass index in the schools to help them choose healthier life styles.

Our goal is to move from acute care to preventive care so that your tax dollars can go to raising a healthy community instead of simply treating preventable diseases.

Our commitment to the people of Guam continues with our efforts to protect you and your families in times of emergency.

When I came into office we had only three unreliable ambulances serving our entire island. Today - there are 12 ambulances on our roads - responding quicker and with better tools to give your loved ones a better chance at recovery. We have also purchased five new fire trucks and are building a new fire and police station in Dededo to serve your needs.

To boost our police presence and deter crime in your community, we have hired 75 more police officers and purchased nearly 100 new police cars. Even our private sector partners have pitched in to help make your community safer, Donating their time and even more importantly, additional safety vehicles to assist your law enforcement officers.

And to protect our children, we now have an AMBER Alert program that brings our community together with law enforcement to search for a missing child.

Today more Customs officers and canine patrols guard our borders to intercept those who would profit from illegal drug use, seizing millions in narcotics and stopping them from hitting our streets and our families. We've shut down illegal ice labs, handing over those responsible for this deadly activity to the criminal justice system.

All of these officers, whether GPD, Airport or Port Police, take an oath to protect you. Our vision is to merge our law enforcement agencies into one department , erasing any jurisdictional borders that may exist. Soon, they will all respond to your calls, faster than ever before and with more support and equipment to keep you from harms way.

We already started to make this vision a reality when we submitted our reorganization plan to the Guam Legislature. And while some continue to talk about saving money - our focus is on saving and protecting lives.

Our commitment to public safety, health, education and the economy is reflected in my 2007 budget submission. This budget indicates the growth in visitor arrivals, military build-up, real estate transactions, investments, construction and more. However, this must be balanced with our inherited debt.

Somewhere along the line, in the past decade, many things went wrong in the government of Guam. Our debt increased in tax refunds to the people and businesses; Retirement contributions were not made; EITC was ignored; utility payments for power and street lights were unpaid and vendor payments were not honored.

We must now deal with this mounting debt. It must be paid, but we remain paralyzed, unable to act, due to lawsuits and appeals brought against this government.

Public law approved by many of the current senators already authorizes us to borrow more than 400-million dollars to pay off our liability. And in the coming months, we will continue our discussions on exactly how much debt we need to refinance in order to put our government on the right track.

Since I entered office we have cut government spending. We have reduced the number of employees. And we continue to deliver and expand our services to you.

We can no longer put off the only viable solution until a future time for the sake of politics. We must not be paralyzed or unwilling to do anything.

As your Governor I say this: We have borrowed from you - the people of Guam - for far too long and it's time to pay you back.

Over these past three years, we have faced many challenges in our journey together and no doubt we will face many more. But we must never forget the many successes that we achieved as a community united.

I am always honored to come before you to share with you the promise of our bright new future and to celebrate the great accomplishments we achieved together. And I thank you for proving to me, what I always knew in my heart, that good people seeking to do the right thing can reach great new heights. We are a good people, and together, we chose to do the right thing.

On September 15th of 2004 the people of Guam lost a great leader, a visionary for our island. Edward M. Calvo was a man of many accomplishments, as a Senator, a business man, a loving husband and father. In his final hours there were so many things he could have reflected on, but for Eddie Calvo it simply came down to this: "Guam is Good".

He was right. Guam is good. We are a giving people, who, when called to sacrifice, answered this call to duty with strength, perseverance and courage, the qualities that have shaped the character of our people. You answered this call three years ago and have set the course for this amazing transformation of our island, our home.

Today, we are beginning to reap the rewards of our hard work and that shared sacrifice. Schools, roads, power, water, jobs, student achievement, and so many of the things that we set out to fix and made better in the process. The status quo is no longer acceptable. Our people expect and demand a greater quality of life.

Today we can look back at our accomplishments and be proud that we have been truly blessed by God, who gave us the opportunity to shape our future.

We are a strong people, tested and proven in every challenge set before us, shaped and guided by the values our parents taught us, but, in this time, our time, we are defining and achieving a future of our choosing.

We have an opportunity - now - to build our future on a foundation of hard work, integrity and perseverance. And we know that future will be laid on a firm foundation.

We started this journey three years ago filled with the hope of restoring of our island. But more importantly, with the hope of restoring government values that reflect those of our people, trust, honesty, and integrity. And we've done it.

We must continue to set things right. We must do the right thing. And we must move forward with our progress.

As we look to the future, with a renewed sense of confidence and optimism, we must, we will finish strong! We know we will. Guam is good.

We have seen God's favor and blessing over this island and her people and for that - I give thanks. May God bless you and your families and May He Continue to bless our Nation and our island of Guam.
