# Pacific Community Financial Statement and **Audit Report** for the year ending 31 December 2017

## INDEPENDENT AUDITORS' REPORT

To the Members of Pacific Community

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the accompanying financial statements of Pacific Community ("SPC"), which comprise the statement of financial position as at 31 December 2017, the statements of financial performance, changes in net assets/ equity and cash flows for the year then ended, and notes, comprising significant accounting policies and other explanatory information as set out in notes 1 to 27.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of SPC as at 31 December 2017, and of its financial performance and its cash flows for the year then ended in accordance with International Public Sector Accounting Standards (IPSASs).

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in *the Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of SPC in accordance with International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (IESBA Code) and we have fulfilled our other ethical responsibilities in accordance the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other Matter

The financial statements of SPC as at and for the year ended 31 December 2016 were audited by another auditor who expressed an unmodified opinion on those statements on July 13, 2017.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with International Public Sector Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing SPC's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate SPC or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing SPC's financial reporting process.

KPMG, a Fiji partnership, is part of the KPMG International network.  
KPMG International Cooperative ("KPMG International") is a Swiss entity.  
Document classification: KPMG Confidential

## INDEPENDENT AUDITORS' REPORT - CONTINUED

To the Members of Pacific Community – continued

### Report on the Audit of the Financial Statements – Continued

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing (ISAs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SPC's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on SPC's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause SPC to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

To the Members of Pacific Community – continued

**Report on the Audit of the Financial Statements – Continued**

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# PACIFIC COMMUNITY (SPC)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

### Note 1

#### Reporting entity

1. The principal activity of the Pacific Community (SPC) is to undertake research and provide technical assistance and training in support of the economic and social development of its 26 Pacific Island member countries and territories. SPC is an international development organisation, domiciled in New Caledonia, with regional offices in Fiji, Vanuatu, Solomon Islands and Federated States of Micronesia. SPC has diplomatic status in each of these countries. The foundation document giving legal status to SPC is the Canberra Agreement of 1947. The controlling body of SPC is the Conference of the Pacific Community, which meets every two years. In the years the Conference does not meet, the Committee of Representatives of Governments and Administrations (CRGA) is empowered to make decisions on the governance of SPC.

### Note 2

#### Statement of compliance with International Public Sector Accounting Standards (IPSAS)

1. The annual financial statements of SPC have been prepared in accordance with IPSAS.

### Note 3

#### Basis of preparation and authorisation for issue

##### *Basis of measurement*

1. These financial statements are prepared on an accrual basis of accounting in accordance with IPSAS.
2. SPC applies the historical cost basis and does not take into account changes in money values, except where stated otherwise.

##### *Foreign currency*

3. Items included in the financial statements of the organisation are measured using the currency of the primary economic environment in which the organisation operates ('the functional currency'). As approved by the CRGA Subcommittee on Strategic Plan Implementation in December 2016, the functional and presentation currency of SPC has been changed from Comptoirs Français du Pacifique (CFP) to euro, effective 1 January 2017. The financial statements for 2016 were presented in units of CFP, which have been restated to euro for comparative purpose. CFP currency is pegged to euro at the rate of 119.3317422. The reason for the change was to adopt a common currency for operational and reporting purpose for all SPC locations, and since the majority of our income and reported expenditure is reported to donors denominated in euro or a currency that is pegged to the euro. It also resulted in better understanding of the financial information in a currency that is internationally recognised. Since SPC's budgets are presented in euro, this change allows comparison of the information in the financial statement to the budgets, and enables users to more easily make relevant decisions based on SPC's financial information.
4. Foreign currency transactions are translated into the functional currency at the mid-point of the exchange rates prevailing at the date of the transaction, except for transactions denominated in CFP, which are translated at a pegged exchange rate of 119.3317422.
5. Non-monetary items in foreign currencies measured at historical cost are translated at the exchange rate in effect at the date of transaction.
6. Foreign exchange gains and losses resulting from the settlement of foreign currency transactions and from the re-translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in the statement of financial performance.

### ***Critical accounting estimates***

7. Estimates and judgments are continually evaluated, and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The organisation makes estimates, judgements and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. Accounting estimates and underlying assumptions are reviewed on an ongoing basis, and revisions to estimates are recognised in the year in which the estimates are revised and in any future year affected.

Significant estimates and assumptions include: determination of functional currency; selection of useful life and the depreciation/amortisation method for property, plant and equipment/intangible assets; impairment on assets; liabilities for expatriate repatriation costs; and contingent assets and liabilities.

8. These financial statements are certified by the Director-General and presented to the organisation's governing body, the Committee of Representatives of Governments and Administrations (CRGA), for adoption. The financial statements were authorised for issue on \_\_\_\_\_ 2018.

## **Note 4**

### **Significant accounting policies**

#### ***Financial assets classification***

1. SPC classifies financial assets as either held to maturity or loans and receivables. At balance date the financial assets held by SPC are cash and cash equivalents, term deposits and receivables. The values are determined at fair value on initial recognition and subsequently measured at amortised cost using the effective interest method.
2. Financial assets with maturities in excess of 12 months at the reporting date are categorised as non-current assets in the financial statements. Assets denominated in foreign currency are translated into euro at the mid-point rate of exchange prevailing at the reporting date, with gains and losses recognised in the statement of financial performance.
3. Cash and cash equivalents include cash and short-term, highly liquid assets, including term deposits with original maturity less than three months that are readily convertible to known amounts of cash and are subject to insignificant changes in value. These are held with banks and other reputable financial institutions.
4. Financial assets which SPC has intent and ability to hold to maturity are classified as held-to-maturity and are carried at amortised cost. This relates to SPC's investments in term deposits with an original maturity of more than three months.
5. Assessed contributions receivable represent uncollected statutory revenue from member countries and territories based on enforceable commitments which are recognised as revenue. These are carried at amortised cost less impairment for estimated unrecoverable amounts.

#### ***Provision for doubtful debts***

6. SPC assesses the impairment of doubtful debts at each balance date. Currently all balances over four years old are provided for in full. In addition, specific provisions have been made where balance receivable is doubtful.
7. SPC provides loans to staff for specified purposes in accordance with the Manual of Staff Rules. These advances have a maturity of not more than 18 months, and the carrying amount is stated at amortised cost less any impairment. This carrying value approximates fair value.

#### ***Inventories***

8. SPC holds inventories in the staff canteen, which are goods purchased for resale. Inventories are stated at the lower of cost and net realisable value. Cost is calculated on a first-in, first-out (FIFO) basis. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

#### ***Property, plant and equipment***

9. All items of property, plant and equipment are stated at historical cost, less accumulated depreciation and accumulated impairment losses. This includes costs that are directly attributable to the acquisition of the asset and the initial estimate of dismantling and site restoration costs. Where an asset is acquired for nil or nominal consideration, the fair value at the date of acquisition is deemed to be its cost. The threshold for the recognition of property, plant and equipment as an asset is EUR 2,500 or more per unit.

10. Subsequent costs are capitalized only when it is probable that future economic benefits associated with the item will flow to SPC and the cost of the item can be measured reliably. Repairs and maintenance are charged to the statement of financial performance in the year in which they are incurred.
11. All core assets are fully controlled by SPC and are capitalised at cost. The depreciation of these assets are charged to the statement of financial performance. SPC has capitalised project assets at cost for which the organisation retains effective control, while those that are controlled by third parties have not been capitalised.
12. Property, plant and equipment includes right-to-use arrangements for property that meets the criteria for recognition (refer to the section on 'right to use arrangements' in policy note 34).
13. Depreciation of property, plant and equipment is calculated using the straight-line method over the estimated useful lives, except for land, which is not subject to depreciation. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items. Assets under construction are not depreciated, until complete and made available for use.

---

The rates of depreciation used are based on the following estimated useful lives:

• Motor vehicles, equipment, furniture and fittings	5 years
• Computer equipment	3 years
• Buildings	10–50 years

---

SPC's building assets comprise office buildings as well as residential properties. The headquarter buildings and the residential complex, which together comprises the major portion of the buildings portfolio, are depreciated by components. The useful life of components varies between 10–50 years, and is described below:

---

Structure, survey and architect fees	40 years
Roof, painting, electrical wiring, plumbing, air-conditioning, carpentry, etc.	20 years
Roads and utilities	40 years
Internal and external arrangements	10 years

---

14. Given the expected pattern of usage of property, plant and equipment, there are no residual values following full depreciation. A gain or loss resulting from the disposal of property, plant and equipment arises where proceeds from disposals differ from carrying amount. Gains or losses on disposal are recognised in the statement of financial performance.

#### ***Deferred Income***

15. Fixed assets acquired for the purpose of immediate transfer to implementing partners/agencies will not be capitalised by SPC, and these are kept in deferred Income. All depreciation in relation to project assets is to be charged against deferred income.

#### ***Intangible Assets***

16. Intangible assets are carried at historical cost, less accumulated amortisation and accumulated impairment loss. These assets are amortised over three years.
17. Acquired computer software licences are capitalised based on costs incurred to acquire and bring to use the specific software. Development costs that are directly associated with the development of software for use by SPC are capitalised as an intangible asset.
18. Amortisation is recognised in the statement of financial performance on a straight-line basis on all intangible assets of finite life and at rates that will write off the cost or value of the assets to their estimated residual values.

#### ***Impairment of non-cash generating assets***

19. Non-building assets within SPC's property, plant and equipment portfolio are non-cash generating assets, along with intangibles. These are reviewed for impairment at each reporting date. SPC reviews property, plant and equipment for impairment during the annual physical verification process. An impairment loss is recognised in the statement of financial performance when the carrying amount of an asset exceeds its recoverable amount. The recoverable amount of an asset is the higher of an asset's fair value less costs to sell and its value in use.

20. Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the impairment of value has decreased or no longer exists. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation and amortisation, if no impairment deficit had been recognised.
21. SPC has an immaterial portfolio of cash-generating building assets, which are currently surplus to requirements and rented externally for the purpose of generating a commercial return. However, the primary objective of holding these assets is not for the purpose of generating a commercial return, and therefore no impairment test is applied under the requirements of cash-generating assets.

#### ***Financial liabilities classification***

22. Financial liabilities consist of accounts payables, accrued liabilities, other liabilities and payables. SPC also has commercial loans taken for the purchase of staff residential housing.
23. Payables and accruals arising from the purchase of goods and services are initially recognised at fair value and subsequently measured at amortised cost when goods and services are delivered/rendered and accepted by SPC. Liabilities are stated less any payment discounts at the reporting date. Liabilities are estimated where invoices are not available at the reporting date.
24. Borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are measured at amortised cost using the effective interest method. Interest paid or payable and service fees are recognised in the statement of financial performance using the effective interest method as it accrues.

#### ***Projects fund unexpended***

25. Funds received in advance represent contributions received for future periods specified in donor contribution agreements. The funds are only recognised as revenue and applied to the earmarked activities in the specified future period. Project funds unexpended represents funds received from donors that will be recognised as revenue in future years when conditions are met or the revenue is earned, which is generally upon use of funds for project activities.
26. Programme management fees are charged by SPC to recover part of the overhead cost to SPC as project implementer, and are recognised as income as projects are implemented. As the outcome of the service provided can be estimated reliably, revenue associated with these transactions will be recognised by reference to the stage of completion of these transactions at the reporting date.

#### ***Employee benefits***

##### ***Short-term employee benefits***

27. Short-term employee benefits are those that are expected to be settled within 12 months after the end of the year in which employees render the related service. Those benefits include home leave benefits, wages and salaries, compensated absences, and other short-term and non-monetary benefits provided to current employees. An expense is recognised when a staff member provides services in exchange for employee benefits. A liability is reported for any entitlement that has not been settled at the reporting date, and represents the amount paid or expected to be paid to settle the liability. Owing to the short-term nature of these entitlements, the liabilities are not discounted for the time value of money and are presented as current liabilities.

##### ***Post-employment benefits***

28. Post-employment benefits are those payable after completion of service, but exclude termination payments.
29. Post-employment benefits include a pension plan (SPC Provident Fund) and a repatriation grant. The SPC Provident Fund is a defined contribution benefit plan.
30. For the defined contribution post-employment plan, the obligation for each year is determined by the amounts to be contributed for the year, and no actuarial assumptions are required to measure the obligation or the expense.
31. The accounts of the SPC Provident Fund are audited by independent external auditors and reported to the SPC's governing body every year.

##### ***Other long-term employee benefits***

32. Other long-term employee benefits obligations are benefits, or portions of benefits, that are not due to be settled within 12 months after the end of the year in which employees provide the related service. These benefits include the non-current portion of home leave.

33. Termination benefits are recognised as an expense only when SPC is demonstrably committed, without realistic possibility of withdrawal, to either terminate the employment of a staff member before the normal contract end date, or to provide termination benefits or gratuity as a result of an offer made in order to encourage voluntary redundancy. Termination benefits are ordinarily settled within 12 months and are reported at the amount expected to be paid.

#### ***Right-to-use arrangements***

34. Where SPC has signed an agreement for the right to use assets without legal title/ownership of the asset, for example through donated freehold lease of land at no cost, the transaction is a non-exchange transaction. In this case, an asset and revenue is recognised at the point the agreement is entered into. Recognition of an asset is contingent upon satisfying the criteria for an asset. Valuation of the asset will be at the fair value of the resource for which the right to use was acquired at the date of acquisition. The asset is depreciated over the shorter of the asset's useful life and the right-to-use term. Revenue is also recognised at the same amount as the asset, except to the extent that a liability is also recognised.

#### ***Revenue recognition***

##### **Contributions**

35. Assessed contributions are non-exchange transactions that are recognised as revenue at the beginning of each financial year, as these constitute statutory membership obligations from member countries and territories.
36. Voluntary contributions are non-exchange transactions that are recognised as revenue when contribution agreements become enforceable, or when cash is received in accordance with SPC's finance rules and regulations.
37. Grants and project funding represent support with donor-imposed conditions and can be restricted or unrestricted. Unrestricted grants are grants received that SPC may freely use for its mandated activities. Restricted grants are received in support of specified projects or activities mutually agreed upon between SPC and donors.
38. Restricted grants or project funding are only recognised as income upon the fulfilment of donor-imposed conditions.
39. Unrestricted grants or project funding are recognised upon the receipt of the confirmed commitment.
40. Other revenues and gains are recognised as they are earned.

##### ***Expense recognition***

41. Expenses are recognised when goods/services are delivered/rendered and accepted by SPC or as specified below.
42. Where SPC is the principal implementer/manager in a project and engages sub-recipients to implement specific project activities on SPC's behalf through secondary contractual arrangements, advances to these organisations are recognised as expenses only upon receipt of supporting documentation confirming acceptable expenditure, and the receipt of the related goods/services as per donor requirements.

#### ***Financial risk management***

43. The organisation is exposed to a variety of financial risks: market risk (such as currency risk and interest rate risk), credit risk and liquidity risk. The organisation's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the organisation's financial performance.

CRGA provides principles for overall risk management, as well as policies covering specific areas.

##### **Foreign exchange risk**

44. The organisation is exposed to foreign exchange risk arising from currency exposure, primarily with respect to the Australian, Fiji, New Zealand and United States dollars. In particular, foreign exchange risk arises from contributions received and transactions occurring in foreign currencies and monetary assets and liabilities denominated in foreign currencies.

To manage the foreign exchange risk, the organisation has opened bank accounts in different currencies to obtain the most favourable outcome and to settle foreign currency liabilities in the currency received from donors.

The organisation's exposure to foreign currency risk was as follows, based on notional amounts:

Currency	2017	2016
AUD	5,156,628	1,345,042
NZD	1,793,782	433
USD	5,125,618	3,226,474
FJD	3,478,303	49,973,204

The following significant exchange rates against the euro applied during the year:

Currency	YEAR END RATE	
	2017	2016
AUD	0.6513	0.6825
NZD	0.5917	0.6566
USD	0.8335	0.9422
FJD	0.4053	0.4498

#### Sensitivity analysis

45. A 10 per cent strengthening or weakening of the foreign currency against the euro as at 31 December 2017 would have increased or decreased respectively equity by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

	AUD		NZD		USD		FJD	
Profit or loss 2017	+	335,851	+	106,138	+	427,220	+	140,976
	-		-		-		-	
Profit or loss 2016	+	91,799	+	28	+	303,998	+	2,247,794
	-		-		-		-	

#### Credit risk

46. Management has a credit policy in place and exposure to credit risk is monitored on an ongoing basis. Credit risk with respect to receivables is limited due to the sovereign debt status of the Assessed Contributions owed by member countries and territories, and thus not considered a significant risk. At balance sheet date there were no significant concentrations of credit risk.

#### Liquidity risk

47. Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of cash and committed credit facilities.

The organisation's financial liabilities are analysed below into relevant groupings based on the remaining period at balance date to contractual maturity date.

Financial Liabilities	Upto 1 year	1 to 2 years	2 to 5 years	Over 5 years	Total
Creditors and accruals	5,900,376	-	-	-	5,900,376
Loans	398,476	401,773	1,153,858	2,136,471	4,090,578
<b>Total</b>	<b>6,298,852</b>	<b>401,773</b>	<b>1,153,858</b>	<b>2,136,471</b>	<b>9,990,954</b>

#### Cash flow and fair value interest rate risk

##### Financial Assets

48. SPC's held to maturity investments (financial assets) are at fixed interest rates and, accordingly, exposure to interest rate risk is not considered material.

##### Financial liabilities

49. SPC's borrowings (financial liabilities) are at variable interest rates. SPC has assessed that the interest rate when the loans were taken and the current interest rate have changed very minimally and, accordingly, exposure to interest rate risk is not considered material.

Additionally, SPC does not account for any fixed rate financial asset and financial liability at fair value through profit or loss. Therefore, a change in interest rate at the reporting date would not affect the statement of financial performance. Furthermore, the financial asset and financial liability are carried at amortized cost and considered a reasonable approximation of its fair value.

## **Reserves**

### **General reserves**

50. 'General reserve fund' means the general purpose fund created out of the initial working funds of the organisation, and into which the annual operation of the operating fund is closed off.

### **Specific reserves**

51. 'Specific funds' means funds set up by the Director-General for specific purposes, as approved by the Governing Body. They are regarded as encumbered and generally not available for use other than for the specific purpose.

### **Special Funds**

52. 'Special funds' means funds set up specially for self-funding entities, namely the housing fund and canteen fund.

## **Commitments, provisions and contingencies**

### **Commitments**

53. Commitments are future expenses and liabilities to be incurred on contracts entered into at the reporting date for which SPC has minimal, if any, discretion to avoid in the ordinary course of operations. Commitments relating to employment contracts are excluded. Commitments include:
- capital commitments – aggregate amount of capital expenses contracted for but not recognised as paid or provided for at year end;
  - contracts for the supply of goods and services that SPC expects to be delivered in the ordinary course of operations; and
  - other non-cancellable commitments.

### **Provisions**

54. A provision is recognised if, as a result of a past event, SPC has a present legal or constructive obligation that can be estimated reliably and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of the expenses expected to be required to settle the obligation.

### **Contingencies**

55. A contingent asset is disclosed when an inflow of economic benefits or service potential is probable. If it has become virtually certain that an asset is no longer contingent and that its value can be measured reliably, the asset and the related revenue are recognised in the year in which the change occurs.
56. A contingent liability is disclosed unless the possibility that it will be realised is remote. If it becomes probable that a contingent liability will be realised, a provision is recognised in the year in which the change of probability occurs.

### **Income Tax**

57. SPC is an international non-profit organisation and is exempt from income tax.

### **Offsetting of income and expenses**

58. Income and expenses are not offset unless required or permitted by an accounting standard. This generally arises where gains and losses arise from similar transactions.

### **Offsetting assets and liabilities**

59. Assets and liabilities are offset and the net amount reported in the statement of financial position only where there is a current enforceable legal right to offset the asset and liability and intention to settle on a net basis or to realise the asset and settle liability simultaneously.

## Note 5

### Changes to comparatives

1. To improve presentation and/or to account for new operating developments, the following reclassifications and presentation adjustments were made:
  - (a) The comparative figures were restated to euro from CFP. The exchange rate was 119.3317422, which is a pegged rate between CFP units and euro;
  - (b) Project receivable and payable balances are now presented together in Note 16. Previously balances were disclosed separately with other receivables in Note 9 and creditors and accruals in Note 12. Partner advances have been reclassified from payables to receivables.

The following comparatives have been restated in the Statement of Financial Position as at 31 December 2017:

<b>Balance Sheet</b>	<b>2016</b>	<b>2016 restated</b>
Other receivables	37,134	131,431
Partner Advances	-	3,780,772
Creditors and accruals	(5,053,075)	(5,147,373)
Project funds unexpended	(39,127,040)	(42,907,811)
<b>Total</b>	<b>(44,142,981)</b>	<b>(44,142,981)</b>

The following comparatives have been restated in the Statement of Cash Flow for the year ended 31 December 2017:

<b>Cash flow</b>	<b>2016</b>	<b>2016 restated</b>
Payment for supply and services	(33,053,967)	(34,723,698)
Purchase of property, plant and equipment	(2,292,254)	(984,032)
Loan Repayment	-	(837,842)
Movements on exchange rates on cash held	-	1,199,351
<b>Total</b>	<b>(35,346,221)</b>	<b>(35,346,221)</b>

## Note 6

### Segment reporting

1. SPC segments its funding sources based on its obligations to the donor and/or member country or territory. This segmentation also helps the organisation to set objectives and make decisions about the future allocation of resources to priority areas.

#### **Core funds**

2. Core funds are primarily assessed membership contributions, levied against each member country and territory. These funds are separately tracked, and SPC is free to use these funds as it sees fit. It also includes related miscellaneous earnings, such as interest income. The annual financial statements are the only required reporting to the membership on the use of these funds.

#### **Project funds**

3. Project funds are those provided to SPC from donor organisations and member countries and territories over and above their statutory payments under core funds, for specific projects and purposes. SPC is not free to use these funds as it sees fit. Use and financial reporting must be in line with the donor requirements. SPC does earn a project management fee that is accounted as cost recovery under administration as these project funds are expended.

#### **Special funds**

4. Special funds are internally generated from the canteen operation and housing unit. The canteen is a shop selling store goods as well as duty-free products exclusively to staff. The housing unit manages SPC's residential properties, which are occupied by SPC staff. SPC pays 75% of the rental to the housing unit, while staff pay 25%. There are no restrictions on SPC on how it chooses to use any surpluses generated from these operations.

SEGMENT REPORTING:-STATEMENT OF FINANCIAL PERFORMANCE FOR THE YEAR ENDED 31 DECEMBER 2017

Receivable from other debtors	210,795	-
<b>Total other receivables</b>	<b>423,236</b>	<b>131,431</b>

## Note 10

### Property, plant and equipment

1. SPC has two broad categories for property, plant and equipment: core and project assets. Core assets also include assets purchased and recorded by the housing unit, the results of which are classified under Special Funds. The category of asset is primarily determined by the funding source from which an asset is purchased, and where funds are provided for capital renovations a secondary consideration is given to the pre-existing category of the asset undergoing renovations.
2. As at 31 December 2017 SPC did not have any impairment on property, plant and equipment.

PROPERTY, PLANT & EQUIPMENT										
Description	Land	Buildings	Total Property	General Equipment	Computer Equipment	Furniture	Housing	Motor Vehicles	Construction In Progress	Total Euro
Cost or Valuation										
At 31 December 2016	6,392,274	27,962,415	34,354,689	4,154,401	7,891,340	1,288,572	264,995	1,638,870	708,661	50,301,528

## Note 13

### Provisions

1. Post-employment benefits consist of relocation grants and charges to repatriate an employee's personal belongings and family to their home country. These benefits are established within the SPC Manual of Staff Rules. The provision for expatriate home leave has been based on a three-year cycle, with an estimate of the average family size and estimated airfares.
2. The value of the relocation grant is fixed and the repatriation entitlement is based on the estimated costs. No discount rate has been applied.
3. The organisation operates a defined contribution plan through the SPC Provident Fund. Staff and SPC contribute an equal percentage of base salary into this fund, which is invested in low-risk term deposits. The investment is paid out to the employee as a post-employment benefit. The organisation has no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods. Contributions to the defined contribution plan are charged to the income statement in the year to which they relate. The organisation has no further payment obligations once the contributions have been paid. The defined contribution plan is governed by the Provident Fund Rules of the Pacific Community.
4. The provision for ineligible project expenditures relates to donor funded projects where there are costs which are in dispute.

	Employee Entitlements	Project ineligible expenditures	Project other	Total
Opening 31/12/16	3,820,330	3,955,822	224,812	8,000,964

	<b>4,090,578</b>	<b>4,430,100</b>

SPC has five secured-term loans with Banque Caledonienne d'Investment (BCI), two unsecured term loans with Banque de Nouvelle Calédonie (BNC) and one unsecured term loan with SPC Provident Fund ('the Fund'). All of these loans relate to property investment.

#### BCI secured term loans

1. The first loan facility (No: 21301149) has a principal amount of \$482,478, with outstanding balance of \$351,396 as at 31 December 2017. The loan is repayable in instalments of \$3,166 (including interest and principal) per month over a period of fifteen years ending April 2028, and attracts a variable interest rate of 2.17% per annum.

This facility is secured by the property located at 1R LOT 2+F4 DOMAINE ANSE VATA.

2. The second loan facility (No: 21305032) has a principal amount of \$527,940, with outstanding balance of \$401,105 as at 31 December 2017. The loan is repayable in instalments of \$3,389 (including interest and principal) per month over a period of fifteen years ending November 2028, and attracts a variable interest rate of 1.88% per annum.

This facility is secured by the property located at LOT 673 1R TRUBERT N'GEA.

3. The third loan facility (No: 21305033) has a principal amount of \$620,120, with outstanding balance of \$477,413 as at 31 December 2017. The loan is repayable in instalments of \$3,979 (including interest and principal) per month over a period of fifteen years ending January 2029, and attracts a variable interest rate of 1.88% per annum.

This facility is secured by the property located at LOT 379 53R REVERCE TUBAND.

4. The fourth loan facility (No: 21301173) has a principal amount of \$553,080, with outstanding balance of \$402,816 as at 31 December 2017. The loan is repayable in instalments of \$3,630 (including interest and principal) per month over a period of fifteen years ending April 2028, and attracts a variable interest rate of 2.17% per annum.

This facility is secured by the property located at 1R IMM BATI LT337 DOMAINE TUBAND.

5. The fifth loan facility (No: 21403173) has a principal amount of \$796,100, with outstanding balance of \$689,524 as at 31 December 2017. The loan is repayable in instalments of \$4,219 (including interest and principal) per month over a period of twenty years ending August 2034, and attracts a variable interest rate of 2.50% per annum.

This facility is secured by the property located at LOT 224 DOMAINE TUBAND.

#### **BNC unsecured term loans**

1. The first loan facility (No: 0026117 01) has a principal amount of \$1,592,200, with outstanding balance of \$965,258 as at 31 December 2017. The loan is repayable in instalments of \$9,411 (including interest and principal) per month over a period of seventeen years and nine months ending June 2027, and attracts a variable interest rate of 2.24% per annum.
2. The second loan facility (No: 0028680 01) has a principal amount of \$1,089,400, with outstanding balance of \$713,338 as at 31 December 2017. The loan is repayable in instalments of \$5,412 (including interest and principal) per month over a period of nineteen years and eleven months ending February 2030, and attracts a variable interest rate of 1.33% per annum.

*The above loans are unsecured term facilities.*

#### **Provident Fund unsecured term loans**

This loan facility has a principal amount of \$407,268, with outstanding balance of \$89,725 as at 31 December 2017. The loan is repayable in instalments of \$2,842 (including interest and principal) per month over a period of fourteen years and eleven months ending September 2020, and attracts a fixed interest rate of 3.15% per annum.

Other	164,777	302,523
<b>Total</b>	<b>10,500,581</b>	<b>10,210,368</b>

## Note 23

### Comparison to budget

1. The income against budget was lower because the actual execution rate of projects by divisions was lower than anticipated. The logistical challenges relating to procurement-based projects resulted in lower execution rates of projects.
2. The increase in expenditure over budget for the Operations and Management Division relate mainly to the provisioning of doubtful debts and ineligible project costs amounting to EUR 3.6m, mainly relating to the Geoscience Division, and the Fisheries, Aquaculture and Marine Ecosystems Division. These costs were offset by savings made during the SPC-wide prioritisation process.

## Note 24

### Related party disclosure

1. The related parties of SPC are:
  - i) SPC Provident Fund ('the Fund'); and
  - ii) key management personnel

#### SPC Provident Fund

SPC undertakes transactions with the Fund. These transactions arise out of the superannuation contribution made by SPC to the Fund and repayment of the loan from the Fund. Transactions with the Fund are on an arm's-length basis, and are transacted or recorded on normal organisational terms and conditions.

#### a) Amount owed to SPC Provident Fund

	12/31/2017	12/31/2016
Loan to SPC	89,726	120,434

#### b) Transaction with SPC Provident Fund

	12/31/2017	12/31/2016
Loan repayment	30,708	29,798
Superannuation contribution	2,028,306	2,306,621

## Key management personnel

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity. During the year the executives identified as key management personnel were: Director-General, Deputy Directors-General (Suva and Noumea), Director of Strategic Planning and Learning, Director of Communication and Public Information, Director of Finance, Director of Information Services, Directors of Regional Offices (Melanesia and Micronesia), Director of Educational Quality and Assessment Programme, Director of Fisheries Aquaculture and Marine Ecosystems Division, Director of Geoscience Division, Director of Land Resources Division, Director of Public Health Division, Director of Social Development Programme, Director of Statistics, and Director of Climate Change and Environmental Sustainability.

The aggregate compensation of the key management personnel comprises short-term benefits only, and is set out below:

	12/31/2017	12/31/2016
Employee benefits	EUR 2,529,750	EUR 2,410,926

## Note 25

### Employee numbers

The average number of employees at the end of the financial year was 576 (2016: 600).

## Note 26

### Commitments and contingencies

#### Contingent assets

1. SPC has no contingent assets as at 31 December 2017 (2016: Nil)

#### Contingent liability

2. SPC has reported no contingent liability as at 31 December 2017 (2016: Nil)

#### Capital expenditure commitments

3. SPC has no capital expenditure approved and committed as at 31 December 2017 (2016: Nil).

## Note 27

### Subsequent events to balance date

No matters or subsequent events have arisen since end of the financial year that significantly affected or may significantly affect the operations or the state of affairs of SPC.

## Disclaimer

The additional financial data presented on pages 33 to 40 is in accordance with the books and records of SPC which have not been subjected to the auditing procedures applied in our audit of the SPC for the year ended 31 December 2017. It should be appreciated that our audit did not cover all details of the additional financial data. Accordingly, we do not express an opinion on this financial data and no warranty of accuracy or reliability is given.

In accordance with our firm policy, we advise that neither the firm nor any member or employee of the firm undertakes responsibility arising in any way whatsoever to any person (other than the management of SPC) in respect of this data, including any errors or omissions therein, arising through negligence or otherwise however caused.

## Financial Statements and Audit Report for the year ending 31 December 2017

## INDEPENDENT AUDITORS' REPORT

To the Governing Body of Pacific Community Provident Fund

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the accompanying financial statements of the Pacific Community Provident Fund ("Fund"), which comprise the statement of financial position as at 31 December 2017, the statement of financial performance and appropriation account and the movements in members' accounts for the year then ended, and notes, comprising significant accounting policies and other explanatory information as set out in notes 1 to 5.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 31 December 2017, and of its financial performance and appropriation and the movements in members' accounts for the year then ended in accordance with the Pacific Community's Financial Regulation 38.

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in *the Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (IESBA Code) and we have fulfilled our other ethical responsibilities in accordance the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other Matter

The financial statements of fund as at and for the year ended 31 December 2016 were audited by another auditor who expressed an unmodified opinion on those statements on July 13, 2017.

#### Director-General Responsibilities for the Financial Statements

The Director-General of the Pacific Community is responsible for the preparation of financial statements that give a true and fair view in accordance with the Community's Financial Regulations, and for such internal control as the Director-General determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Director-General is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Director-General either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Director-General is responsible for overseeing the Fund's financial reporting process.

## INDEPENDENT AUDITORS' REPORT - CONTINUED

To the Governing Body of Pacific Community Provident Fund - Continued

### Report on the Audit of the Financial Statements – Continued

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing (ISAs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and
- obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the.

- Conclude on the appropriateness of the Director-General's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

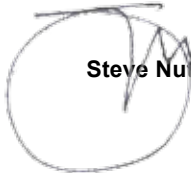

To the Governing Body of Pacific Community Provident Fund - Continued

**Report on the Audit of the Financial Statements – Continued**

We communicate with the Director-General regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# Pacific Community Provident Fund

## NOTES TO THE FINANCIAL STATEMENTS SFOR THE YEAR ENDED 31 DECEMBER 2017

### Note 1

#### Reporting entity

1. The Provident Fund of the Pacific Community (SPC) ('the Fund') was established on 1 January 1953, for its officers and employees, for the purpose of discharging the liability and/or responsibility (if any) of the Pacific Community to the members in respect of provision for superannuation.
2. In accordance with the Rules of the Provident Fund ('the Rules'), the Fund is vested in and administered by SPC on the trusts declared therein.
3. Subject to these Rules, and to any direction by SPC in accordance therewith, the Director-General shall have and may exercise the powers and functions of SPC under the Rules, with the exception of Rule 26, which covers amendments.
4. Any member may appeal to the Joint Appeals Board against any decision of the Director-General, as provided for in Chapter XIII of the Staff Rules.

### Note 2

#### Significant accounting policies

1. The accounting period used in the preparation of these accounts is the calendar year 1 January 2017 to 31 December 2017.
2. Items included in the financial statements of the organisation are measured using the currency of the primary economic environment in which the organisation operates ('the functional currency'). The Provident Fund of all Noumea members, comprising both members' and employer's contributions, is invested in Noumea in CFP, while the Provident Fund of all Suva members is invested in Suva in Fiji dollars.
3. For the purpose of consolidating the Suva Provident Fund investment with the Noumea Provident Fund investment at year end, the Suva Provident Fund interest and investment have been converted to euro at the bank buying rate as at 31 December 2017 of FJD 1.00 = EUR 0.40534.
4. Loans to members consist of short-term loans borrowed against their holdings in the Provident Fund. In accordance with SPC policy, a member can borrow an amount up to 90% of the member's holdings in the Fund, provided that arrangements are made to repay the loan over a period of no longer than 12 months. The interest rate charged for such borrowings is a compound rate of 3.90% (which is 2% higher than the weighted average rate of interest earned on Provident Fund investments) as at 31 December 2017.
5. SPC borrowed money from the Fund to purchase accommodation for its staff in New Caledonia. This loan less capital repayments received is recognised as an asset by the Fund at amortised cost using the straight line method.
6. **Member contributions**  
Staff will contribute to the Fund an amount of 8% of basic salary, or a greater percentage as decided by the employee. However, there will be no matching by SPC for contributions greater than 8%.
7. **SPC contributions**  
The Secretariat shall pay to the Fund only 8% of the basic salary for each member irrespective of the amounts contributed by individual members each month.

#### 8. Interest on investment

The Fund earns interest through investment on fixed term deposits, which the fund intends to hold and loan to members and SPC. Interest income is recognised in the statement of financial performance as it accrues using the effective interest method.

#### 9. Interest distribution

At interest calculation date the Director-General shall determine:

- what income has been earned by the Fund during the immediately preceding half-year;
- what expenses have been paid or shall be paid from the Fund; and
- what rate of interest shall be credited to the accounts of members.

Interest at such a rate on the balance of each member's account at such interest calculation date shall be credited to the accounts of members as at that date. Where a member has contributed for less than the full half-year, the interest credited shall be adjusted proportionately to the number of months during which contributions have been paid.

#### 10. Cash and cash equivalents

Cash and cash equivalents include cash and short-term, highly liquid assets, including term deposits with original maturity less than three months that are readily convertible to known amounts of cash and are subject to insignificant changes in value. These are held with banks and other reputable financial institutions.

#### 11. Held-to-maturity term deposits

Financial assets that the Fund has intent and ability to hold to maturity are classified as held-to-maturity and are carried at amortised cost. This relates to SPC's investments in term deposits with an original maturity of more than three months.

## Note 3

### Changes to comparatives

To improve presentation and/or to account for new operating developments, the comparative figures were restated to euro from CFP. The exchange rate was 119.3317422, which is a pegged rate between CFP units and the euro.

## Note 4

### Cash and cash equivalents

	31/12/2017	31/12/2016
Cash held in bank accounts	2,402,053	2,475,189
Held to Maturity Term Deposits	5,011,837	4,782,104
<b>Total cash &amp; cash equivalents and Held to Maturity Term Deposits</b>	<b>7,413,890</b>	<b>7,257,293</b>
<b>Aging analysis of held to maturity term deposits:</b>		
> than 3 months		
3 to 6 months	1,084,932	864,405
6 to 12 months	3,926,905	3,917,699
<b>Total held to maturity term deposits</b>	<b>5,011,837</b>	<b>4,782,104</b>

## Note 5

### Related party disclosure

The related parties of SPC Provident Fund ('the Fund') are:

- i) Pacific Community (SPC).

SPC undertakes transaction with the Fund. These transactions arise out of the superannuation contribution made by SPC to the Fund and repayment of the loan from the Fund. Transactions with the Fund are on an arm's-length basis, and are transacted or recorded on normal organisational terms and conditions.

**a) Amount owed to SPC Provident Fund**

	12/31/2017	12/31/2016
