EDUCATION STATISTICAL DIGEST

2009

SAMOA

Introduction

The Statistical Digest provides a range of statistics and performance measures related to school education in Samoa.

The information included in the digest is the latest information that is available as of May 2009. Historical data has also been included to reflect changes over time.

The Digest is divided into two parts:

- Part 1 Data from School Census Information System
- Part 2 Data from sources other than the School Census Information System

Part 1

Data from School Census Information System

The Annual School Census data collection held on 4th March 2009, is a major source of statistical information. The census data is stored in the Ministry's school census information system called Manumea. The school census information system includes a series of reports, which can be automatically produced. These reports are contained in Part 1 of the Statistical Digest.

Part 2

Data from sources other than the School Census Information System

The Ministry of Education, Sports and Culture's performance measure framework includes a range of indicators that are not automatically produced from the School Census Information System. Data has been assembled from a range of sources such as examination results and personnel information. This information is contained in Part 2 of the Statistical Digest.

Statistical Digest produced by: Policy, Planning and Research Division Ministry of Education Sports & Culture Samoa

July 2009

Table of Contents for Part 1 – Data from School Census Information System

Number of schools by school type and district, 2009	1
Size of government schools by district, 2009	2
School enrolments by level, gender and status, 2009	3
School enrolments for all schools, 2000 – 2009	4
School enrolment for government schools, 2000 – 2009	4
Percentage enrolments in government schools, 2000 – 2009	5
Male school enrolments, all schools, 2000 – 2009	6
Percentage male enrolments, all schools, 2000 – 2009	6
School enrolments by district and maximum level provided, 2009	7
Number of repeaters by level in 2009	8
Repeaters in all schools by level, 2000 – 2009	8
Percentage of repeaters in all schools by level, 2000 – 2009	9
Transition rates by year level, 2000 – 2009.	10
Drop out rates (percentage) by year level, 1995 – 2009	.11
Number of teachers by school type and district, 2009	12
Student-Teacher ratio by school type and district, 2009	13
Student-Teacher ratio by level, government schools, 2000 - 2009	14
Number of student absent on Census day (4 th March 2009)	15
Number of government secondary schools teaching curriculum subjects by level	16
Primary school facilities by Controlling Authority, 2009	17
Secondary school facilities by Controlling Authority, 2009	17
9 9	
Table of Contents for Part 2 - Data from sources other than School Census Informa	ition
System	
Average raw score at National Year 8 Examinations	1
Number of students sitting Year 8 Examinations	1
Percentage of Year 8 students that sat the Year 8 Examinations	1
Average raw score at National Year 12 Examinations	
Number of students sitting National Year 12 Examinations	
Primary students identified as at Risk, Year 4, All Schools	_
(Government and Non-Government)	3
Primary students identified as at Risk, Year 6, Government Schools	
	4
National Age Participation Rates	
National Age Participation Rates	5
National Age Participation Rates	5
National Age Participation Rates	5 6
National Age Participation Rates No. of Government schools that are meeting the national standards for primary student-teacher ratio of 1 teacher to 30 students (1:30) No. of Government schools that are meeting the national standards for secondary student-teacher ratio of 1 teacher to 20 students (1:20)	566
National Age Participation Rates No. of Government schools that are meeting the national standards for primary student-teacher ratio of 1 teacher to 30 students (1:30) No. of Government schools that are meeting the national standards for secondary student-teacher ratio of 1 teacher to 20 students (1:20)	5 6 6 7
National Age Participation Rates No. of Government schools that are meeting the national standards for primary student-teacher ratio of 1 teacher to 30 students (1:30) No. of Government schools that are meeting the national standards for secondary student-teacher ratio of 1 teacher to 20 students (1:20)	5 6 6 7 7

Definitions

Apparent Retention Rate

compares the number of students in a given year with the size of the cohort. For example, the apparent retention rate of Years 9-12 for 2009 is calculated as the number of students in year 12 in 2009 divided by the number of students in year 9 in 2006.

Completion Rates

the percentage of students sitting the national exams is a measure of completion rates, e.g. percentage of students sitting year 8 exam is a measure of how many students starting year 8 actually complete year 8.

Drop-out Rate

The percentage of students who neither progressed from one level to the next or repeat the level.

Pri-Sec (Primary-Secondary)

A school that provides both primary and secondary levels, e.g. Paul V1 College has Year 7 & 8 levels. It should be noted that Robert Louis Stevenson School is counted as two schools because of their physical locations.

SPELL Test

A test taken by all year 4 and year 6 students in Government schools. Most Non-Government schools also participate, but it is not compulsory. It provides an indication of the students whose learning outcomes are identified as being at risk so that they receive attention from teachers in their reading and numeracy programmes.

Student Teacher Ratio

is calculated as the number of students at a school divided by the total number of teachers (including Principals) at the school. Data is from Annual School Census.

Transitional Rate

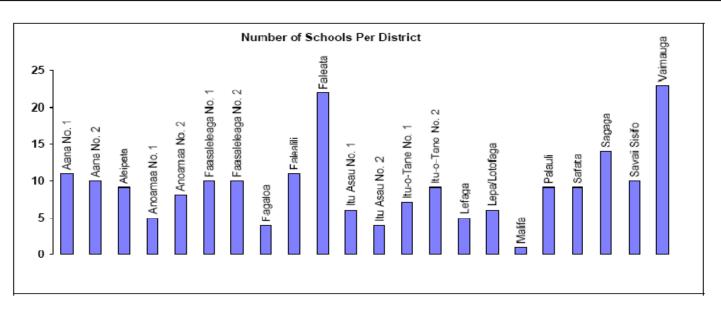

is the percentage of students who complete one level and move on to the immediate level. For example, the transitional rate into Post-Secondary studies is the number of students who commenced post-secondary education in 2009 (Institute of Higher Education, Institute of Technology) as a percentage of the students who were in Year 13 in 2008.

Transition Rate⁹ from Year 13 to identified Tertiary Education

Year	Enrolment in Year 13	Total Tertiary Enrolment	Transition Rate from Year 13 to Tertiary
2004	1752	793	49
2005	1584	825	47
2006	1756	910	57
2007	1652	913	52
2008	1657	894	54
2009	1669	750	45

⁷ Apparent Retention Rate compares the number of students in a given year with the size of the cohort some years ago. For example, the apparent retention rate of Year 9-12 for 2009 is calculated as the number of students in year 12 in 2009 divided by the number of students who were in Year 9 in 2006.

⁸ Students commencing at USP are not included.

⁹ Transition rate into Post School Education is the number of students who commenced post-school education in 2009 (Institute of Higher Education, Institute of Technology) as a percentage of the students who were in Year 13 in 2008. Students commencing at USP are not included.
